DETROIT

Expert witness in bankruptcy case costs Detroit over $500,000 **(MLive)**
A Massachusetts financial adviser appointed to serve as the court's expert witness in Detroit's bankruptcy case will be paid $388,515.56 for services provided in May by an eight-person staff, court records show.

Detroit water department now sending shut-off crews to just commercial customers **(Detroit Free Press)**
The Detroit Water and Sewerage Department announced Wednesday that it is intensifying efforts to collect unpaid debts from its delinquent commercial customers.

Bedbugs On Detroit Buses? D-DOT Says Many Systems Nationwide Deal With The Issue **(CBS Detroit)**
It's a situation that is really bugging bus riders — and creating a potentially itchy, scratchy ride in Detroit. Just when riders thought the problem-riddled transit system couldn't get any worse, there's reportedly a bed bug situation.

FLINT

After Detroit, Flint ponders bankruptcy **(Crain's Detroit Business)**
As Detroit struggles to climb out of bankruptcy, another Michigan city with strong ties to the auto industry may be about to fall into the same hole.

Federal judge: Flint's critical financial condition means city can cut retiree health care **(MLive)**
A federal judge is allowing the city of Flint to make changes to health benefits for retirees -- at least for now -- after Flint's top financial advisor claimed the alternative could force the city into bankruptcy.

Another Major City in Michigan on the Verge of Bankruptcy **(Financial Buzz)**
A second major city in Michigan may file for bankruptcy. Flint, Michigan may follow the steps neighboring city Detroit who filed for bankruptcy last year.

MISCELLANEOUS

Protests greet plans to house child migrants in Michigan **(The Detroit News)**
A social services organization says it wants to house some children from Central America at a facility in a small Michigan community, prompting protests at a meeting about the plans.

Governor Snyder Considering Terminating Aramark Contract For MI Prisons **(WLNS)**

The Snyder administration has not made a final decision, but there are indications that the governor is considering terminating a food service contract in the state prison system.

Activist groups complain that Michigan Legislature circumvents petition drives, elections **(Michigan Radio)**
A coalition of activist groups is trying to make an issue of the Legislature passing laws to bypass petition drives and ballot measures.

ELECTION 2014

Michigan Retailers Association Endorses Governor Snyder for Re-Election **(Market Wired)**
Michigan Retailers Association (MRA) today announced the endorsement of Governor Rick Snyder for re-election, pointing to his strong support of retail issues and his keen understanding of the importance of Michigan's retail industry to the state economy.
US Senate election: Terri Lynn Land raises $3.35 million in 3 months; Gary Peters $1.96 million **(MLive)**
Candidates for U.S. Senate in Michigan raised more than $5 million in the second quarter of this year, with former Republican Secretary of State Terri Lynn Land netting more money than Democratic opponent U.S. Rep. Gary Peters.

Detroit Senate Race is Political War **(Michigan Chronicle)**
Name recognition and clout have always paid off in politics regardless of whether the candidates are qualified or not.

OPINION/EDITORIAL

Why Michigan's emergency manager law stirs contempt, lack of cooperation **(MLive)**
When the state's first emergency takeover of Flint ended in 2004, the elected officials who returned to power quickly replaced the department heads who had worked with the state to balance the city's budget.

Tim Skubick: Michigan state superintendent puts laser focus on making charter school authorizers transparent **(MLive)**
Mike Flanagan means business. Last February, the state school superintendent convened a private meeting of charter school authorizers. These are the outfits that research and then license charter schools around the state. Mr. Flanagan was picking up soundings that there was "trouble in River City."

Editorial: No justice for Michigan's juvenile lifers **(Detroit Free Press)**
Two years have passed since the U.S. Supreme Court demanded that criminal courts acknowledge what parents, educators and medical researchers have recognized for decades: that teenagers are more vulnerable to negative influences, less culpable for their criminal impulses, and more susceptible to rehabilitation than the adults with whom they share living quarters in most Michigan prisons.

Michigan schools still largely mediocre **(The Detroit News)**
When students leave their high schools behind, they should be able to face their first college classes with confidence.

DETROIT

Detroit services improving, but neighborhoods slow to see change **(The Detroit News)**
City services are starting to improve one year after Detroit filed the nation's largest municipal bankruptcy. But residents and city officials agree significant work remains to reverse decades of deterioration.

Joe Biden talks deportation after activists disrupt Detroit speech: 'Can you imagine the pain?' **(Mlive)**
Vice President Joe Biden came to Detroit on Thursday with a speech that touched on a wide range of topics, but immigration didn't appear to be one of them, until a group of activists in the crowd forced the issue.

The truth about Detroit's pension woes **(MSNBC)**
Last week, the people of Detroit had to make a devastating decision. Vote for the so-called grand bargain that leads to painful cuts to their modest retirement benefits averaging $19,000 a year, or vote no and run the risk of losing even more.

Rally planned to protest Detroit water shutoffs **(The Detroit News)**
A nurses' organization is planning a rally in downtown Detroit protesting service shutoffs by the city's water department. National Nurses United says the shutoffs pose a public health emergency and that Friday's 1 p.m. event will seek an immediate moratorium on them.

Year after Detroit files for bankruptcy, city further than experts predicted **(WDIV)**
It's been one year since Local 4 broke the news Detroit had filed for Chapter 9 bankruptcy -- the largest city to ever file for municipal bankruptcy protection. A year into the process, Detroit is farther along than virtually every so-called expert predicted.

Detroit Emergency Manager Kevyn Orr: 'I am not gonna miss the public scrutiny' **(Mlive)**
Detroit Emergency Manager Kevyn Orr sounded in a recent interview with a local radio stat that he'll be eager to get out of town once the city's historic municipal bankruptcy proceedings are over in court.

ELECTION 2014

With Gov. Snyder inside, dozens protest outside fundraiser dinner in Bay City for Sen. Mike Green **(Mlive)**
Matt Villaire stood among roughly 50 protestors lining the entrance to the Doubletree hotel and conference center in downtown Bay City on Wednesday to protest outside a $225-per-plate fundraiser for state Sen. Mike Green's re-election campaign.

Schauer closes on Snyder; Peters expands lead over Land for U.S. Senate **(Detroit Free Press)**
The Michigan governor's race has tightened by six points, while the gap has widened by three points in the race for the U.S. Senate, according to a new statewide poll from EPIC-MRA of Lansing.

Campaign spying: Republicans use hidden eyeglass camera to film Mark Schauer campaign fundraiser **(Mlive)**
Video has been released of two Republican party staffers secretly recording a private fundraiser for Mark Schauer, the former Democratic congressman who is challenging Republican Gov. Rick Snyder.

Detroit unveils online absentee-ballot application **(The Tribune)**
Detroit will become Michigan's first municipality to let voters apply online for absentee ballots, a step some other city clerks will take next week in preparation for the 2014 elections.

ARAMARK

Snyder on prison: Are their alternative purposes we can find for the facility? **(The Independent)**
After touring the Forward Corporation and T.R. McTaggart facilities in Standish July 17, Gov. Rick Snyder met with members of the media for a roundtable discussion, where he said he would prefer finding an alternative use for the shuttered Standish Max prison.

Aftermath Complicated If Aramark Contract Is Terminated **(WLNS)**
Discontent over the food supplier contract with the state of Michigan isn't going away and the fate of that contract is still in question. 6 News Nick Perreault says if the state were to sever its contract with Aramark what happens next raises big questions.

How are leaders in Lansing reacting to Aramark problems? **(Michigan Radio)**
Every week, we take a look at what's happening in Michigan politics with Susan Demas, publisher of Inside Michigan Politics, and Ken Sikkema, former Senate Majority Leader and Senior Policy Fellow at Public Sector Consultants.

IMMIGRATION

AR-15-toting Michigan residents rally to halt plans for immigrant depot **(The Washington Times)**
At least 50 people carting weapons, flags and posters expressing anger with the porous border took to Vassar, Mich., streets to rally against a plan to ship some of the illegal minor-aged immigrants to their community.

OSCODA/IOSCO

Governor Snyder Visits Kalitta Air Hanger **(WBKB)**
For the first time in over a decade, a Michigan governor has paid a visit to Iosco County. Governor Snyder was in Oscoda today touring the new Kalitta Air facility currently under construction.

Gov. Snyder tours Forward Corp. and T.R. McTaggart in Standish **(Independent)**
Gov. Rick Snyder toured the Forward Corporation's corporate headquarters, including T.R. McTaggart's production operations, Thursday, July 17. Snyder said he visited the Standish business to recognize the company due to it displaying how entrepreneurship and innovation works, and how successful businesses grow. Snyder was joined on the tour by State Representatives Joel Johnson and Jim Stamas, as well as many staff members.

Snyder tours NE Michigan **(Alpena News)**
Gov. Rick Snyder is a proponent of economic growth and creating jobs, but he knows in order to provide the necessary workforce to interested companies the state needs a larger crop of skilled trade workers. -

Gov. Rick Snyder makes a special Michigan T-shirt during visit to Standish companies **(Mlive)**
Ken MacDonald was the teacher on Thursday morning at T.R. McTaggart in Standish. His student: Gov. Rick Snyder.

LT GOV

Lt. Gov. Brian Calley visits Waterford business **(Oakland Press)**
Lt. Gov. Brian Calley visited a corporation Thursday that began with a few people working the basement of a home on Lotus Lake and has grown to a worldwide business earning $18 million annually in revenue.

IONIA FREE FAIR

Ionia Free Fair underway **(WZZM)**
One of the biggest fairs in West Michigan is underway in Ionia. The Ionia Free Fair Runs through July 26th at the Ionia Fairgrounds.

MISCELLANEOUS

Flint schools may ask state for extension on $20.4 million deficit elimination plan **(Mlive)**
Flint School District Interim Superintendent Larry Watkins told a room full of superintendents from across Genesee County earlier this week that his district wants more time to get out of its $20.4 million deficit.

OPINION/EDITORIAL

Tim Skubick: Legislature reconvenes (kind of) to work for one summer day (kind of) **(Mlive)**

For the unsuspecting tourist who showed up outside the house chambers on Wednesday, there was a sign that read there would be session that day at noon. Technically that was true. Technically.

Our roads are like dental cavities, ignore them and they get bigger (Michigan Radio)

By now coverage of last week's Detroit area flooding has receded. For now, many of us have temporarily forgotten about how bad the potholes were last winter. We are trying, after all, to enjoy the last few days of summer.

MEDC

Survey: Michigan recovery among top in nation (Manufacturing Business Tech Magazine)

An expansive survey of economic activity across the U.S. offers an endorsement of the strength of the Michigan recovery and a boost for the promising prospects for the state's continual business growth.

DETROIT

Report: Detroit and Michigan among best for tech (Detroit Free Press)

Detroit and Michigan are among the top 10 cities and states for tech, according to a new report.

Detroit is on the list of the 10 emerging cities for tech talent and Michigan, that of the top 10 emerging states for tech jobs, CEB, a Virginia-based, publicly-traded consulting company, found.

Detroit Witness Defends Tax Estimates Behind Debt Plan (Bloomberg)
Detroit's leading tax estimator, appearing as part of the city's historic bankruptcy trial, defended the 10-year revenue model used to help justify imposing $7.4 billion in cuts on creditors including bondholders and pensioners.

City lawyers criticize bond insurer of 'distortions,' 'half-truths' in Detroit's bankruptcy case (Detroit News)
A bond insurer on the hook for hundreds of millions of dollars in Detroit's bankruptcy is desperate, underhanded and should apologize for accusing mediators of engineering a "fraudulent" grand bargain to rescue pensioners and preserve city-owned art, the city said late Monday.

Detroit restructuring plan will add jobs in city, tax expert testifies (Detroit News)
The city's restructuring plan would boost employment in Detroit and lead to growth in taxable income, a forecaster said Monday, marking the start of testimony in the city's landmark bankruptcy trial.
Tax forecaster Robert Cline is the city's first witness to testify during a trial that will determine whether Detroit can implement a plan to dump $7 billion in bankruptcy court. Cline is testifying about tax revenue projections for the next decade, data that serves as the cornerstone of Detroit's bankruptcy plan.

Expert predicts Detroit income tax collection rates to increase under plan (Detroit Free Press)
Detroit will collect $204 million more in income taxes in the next 10 years compared to a scenario in which the bankrupt city's restructuring plan is not used, according to testimony today by a tax expert working on behalf of the city.

Detroit opening 2 centers to provide advice, assistance guidelines for flooding victims (Channel 4 Detroit)
Detroit is operating two centers this week to help residents affected by last week's severe flooding find services.The city says the centers will operate for four days, beginning Tuesday. They'll be open from 8 a.m. to 4 p.m.

Federal judge: Detroit water authority deal not imminent (The Detroit News)
The federal judge overseeing negotiations involving the Detroit Water and Sewage Department on Monday said a deal to create a regional water authority is not imminent and that discussions don't include payments to the city's general fund. U.S. District Judge Sean Cox responded to a Detroit News report Monday in which two sources close to the negotiations said a deal could be finished within two weeks. The sources detailed terms of the proposed agreement, under which the authority would pay $50 million a year for 40 years in exchange for acquisition of the water system and its assets.

Detroit Water Fund receives $200,000 in contributions to help residents pay water bills (WXYZ)
United Way's 211c all center has been busier than usual during the past few weeks as Detroit residents take steps to pay their water bills. "If you have an outstanding bill, we'll work with you but you have to take the initiative to come in," said Detroit Mayor Mike Duggan during a press conference at United Way's 211 call center.

Detroit schools plan 10 percent pay cuts, closings (Detroit News)
Teachers and administrators at Detroit Public Schools will see their pay slashed by 10 percent starting Oct. 1 if state education officials approve the district's proposal for offsetting a failed countywide tax millage. The plan, filed with the Michigan Department of Education Wednesday, also calls for the closure of 24 schools or buildings over four years, starting with the 2015-16 academic year.

Detroit Teachers Union Will Fight Pay Cuts 'By Any Means Necessary' (WWJ)
The Detroit teachers union is preparing to enter into a legal battle with the Detroit Public Schools district to prevent a 10 percent wage cut after voters failed to pass a county-wide tax millage.
Keith Johnson, president of the Detroit Federation of Teachers, told WWJ's Charlie Langton he will fight another wage reduction "by any means necessary."

Gov. Snyder Surveys Detroit Flood Damage (WLNS)
Governor Rick Snyder spent most of Monday surveying the damage from devastating floods last week in southeastern Michigan.Thousands of homes were damaged. Homeowners lost almost everything the floodwaters came in contact with.

MISCELLANEOUS

Can anything stop construction of the new bridge to Windsor? (Detroit Free Press)
With a new CEO on board and plans to hire staffers moving ahead, the New International Trade Crossing bridge project enjoys what seems to be a clear road toward opening to traffic around 2020. But in big infrastructure projects like this, no road is ever as smooth as its backers hope.

Few state agencies make the grade (News Radio Wood)
The Michigan State Police and Secretary of State were the only two agencies to get a favorable rating in a University of Michigan survey.

Thousands of kids to get a better start in kindergarten (Detroit Free Press)
Michigan's big investment in a state-funded preschool program will give thousands of additional children a shot at a better start to their education this coming school year.

Bay City Commission does not vote on resolution supporting immigrant children, but protests go on(MLIVE)
Protesters came early and stayed late outside a meeting of the Bay City Commission on Monday, Aug. 18, beating drums, holding signs and brandishing at least one megaphone well past dark.

OPINION/EDITORIAL

Skubick: Lt. Gov. Brian Calley vs. Was Nakigiri (MLive)
The tea party member trying to un-seat Lieutenant Governor Brian Calley says he will not concede the race which is up for grabs soon. Based on voting last week the Calley forces are confident of victory, but as 6 News Capitol Correspondent Tim Skubick tells us the challenger is not tossing in the towel.

Susan J. Demas: Michigan might not have big political debates in 2014. Here's why it matters (MLive)
Rick Snyder and Democrat Mark Schauer might not debate in this year's heated governor's race.
Same goes for the U.S. Senate race between Democrat Gary Peters and Republican Terri Lynn Land.
Let's be honest. Snyder, who's led in most polls, doesn't want to stumble. He's not exactly a smooth orator (as his comparison of his lake house troubles to the massive Detroit flood shows). He also doesn't want to give Schauer, who's still relatively unknown, more exposure.

Editorial: Expand alternative energy with caution (Detroit News)
Lawmakers are considering a package of bills that would expand the state's renewable energy program in several ways, including making it easier for consumers to be compensated for creating their own solar and other forms of alternative power.

Skubick: Lt. Gov. Brian Calley Vs. Wes Nakigiri (WLNS)
The tea party member trying to un-seat Lieutenant Governor Brian Calley says he will not concede the race which is up for grabs soon. Based on voting last week the Calley forces are confident of victory, but as 6 News Capitol Correspondent Tim Skubick tells us the challenger is not tossing in the towel. It's the establishment candidate Brian Calley vs. tea party challenger Wes Nakigiri as he tries to block Calley from being Lt. Governor with Gov. Rick Snyder.

Legislators choose summer vacation over fixing our roads (Oakland Press)

Imagine living in a state where our roads were not such an embarrassment. Imagine driving to work without the fear of blowing a tire because of a massive pothole. That's a state that I — and most Michiganders — want for our communities and us. For over a decade, Laborers' Local 1076 has been encouraging the Michigan Legislature to make finding a permanent, long-term solution to our transportation infrastructure crisis a priority, and it appeared it was finally going to happen.

Editorial: Wolf hunting should continue (Detroit News)
Wolf hunting has proved successful in Michigan. The Legislature should allow it to continue.
The Michigan Senate approved ongoing wolf hunts, and the House should do the same. The time frame is tight. The House must approve the Scientific Fish and Wildlife Conservation Act when it meets in its final summer session Aug. 27. Waiting until the Legislature returns in the fall would be too late.

Detroit bankruptcy reveals 401(k)'s virtues: Column (USA Today)
Detroit's Chapter 9 bankruptcy case is scheduled for trial beginning this Thursday, August 21, when U.S. Bankruptcy Court Judge Steven Rhodes will decide if the city's restructuring plan is fair, legal and feasible.

Bankruptcy restructuring plan may test city pols (Detroit News)
The soft opening Monday of Detroit's landmark bankruptcy trial, scheduled to begin late next week, is coming down to a simple test: Can a restructured city of Detroit, freed from $7 billion in debt, cumbersome labor contracts and bad financial decisions, do what its bankruptcy team says it can for as long as it says it can? And can the city do so under a mayor and the City Council obligated to execute a plan neither drafted, assuming it passes muster of U.S. Bankruptcy Judge Steven Rhodes?

Edsel Ford moves of Priority School list, keeps extra hour of instruction (Press & Guide)
Edsel Ford High School has moved off the state's Priority School list, but must keep changes it made last year after it was ranked as one of Michigan's poorest performing schools, including an extra hour of class most days.

Former Carrollton Superintendent Craig Douglas now leads SVSU charter school office (MLive)
Craig Douglas has stepped from a career as a public school superintendent to a new role overseeing Saginaw Valley State University's charter schools.

Northville school officials tout latest state report cards (Hometown Life)
Northville Public Schools is a high-performing district, said Superintendent Mary Kay Gallagher in citing the Annual Education Report (AER) for the 2013-14 school year, which was released by the district on Monday.

Treasury
Gov. Snyder confirms financial emergency in BHAS (WSJM)
Its official, a financial emergency exists within Benton Harbor Area Schools. Governor Snyder confirmed Tuesday his determination made August 11.

State panel declares financial emergency at Benton Harbor Schools (WKZO)
Governor Rick Snyder is confirming his determination that a financial emergency currently exists in the Benton Harbor Area Schools in southwest Michigan.

LEGISLATIVE NEWS
Sen. Jones' bill to address radioactive waste dumping (Holland Sentinel)
State Sen. Rick Jones, R-Grand Ledge, announced Tuesday that he will introduce legislation to stop companies in other states from dumping their low-level radioactive waste materials in Michigan landfills.

ELECTION 2014
Milliken poised to again endorse Snyder (St. Ignace News)
There's a two-decade-plus gap between their Republican administrations, and much controversy on state issues in the interim, but 1969- 1983 Governor William G. Milliken and current Governor Rick Snyder share many views on a wide range of issues.

Will the real Mark Schauer please stand up? (Detroit News)
The greatest credential for a politician is showing their loyalty to their beliefs. That's how you rally your base, shore up your supporters, and gain credibility amongst the populace.

Michigan GOP braces for tea party showdown (Detroit News)
Michigan Republicans are gearing up for a showdown at their state convention Saturday that could unite the GOP for the general election or embarrass Gov. Rick Snyder by exposing deep ideological divisions. At stake is the renomination of Lt. Gov. Brian Calley, who faces a challenge from Hartland tea party leader Wes Nakagiri over the way Snyder and Calley have governed since voters handed over complete control of state government to Republicans in 2011.

Chief Appeals Court Judge William Murphy seeks Democrats' nod for Michigan Supreme Court seat (MLive)
A second West Michigan judge will try to become the first Grand Rapids-area jurist to sit on the state Supreme Court since World War II. William B. Murphy, the chief judge of the Michigan Court of Appeals and an East Grand Rapids resident, has announced he will seek the Democratic nomination for one of two eight-year terms that will appear on the ballot in November. A third seat with a term that runs through 2017 is also up for grabs.

DETROIT
Detroit Public Schools loan dispute headed to emergency board today (Detroit Free Press)
A dispute over a large loan that would tide Detroit Public Schools over until it receives its state funding is headed today to the state's Emergency Loan Board.

Detroit chief: Comparing city to Ferguson is 'appalling' (USA TODAY)
In the wake of unrest in Ferguson, Mo.,Detroit's police chief praised his department'scommunity relations efforts and defended its use of paramilitary equipment when facing potentially violent suspects.

Police chief: 'Detroit is not the next Ferguson'(MLive)
Police Chief James Craig on Monday said Detroit has better police-community relations than Ferguson, Mo. and comparisons shouldn't be made between instances tensions here and widespread unrest there.

Heavy Rains Bring New Damage, Outages To Metro Detroit (AP)
Powerful thunderstorms hit the Detroit area Tuesday afternoon, and while it was nothing like last week's historic downpour, it was enough to cause damage in several areas.

Detroit and Grosse Pointe Park reach deal to create 'gateway' along the cities' controversial border (MLive)
Grosse Pointe Park and Detroit reached an agreement to remove a controversial farmer's market located along the cities' border and replace it with a "gateway" linking the communities, according to an agreement released Tuesday. Under the agreement, Grosse Pointe Park will open up the intersection at Kercheval and Alter it had closed off with a farmers market. The two cities will work together to create a permanent market that is "visually appealing" for the Kercheval-Alter block, according to the joint statement from Detroit Mayor Mike Duggan and Grosse Pointe Park Mayor Pro Tem Gregory Theokas.

Detroit 'Care' building demolished after lawsuit (Detroit Free Press)
Demolition has begun on an empty five-story building in Detroit that housed the offices of AAA Michigan for decades and prominently featured the word "Care" painted on one wall. Excavators tore down most of the building on Tuesday. The city had sued building owner Triple A Ventures saying it was a public nuisance. A Wayne County judge ordered it be demolished two weeks ago.

MISCELLANEOUS
Michigan Republicans celebrate Gov. Rick Snyder's birthday, one millionth voter contact (MLive)
Gov. Rick Snyder on Tuesday helped the Michigan Republican Party reach an important milestone, and then supporters helped him celebrate a personal milestone of his own.

Gov. Snyder to attend grand opening for Michigan Republicans' new Ann Arbor-area office Tuesday (MLive)
The Michigan Republicans will celebrate their one-millionth voter contact of the midterm election cycle Tuesday, Aug. 19, as it opens its new Ann Arbor in the Glencoe Crossing shopping plaza next to the Starbucks Coffee on Washtenaw Avenue.

OPINION/EDITORIAL
Not happy times (Midland Daily)
I would like to comment on a letter to the editor by Jennifer Gallegos from Friday, Aug. 8, in which she thanked Gov. Rick Snyder and stated, "Our state is better off under Snyder than we were during the Lost Decade under Gov. Jennifer Granholm."

Gov. Snyder is no George Wallace (Detroit News)
If it's hard for you to think of mild-mannered, former business executive Gov. Rick Snyder in the mold of erstwhile racist southern politician George Wallace, that might be an indication that you have a functioning brain.

With great police firepower comes great responsibility (Detroit Free Press)
Dundee police have a mine-resistant ambush vehicle. Barry County has not one, but five, grenade launchers.

Reimagining Detroit: 5 policy questions that should be resolved in short order (Detroit Free Press)
Detroit has come a long way in the past year to fix at least some of its problems. It has attacked blight in creative ways and, through its bankruptcy case, taken strides to mend its broken municipal budget.

Who should run Detroit's schools (Detroit News)
School choice, at least in the form of charter and traditional public schools, is spreading rapidly in Detroit. And while that's a promising development for families in the city, the exponential expansion of new schools has led to some growing pains.

Republicans have a plan to create jobs (Detroit News)
Our country has long been predicated on and flourished under the belief that a good, honest day's work brings success. As many families continue to struggle under one of the slowest economic recoveries in decades, we are reminded daily that America can't work if enough Americans aren't working. We need a healthy economy that grows all types of jobs — salaried, hourly, full-time or part-time — and reflects the diversity of our country's workers and workforce needs.

The battle for the Michigan GOP (Detroit News)
The tussle between Michigan Republicans over the re-nomination of Lt. Gov. Brian Calley may be getting the headlines, but it is little more than a proxy war for control of the GOP.

How to help grow Detroit (Detroit News)
In today's global economic, social and technological reality, the path to opportunity is not linear. The goal of any urban center is setting the foundation for long-term economic prosperity that will advance social equity, promote cultural expression, and establish financial stability.

Common sense health care reforms can save billions (MLive)
According to the Organization for Economic Co-operation and Development, the United States has health outcomes similar to if not worse than other developed countries. But we outspend them on health care by a two-to-one margin, spending over 17% of our GDP. We are not getting great value for our high health spending.

Susan J. Demas: Michigan might not have big political debates in 2014. Here's why it matters (MLive)
GOP Gov. Rick Snyder and Democrat Mark Schauer might not debate in this year's heated governor's race.

Guest editorial: Include LGBT protections in state civil rights law (Petoskey News Review)
The election is over and so, too, is the infighting among Republicans trying to win over conservative voters.Now, the Legislature should confront the issues it failed to resolve before campaign season took hold a couple months ago.

Schauer campaign: the law is "frivolous and meritless" (Detroit News)
Michigan families recently saw yet another example of the culture of low character stemming from Mark Schauer's campaign for governor. This latest example of delinquency reinforces the lengths Mark Schauer will go to in order to win – even if it means breaking the law.

Ken Braun: Michigan Democrats sell college tuition giveaway with snake oil financing (MLive)
It is unlikely Democratic gubernatorial candidate Mark Schauer and his party will reverse Republican control of either the Legislature or the governor's mansion this year. But if Democrats did pull off the hat trick and take over the Michigan House, Senate and Office of the Governor this November, they would use the opportunity to enact fundamental changes to state government.

State panel declares financial emergency at Benton Harbor Schools (WKZO)
Governor Rick Snyder is confirming his determination that a financial emergency currently exists in the Benton Harbor Area Schools in southwest Michigan.

Benton Harbor schools in state of financial emergency (MINews 26)
A downstate school district has been declared to be in a state of financial emergency and the state is now stepping in.

LEGISLATIVE NEWS
County ORV rules need some adjusting (Huron Daily Tribune)
Flaws in implementing two county ordinances means an amendment to the off-road vehicle ordinance may be curbed and another will need re-drafting. In June, the county made an amendment to a 2010 off-road vehicle (ORV) ordinance allowing ORVs to travel on state highways. But in July, commissioners said residents would be fined if they operate on any of the county's four M-highways, because the amendment did not comply with state regulations.

ELECTION 2014
It's OK to support a candidate even if you don't agree with their every position (Michigan Radio)
Both major political parties have their state conventions this week. Republicans are meeting in Novi; Democrats in Lansing.

Democratic convention: A rally for November (Detroit Free Press)
State Democrats will gather this weekend to formally nominate their statewide ticket of candidates and officially kick off what is sure to be a raucous general election season. And while it isn't expected to have the same drama forecast for the Republican state convention in Novi, where there is a battle between tea party and establishment wings of the GOP, there still is one unresolved slot on the ticket.

State GOP convention features fight over Snyder's running mate (Detroit Free Press)
Who will be Gov. Rick Snyder's running mate will be the major issue to settle when mainstream and tea party elements of the Michigan Republican Party lock horns Saturday at the state party convention in Novi.

With tea party challenge looming, Snyder calls Calley 'best' lieutenant governor in nation (MLive)
Michigan Gov. Rick Snyder won't have final say in his own running mate, but he's urging Republican delegates to back Lt. Gov. Brian Calley's renomination at this weekend's state party convention.

U.S. Rep. Gary Peters, with Sen. Debbie Stabenow, makes campaign stop at Bay County restaurant (MLive)
U.S. Sen. Debbie Stabenow had some big compliments for Bay City during an area visit on Wednesday, Aug. 20, with U.S. Rep. Gary Peters."The best Fourth of July fireworks in the state are in Bay City," she said, noting that she's a Clare native.

"And I have to be careful, because Clare does a St. Patrick's Day Parade … but it is tough to beat Bay City's St. Patrick's Day Parade."

No fireworks expected at Democratic convention (Lansing State Journal)
State Democrats will gather this weekend in Lansing to nominate their slate of candidates and officially kickoff what is sure to be a raucous general election season.And while it isn't expected to have the same drama forecast for the Republican state convention in Novi, there still is one unresolved slot on the ticket.

High court hopeful's abortion stance stirs up Mich. Democrats before convention (Detroit News)
A decision by Court of Appeals Chief Judge William Murphy to run for the Michigan Supreme Court has stirred up opposition from pro-abortion rights forces ahead of this weekend's Democratic state convention.

Flint City Council members say state looking to transition back to local control in April 2015 (Mlive) Emergency manager Darnell Earley could leave Flint by April 2015, according to a plan state Department of Treasury officials reviewed in private meetings with City Council members Wednesday, Aug. 20.

Court to hear arguments in case of married gay couples suing Michigan for recognition (MLive)
U.S. District Judge Mark A. Goldsmith will hear arguments Thursday in alawsuit filed in April by eight same-sex couples who were denied spousal benefits after they were legally married March 22.

Strange bedfellows: Genesee County clerk on same side of marriage lawsuit as Snyder, Schuette (MLive)
Five months ago, Genesee County Clerk John Gleason said he was going to listen to the courts, not the state attorney general, and issue same-sex couples marriage licenses if a court overturned the state's ban on same-sex marriages.

Warren mayor sues to stop Prop 1 (Detroit News)
Warren Mayor Jim Fouts didn't simply threaten to sue after Proposition 1 was approved by 69 percent of Michigan primary voters. He sued.

OPINION/EDITORIAL

Resignation puts Gov. Rick Snyder in poor light (Port Huron Times Herald)
The best that can be said about Scott Woosley's resignation last week is it was quick and relatively painless. Woosley voluntarily left his $135,000-a-year position as executive director of the Michigan State Housing Development Authority. That saved Gov. Rick Snyder the trouble of having to fire him.

Finley: Court deal may take heat out of election (Detroit News)
For the first time in 16 years, the state Supreme Court races on Michigan's fall ballot may be lightly battled, low-key affairs.

Detroit newcomers get tax credits, old timers get water shutoffs (Bridge Magazine)
Right now Detroit is a focal point for national media coverage, as rapid development puts the symbol of America's economic decline in a light of restoration. New storefronts open in once-abandoned buildings, restaurants offer exotic cuisines from Spanish tapas to vegan, and plans are announced to build new housing downtown.

Tim Skubick: Tea party's Wes Nakagiri: Backers below the radar to help in his challenge to Calley (Mlive)
It's the proto-typical David vs. Goliath battle and if the popular wisdom is correct Wes Nakagiri will not be able to "stone" Brian Calley to a political death this Saturday.

GOVERNOR'S ACTIVITIES

Southeast Michigan flooding

Macomb County flooding damage tops $300 million (Macomb Daily)
The Aug. 11 thunderstorm that dumped between 2 inches and more than 5 inches of rain across Macomb County caused more than $300 million in damages, according to the latest assessment of the storm's impact.

Federal Money Promised, With Flood Damage Numbers Still Pouring In (WWJ/CBS Detroit)
Federal money will be coming to Michigan to help pay for road repairs that resulted from last week's massive flooding.The Department of Transportation is giving $750,000 to the Michigan Department of Transportation to help in recovery and roadway repairs. Not only were five freeways closed, but several surface streets were damaged, as well.

Metro Detroit to get $750K to repair roads, bridges damaged by flooding (Detroit News)
The U.S. Department of Transportation gave $750,000 in emergency relief money to Michigan on Wednesday to help pay for repairing Metro Detroit roads and bridges damaged Aug. 11 by rain and flooding.

Metro Detroit Residents Frustrated By Flood Debris (WWJ/CBS Detroit)
Some residents are unhappy that they are still are waiting for debris to be removed a week after floodwaters ravaged parts of the Detroit area. Sarah Mountain, 32, said she and her family are staying inside their Huntington Woods home "because it is so unhealthy outside."

Lt. Gov.

With tea party challenge looming, Snyder calls Calley 'best' lieutenant governor in nation (MLive)
Michigan Gov. Rick Snyder won't have final say in his own running mate, but he's urging Republican delegates to back Lt. Gov. Brian Calley's renomination at this weekend's state party convention.

DEPARTMENT NEWS

DEQ

Flint discharging raw sewage into Flint River after pump station power outage (Flint Journal)
The city was discharging raw sewage into the Flint River today, Aug. 20, after a power outage knocked out electricity that powers a primary pump station, according to the Michigan Department of Environmental Quality.

Berkley, Royal Oak residents watch as trash continues to pile up (Observer & Eccentric)
Basements throughout Royal Oak and Berkley were hauled to the curb last week as residents attempted to clean up following the devastating flood.

DNR

Michigan DNR assists Western firefighting teams (Detroit Free Press)
The Michigan Department of Natural Resources says 31 of its employees are helping contain Western wildfires.

32 DNR staff members sent for wildfire suppression efforts (Up North Live)
Employees from the Michigan Department of Natural Resources decided to help in the fire suppression efforts as blazes travel through Oregon, Idaho and Washington State.

MDE

Detroit Public schools emergency loan and deficit reduction plan approved (Detroit Free Press)
The state's Emergency Loan Board approved a $111 million loan to financially troubled Detroit Public Schools today, the same day the Michigan Department of Education approved the district's deficit-reduction plan, which could lead to more school closures and another wage cut for school employees.

Parents concerned after state approves Detroit Public Schools deficit elimination plan (WXYZ)
The state has approved the Detroit Public School's deficit elimination plan.

Pay cuts, school closures, steeper student losses on way, DPS plan shows (Detroit Free Press)
Over the next few years, Detroit Public Schools will have fewer students and larger annual deficits than what officials projected just four months ago, according to new documents filed with the state.

School closings, pay cuts for teachers could be on horizon for Detroit district (WDIV)
Detroit teacher salaries would be cut by 10 percent on Oct. 1 if state education officials approve a school district proposal -- a cut the teachers union plans to fight.

MEDC

More than 5 million people tune in for Pure Michigan 400 at MIS (MLive)
An estimated 5.15 million people watched ESPN's coverage of the NASCAR Sprint Cup Series Pure Michigan 400 at Michigan International Speedway on Sunday, Aug. 17.

Anchor Coupling expands in Menominee (UP Growth News)
Anchor Coupling in Menominee will be expanding into a next-door building, which means more jobs and more production.

Investor pool plans $40M Pontiac redevelopment (Crain's Detroit Business)
Sometimes it actually does take a village to raise a child. In this case, the child is downtown Pontiac, and the village is a group of more than 50 private investors, entrepreneurs and Pontiac supporters who are forming an investment pool to spend between $40 million and $50 million on a series of redevelopment projects for the historic but underused area being rebranded as Indian Hill.

Michigan to host MiVirtual Career Fair (Fox Detroit)
Job seekers and Michigan employers can connect with each other through a state-sponsored virtual career fair on Wednesday, August 27 from 10 a.m. to 4 p.m. Pure Michigan Talent Connect's MiVirtualCareerFairs bring together Michigan employers and talent from across the state and the globe in an online, virtual environment.

SE Michigan job demand up nearly 50 percent from last year (Oakland Press)
Southeast Michigan second quarter 2014 job demand has increased by nearly 50 percent from 72,912 online job postings in Q2 2013 to 106,927 online job postings in Q2 2014 – this data compiled by the Workforce Intelligence Network of Southeast Michigan (WIN) for its 2nd quarter market report.

Treasury

State treasury saying little about one-on-one meetings with Flint City Council members (MLive)
A spokesman for the Michigan Department of Treasury says state officials plan to meet with individual members of the Flint City Council today, Aug. 20, but is saying little else about the one-on-one sessions.

DPS to get bridge loan; Benton Harbor schools in financial emergency (Michigan Radio)
A state loan board will choose between two competing proposals to give a short-term bridge loan to the Detroit Public Schools. One is from the district's emergency manager. The other is an alternative proposed by the school board.

State panel declares financial emergency at Benton Harbor Schools (WKZO)
Governor Rick Snyder is confirming his determination that a financial emergency currently exists in the Benton Harbor Area Schools in southwest Michigan.

Benton Harbor schools in state of financial emergency (MINews 26)
A downstate school district has been declared to be in a state of financial emergency and the state is now stepping in.

LEGISLATIVE NEWS

County ORV rules need some adjusting (Huron Daily Tribune)
Flaws in implementing two county ordinances means an amendment to the off-road vehicle ordinance may be curbed and another will need re-drafting. In June, the county made an amendment to a 2010 off-road vehicle (ORV) ordinance allowing ORVs to travel on state highways. But in July, commissioners said residents would be fined if they operate on any of the county's four M-highways, because the amendment did not comply with state regulations.

ELECTION 2014

It's OK to support a candidate even if you don't agree with their every position (Michigan Radio)
Both major political parties have their state conventions this week. Republicans are meeting in Novi; Democrats in Lansing.

Democratic convention: A rally for November (Detroit Free Press)
State Democrats will gather this weekend to formally nominate their statewide ticket of candidates and officially kick off what is sure to be a raucous general election season. And while it isn't expected to have the same drama forecast for the Republican state convention in Novi, where there is a battle between tea party and establishment wings of the GOP, there still is one unresolved slot on the ticket.

State GOP convention features fight over Snyder's running mate (Detroit Free Press)
Who will be Gov. Rick Snyder's running mate will be the major issue to settle when mainstream and tea party elements of the Michigan Republican Party lock horns Saturday at the state party convention in Novi.

With tea party challenge looming, Snyder calls Calley 'best' lieutenant governor in nation (MLive)
Michigan Gov. Rick Snyder won't have final say in his own running mate, but he's urging Republican delegates to back Lt. Gov. Brian Calley's renomination at this weekend's state party convention.

U.S. Rep. Gary Peters, with Sen. Debbie Stabenow, makes campaign stop at Bay County restaurant (MLive)
U.S. Sen. Debbie Stabenow had some big compliments for Bay City during an area visit on Wednesday, Aug. 20, with U.S. Rep. Gary Peters."The best Fourth of July fireworks in the state are in Bay City," she said, noting that she's a Clare native. "And I have to be careful, because Clare does a St. Patrick's Day Parade ... but it is tough to beat Bay City's St. Patrick's Day Parade."

No fireworks expected at Democratic convention (Lansing State Journal)
State Democrats will gather this weekend in Lansing to nominate their slate of candidates and officially kickoff what is sure to be a raucous general election season.And while it isn't expected to have the same

drama forecast for the Republican state convention in Novi, there still is one unresolved slot on the ticket.

High court hopeful's abortion stance stirs up Mich. Democrats before convention (Detroit News)
A decision by Court of Appeals Chief Judge William Murphy to run for the Michigan Supreme Court has stirred up opposition from pro-abortion rights forces ahead of this weekend's Democratic state convention.

DETROIT

Should Detroit Mayor Mike Duggan oversee Detroit public Schools? (WDET)
Should Detroit Mayor Mike Duggan oversee Detroit Public Schools? Would that be a solution to improving the school district? We talk with Excellent Schools Detroit's Dan Varner and Bridge Magazine reporter Chastity Pratt Dawsey.

Detroit $5.5 bln bond sale readied as bond tender looms (Reuters)
Underwriters for up to $5.5 billion of Detroit water and sewer revenue bonds released preliminary sale documents for the deals late on Tuesday as a tender offer for existing bonds continues.

Detroit bankruptcy trial delayed; city details water bond refinancing plan (Detroit News)
U.S. Bankruptcy Judge Steven Rhodes on Wednesday delayed the start of the city's bankruptcy trial until Sept. 2, hours before the city filed an updated debt-cutting plan that incorporated a previously announced agreement with creditors.

Detroit school district chose pay cuts, school closures over layoffs (MLive)
A decision to cut staff wages by another 10 percent and close another 24 schools by the end of 2019 was the best alternative to large-scale layoffs, a Detroit Public Schools spokesperson said Wednesday.

State approves loan for Detroit Public Schools requested by emergency manager (Michigan Radio)A state emergency loan board agreed to lend the Detroit Public Schools $111 million to make up for a funding shortfall, on the same day state schools superintendent Mike Flanagan approved the district's new deficit elimination plan.The state expects to lend about 200 school districts money to help them start the school year. That is normal in Michigan, which doesn't send its first school aid payments until October.

About 25 percent of Detroit's water and sewer bonds tendered so far (Reuters)
Just over a quarter of Detroit's $5.2 billion of outstanding water and sewer revenue bonds were returned to the city for repurchase on Wednesday, 24 hours before the tender offer was due to expire.

Dearborn plant worker slaps Ford, UAW with federal charges for illegal dues deductions (Press and Guide)
A Dearborn-area Ford Motor Company worker has filed federal charges against the United Auto Workers union and the company for violating his rights.With free legal assistance from National Right to Work Foundation staff attorneys, Todd Lemire, a 16-year Dearborn Tool & Die plant worker, filed the charges last week with the National Labor Relations Board, according to a Foundation news release.

MISCELLANEOUS

Flint City Council members say state looking to transition back to local control in April 2015 (Mlive)
Emergency manager Darnell Earley could leave Flint by April 2015, according to a plan state Department of Treasury officials reviewed in private meetings with City Council members Wednesday, Aug. 20.

Court to hear arguments in case of married gay couples suing Michigan for recognition (MLive)
U.S. District Judge Mark A. Goldsmith will hear arguments Thursday in alawsuit filed in April by eight same-sex couples who were denied spousal benefits after they were legally married March 22.

Strange bedfellows: Genesee County clerk on same side of marriage lawsuit as Snyder, Schuette (MLive)
Five months ago, Genesee County Clerk John Gleason said he was going to listen to the courts, not the state attorney general, and issue same-sex couples marriage licenses if a court overturned the state's ban on same-sex marriages.

Warren mayor sues to stop Prop 1 (Detroit News)
Warren Mayor Jim Fouts didn't simply threaten to sue after Proposition 1 was approved by 69 percent of Michigan primary voters. He sued.

OPINION/EDITORIAL

Resignation puts Gov. Rick Snyder in poor light (Port Huron Times Herald)
The best that can be said about Scott Woosley's resignation last week is it was quick and relatively painless. Woosley voluntarily left his $135,000-a-year position as executive director of the Michigan State Housing Development Authority. That saved Gov. Rick Snyder the trouble of having to fire him.

Finley: Court deal may take heat out of election (Detroit News)
For the first time in 16 years, the state Supreme Court races on Michigan's fall ballot may be lightly battled, low-key affairs.

Detroit newcomers get tax credits, old timers get water shutoffs (Bridge Magazine)
Right now Detroit is a focal point for national media coverage, as rapid development puts the symbol of America's economic decline in a light of restoration. New storefronts open in once-abandoned buildings, restaurants offer exotic cuisines from Spanish tapas to vegan, and plans are announced to build new housing downtown.

Tim Skubick: Tea party's Wes Nakagiri: Backers below the radar to help in his challenge to Calley (Mlive)
It's the proto-typical David vs. Goliath battle and if the popular wisdom is correct Wes Nakagiri will not be able to "stone" Brian Calley to a political death this Saturday.

Subject: Urgent: Flint stuff

Ok, here's the plan we must follow. Every purchase we make on behalf of DTMB or any other agency must be approved by Chris Christensen (our SEOC rep.) in advance. Chris will ensure that we don't create a situation where multiple departments pull the trigger on the same expenditure. I have communicated this plan to Shawn Sible (MSP) and Nancy Duncan (SBO).

Chris, if you have any concerns, please call me.

Brom, Phil, Natalie—My understanding is there is a PO for $4.3 million for water filters and cartridges pending funding approval. Nancy indicated DTMB has agreed to pay for this per David; however, she has a slight preference that DHHS pay for it to keep DTMB from being another line item on the supplemental. Phil, are you the right person to take the lead to identify the funding source so that the PO can be released?

Thanks, everyone!

Hello Chris. I am cc Jeff Wellman and Jeff Brownlee on this email as well.

I will have an answer for you today.

My short answer is no problem - we need to make sure we purchase the necessary items for Flint. That said, I would like Phil, Jeff, Jeff and Brom to work with you to ensure we are doing everything the right way from the right funds.

Thoughts?

David

On Jan 15, 2016, at 6:28 PM, Christensen, Chris (DTMB) <christensenc4@michigan.gov> wrote:

Evening update WITH QUESTIONS!

- Lt. Governor Calley visited the SEOC during today's briefing to thank everyone for their efforts and said that tension levels in Flint have lowered, this allows the state to start working on long term recovery efforts
- Red Cross will begin providing food Saturday to all volunteers beginning Saturday
- 3,208 homes have been visited as of this note
- DHHS conducted a short presentation on stress relief at the SEOC

- At time of briefing the following numbers are available for state employee volunteers: 64 Saturday, 84 Sunday and 100 Monday
- DTMB security coordinator notified that traffic at the state laboratory will increase beginning Saturday
- Guard has 34 soldiers are on active duty in the City of Flint
- DTMB assisted in procuring another 30,000 water filters and faucet units for Saturday delivery
- Capt. reminded key agencies (DTMB is one) that personnel must be present at SEOC during operation hours

DTMB resource requests include:

- Leased warehouse space for supply distribution
- Credentialing badges for volunteers
- Located JIC in Flint State Office Building with equipment
- SMART devices for water response teams (60)
- Procurement of trucks, water, water filters, cartridges and plumbing supplies for pilot water program
- Printing and delivery of water analysis test forms and informational palm cards
- Seven drivers with trucks transporting supplies throughout the city through Tuesday, January 19
- Temporary fuel cards
- 500 rain ponchos
- 40 yard dumpster for use at the warehouse
- Survey Monkey 1-month subscription for employee volunteer survey

DEQ asked DTMB about purchasing of water kit supplies once the allotted funding they received in October is reached. Who in finance do I need to reach out to to discuss?

I also need to understand if there any problems with DTMB purchasing things for Flint.

Thanks Chris

MEMORANDUM

TO: Chief Financial Officers and Human Resource Directors
All State Agencies

FROM: Michael J. Moody, Director
Office of Financial Management

SUBJECT: Flint Water Expenditure and Activity Tracking

In order to facilitate the tracking and monitoring of expenditures and activity related to the Flint water emergency, the Office of Financial Management (OFM) has established the following coding and processes. The coding and processes described in this memo will be used to track expenditures in MAIN and state employee activity in DCDS. Separate instructions regarding the tracking of outputs related to the Flint water emergency will be forthcoming.

Expenditure of Funds Appropriated in Public Act 3 of 2016

OFM has established a line item appropriation number (88500) that will be used for all appropriations included in Public Act 3 of 2016 (HB 5520). Each affected agency is responsible for submitting Electronic Budget Adjustment (EBA) documents using the appropriation number established by OFM and providing the necessary D23 coding for the funding source(s) identified in the appropriation act.

In addition to the submitting EBA documents, affected agencies must establish and use Program Cost Account (PCA) coding in MAIN to specify which of the activities identified in the appropriation act boilerplate are supported by expenditures. Each of the established PCA codes must include multipurpose code FNT-WTR. OFM will contact affected agencies within the next week to discuss establishment and use of the needed PCA codes in more detail.

Please note that these instructions apply only to funds appropriated in Public Act 3 of 2016. Additional instructions will be issued when future appropriations related to the Flint water emergency are enacted.

Expenditure of Other Funds

OFM has established MAIN multipurpose code FNT-WTR to be used by agencies to track expenditures of funds not appropriated in Public Act 3 of 2016 that are related to the Flint water emergency. FNT-WTR is a statewide multipurpose code that is available for use with any PCA code.

If your agency already uses multipurpose code in a manner that conflicts with using it as described above, please contact OFM as soon as possible to discuss alternative methods for tracking.

Tracking Time and Activity in DCDS

OFM has established a DCDS activity code (FDWP) that affected state employees should use to record the amount of time spent on activities related to the Flint water emergency. The activity code will be used to track employee hours devoted to activities related to the Flint water emergency. It is separate from and will have no impact on the expenditure tracking that will occur in MAIN. If employees are not familiar with the DCDS activity reporting process, the reporting is done biweekly on the "Activity" tab of the DCDS timesheet.

If you have questions regarding this memo, please contact Lora Mikula at 373-0447 or MikulaL@michigan.gov.

Subject: RE: Mandatory Meeting - DTMB Custodians of Correspondence Related to Flint

Please note the attached document has been updated. Please discard the previous version. A paper copy will be provided to you at the meeting.

-----Original Appointment-----
From: Longanbach, Janelle (DTMB) On Behalf Of DTMB-Directors-Office
Sent: Wednesday, February 17, 2016 1:21 PM
Subject: Mandatory Meeting - DTMB Custodians of Correspondence Related to Flint
When: Thursday, February 18, 2016 2:00 PM-3:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: Ottawa Builidng - Upper Level – Conference Room 4 OR Call-in: 866-390-1828 access code: 1842654

Please note this meeting can be attended in person or via conference call-in. Location and Dial in information are provided below.

<< File: All DTMB Custodians of Correspondence Related to Flint.pdf >> *This attachment was updated 2/18/16

*See agenda below

Requested By:
DTMB Executive Staff

Location:
Ottawa Building
Upper Level – Conference Room 4
611 W. Ottawa Street
Lansing, MI 48933

Call-in: 866-390-1828
Access code: 1842654

Security:
Please have your State Employee ID showing at all times.

Parking:
Metered parking is available along Ottawa and Pine street.

Briefing:
In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Agenda
Kickoff – Brom Stibitz, Chief Deputy Director Why you are here – Jean Ingersoll, Interim Chief of Staff What you need to do (February 22, 2016 deadline) – Jean What will be done for you – Jean What's next – Jean Public Information Reminder

– Caleb Buhs, Public Information Officer Questions and Answers - Group

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 18, 2016

TO: All DTMB Custodians of Correspondence Related to Flint

FROM: Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

SUBJECT: Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Microsoft 365 – Outlook (*includes emails, calendar items) and OneDrive*

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

Network Drives

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians do *not* need to independently conduct a network drive search for the search terms below.

Non-Network Drives – *includes hard drives, desktop, and thumb/flash drives*

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

Paper Files

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

Home Computer

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

Conclusion

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

- FOIA Checklist
- Attachment 1 – Search Guidance

Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word.* For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

Search Terms:

- ☐ "Legionnaire"
- ☐ "Legionella"
- ☐ "boil water order" & "Flint"
- ☐ "coli" & "Flint"
- ☐ "bacteria" & "Flint"
- ☐ "microb" & "Flint"
- ☐ "TTHM" & "Flint"
- ☐ "Lead" & "Flint"
- ☐ "emergency" & "Flint"
- ☐ "Karegnondi"
- ☐ "Genesee County Health Department"
- ☐ "Flint" & "utilities"
- ☐ "Lead and Copper Rule"
- ☐ "Detroit Water and Sewerage Department" & "Flint"
- ☐ "DWSD" & "Flint"
- ☐ "Flint River"
- ☐ "Pb" & "water"
- ☐ "KWA"
- ☐ "Flint" & "water"

Search conducted on the email account of: _____

By (your name): _____

Date completed: _____

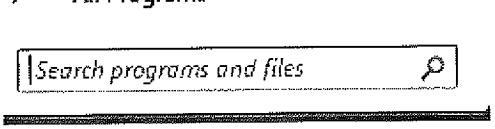
Please return this completed Checklist to DTMB Director's Office staff by Monday, February 22, 2016, at DTMB@michigan.gov, or Directors Office, Cass Building, Second Floor

APPENDIX 1 – Search Guidance

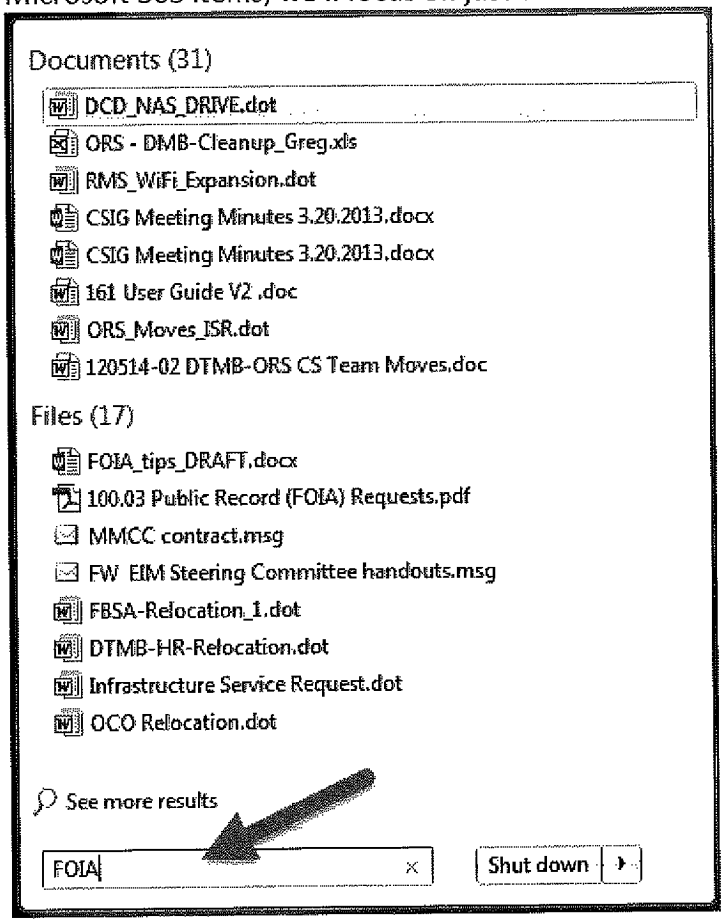
Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it

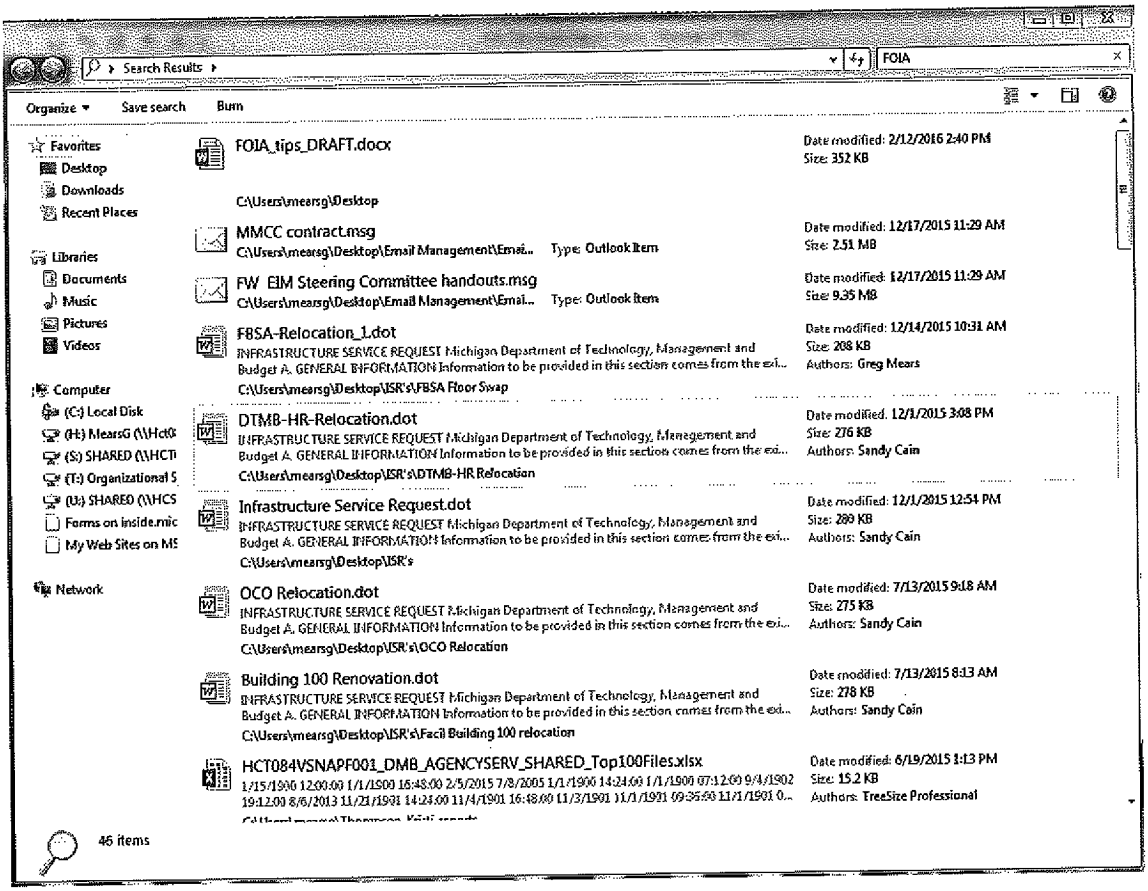


This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.



You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form.
You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.



As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.

Please note this meeting can be attended in person or via conference call-in. Location and Dial in information are provided below.

All DTMB Custodians of Correspondence Related to Flint.pdf *please see agenda below

Requested By:

DTMB Executive Staff

Location:

Ottawa Building
Upper Level – Conference Room 4
611 W. Ottawa Street
Lansing, MI 48933

Call-in: [redacted]
Access code: [redacted]

Security:

Please have your State Employee ID showing at all times.

Parking:

Metered parking is available along Ottawa and Pine street.

Briefing:

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Agenda

1. Kickoff – Brom Stibitz, Chief Deputy Director
2. Why you are here – Jean Ingersoll, Interim Chief of Staff
3. What you need to do (February 22, 2016 deadline) – Jean
4. What will be done for you – Jean
5. What's next – Jean
6. Public Information Reminder – Caleb Buhs, Public Information Officer
7. Questions and Answers - Group

STATE OF MICHIGAN

RICK SNYDER
GOVERNOR

DEPARTMENT OF TECHNOLOGY, MANAGEMENT & BUDGET
LANSING

DAVID B. BEHEN
DIRECTOR

February 17, 2016

TO: All DTMB Custodians of Correspondence Related to Flint

FROM: Jean Ingersoll, Interim Chief of Staff to David B. Behen, Director and CIO

SUBJECT: Flint Document Production – Search Terms and Guidance

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. **As a custodian, you are required to produce any documents containing the search terms listed below, no later than Monday, February 22, 2016.** This memorandum contains detailed instructions for the process of identifying, compiling, scanning, and copying the necessary information.

Microsoft 365 – Outlook (*includes emails, calendar items) and OneDrive*

DTMB staff will centrally coordinate the Microsoft 365 search for all of DTMB's custodians. Therefore, DTMB's custodians *do not need to independently search any of their Microsoft 365 applications* for the search terms listed below.

Network Drives

Similar to the approach outlined above, DTMB staff will centrally coordinate the network drive search effort for all DTMB custodians. Custodians do *not* need to independently conduct a network drive search for the search terms below.

Non-Network Drives – *includes hard drives, desktop, and thumb/flash drives*

For all non-network drive types, ***each custodian will need to search every search term listed below in every non-network format, and move all relevant/related documents in to a network drive for collection. In order to move items to the network, you must be connected to the network.***

Start by conducting the search of all non-network drives, filling out the attached search term checklist as you go. If you need guidance as to how to perform this search, a step-by-step guide is included below in Appendix 1.

All relevant/responsive items that are produced as a result of your search need to be moved to a network drive. You can move your relevant/related documents to a network drive in whatever format the document is currently in. After the February 22, 2016, deadline, DTMB staff will access the network drives to collect the files.

Paper Files

Review all applicable paper files. Scan any relevant/related documents, and save them to a network drive, as described above. If this is not possible, you may provide hard copies of documents to Jean Ingersoll in the Director's Office. These documents must be received in the Director's Office by February 22, 2016, and will not be returned to you.

Home Computer

Any relevant e-mails or other documents on a personal computer also are subject to this request. Please check your personal computer for any e-mails or other documents relating to this search. If you discover any relevant/related documents, please include the phrase "personal computer" in the file name, and save them to the aforementioned network drive.

Conclusion

Thank you for your cooperation in complying with this request. Should you have any questions, please contact Jean Ingersoll at 1-8844.

- Attachment 1 – Search Guidance

Search Term Checklist

In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to search and copy all items that you identify to a DTMB network drive, as described above.

Please complete your search no later than close of business on Monday, February 22, 2016. Relevant/related items from the past 10 years should be included.

You should search for *each term exactly as it is shown below, and include quotation marks around each separate word.* For example, "Legionnaire", "Legionella", or "Flint" would all go into search fields. After you complete a search term, check the box beside the term.

Search Terms:

- ☐ "Legionnaire"
- ☐ "Legionella"
- ☐ "boil water order" & "Flint"
- ☐ "coli" & "Flint"
- ☐ "bacteria" & "Flint"
- ☐ "microb" & "Flint"
- ☐ "TTHM" & "Flint"
- ☐ "Lead" & "Flint"
- ☐ "emergency" & "Flint"
- ☐ "Karegnondi"
- ☐ "Genesee County Health Department"
- ☐ "Flint" & "utilities"
- ☐ "Lead and Copper Rule"
- ☐ "Detroit Water and Sewerage Department" & "Flint"
- ☐ "DWSD" & "Flint"
- ☐ "Flint River"
- ☐ "Pb" & "water"
- ☐ "KWA"

Search conducted on the email account of: _____

By (your name): _____

Date completed: _____

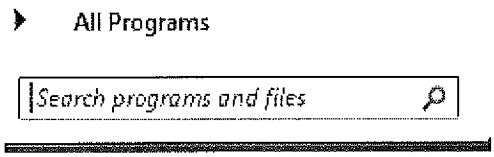
Please return this completed Checklist to DTMB Director's Office staff by February 22, 2016, at DTMB@michigan.gov, or
Directors Office, Cass Building, Second Floor

APPENDIX 1 – Search Guidance

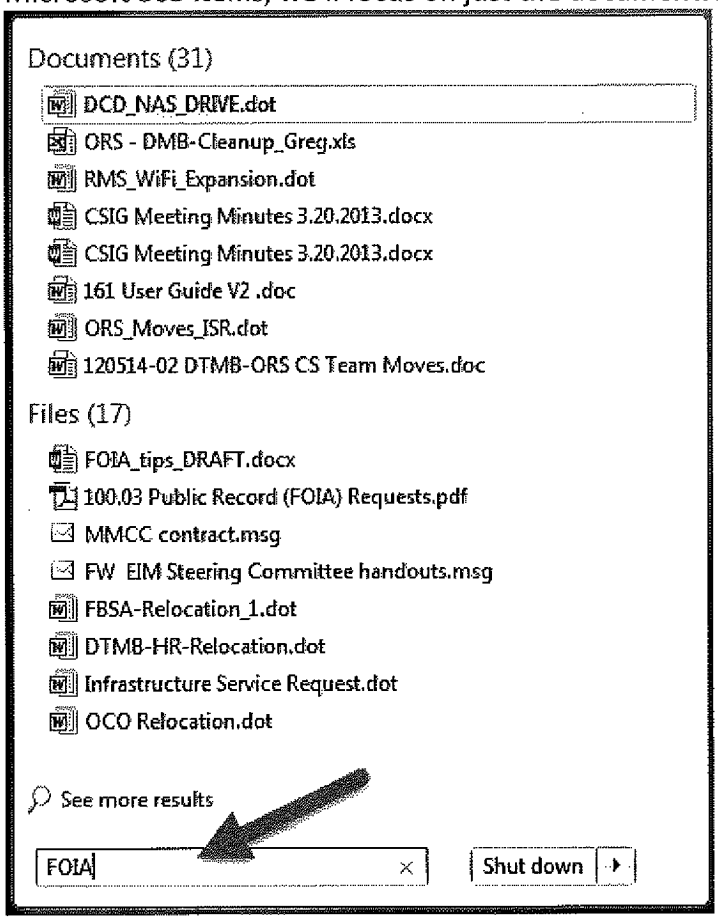
Regardless of what version of Windows you're using, each of them has a search feature built in called "Windows Explorer," you see it every time you open up a folder on a network drive, or on your own computer.

Using the search function in windows 7

Since the majority of DTMB is on Windows 7, the examples below are on that operating system. If you click on windows Start button, you'll see the search box right next to it

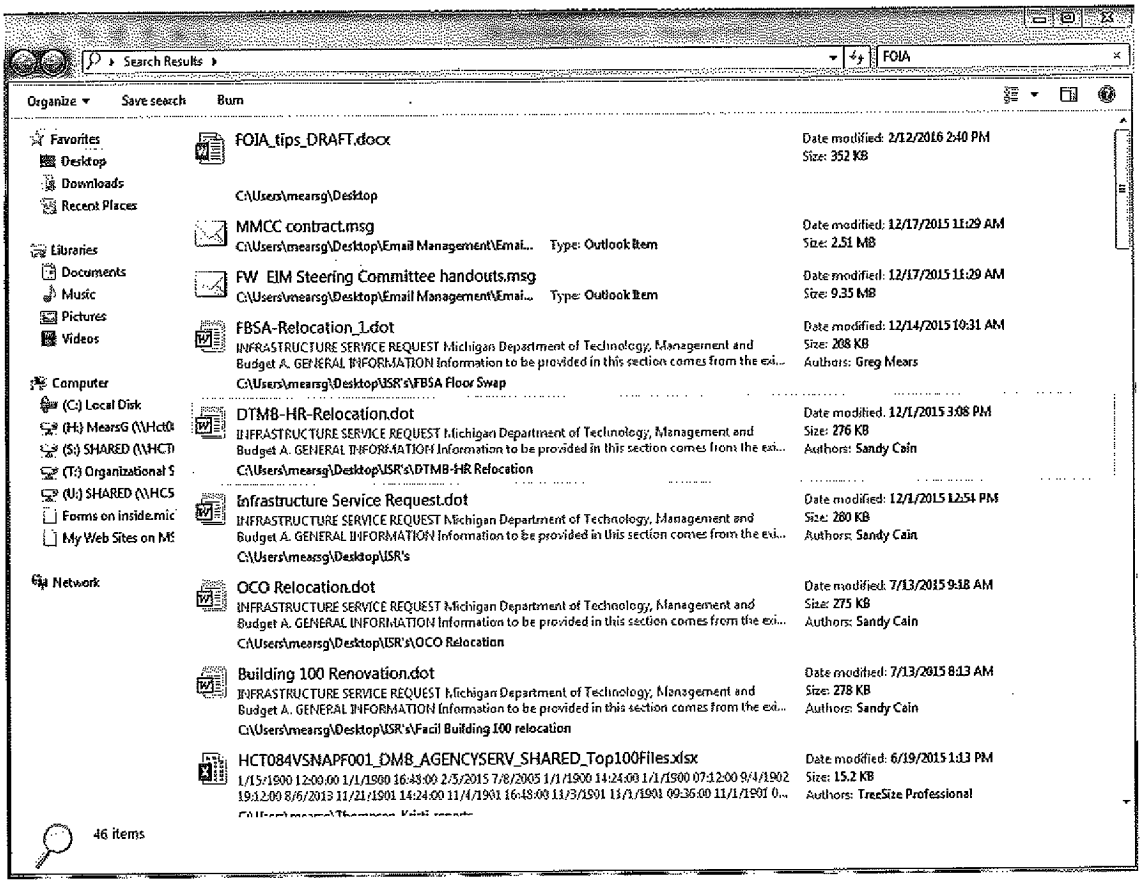


This example searches for the word FOIA. As you can see, the search yielded numerous documents including emails. Since DTMB is centrally collecting relevant emails and other Microsoft 365 items, we'll focus on just the documents.



You need to open each document to make sure that it's relevant. In this instance, the search brought up a DTMB Move form, but only because it has the word FOIA in the form.
You'll notice that the words "See more results" appears at the bottom of the list. This means that the search turned up a lot more documents than what can easily be displayed. You must

click on the link to open Windows Explorer and reveal a comprehensive list, along with their locations.



As you can see from this example the search found 46 items. We can now select them all using the "Ctrl-A method", and copy them to a network drive.

CIP Management Team Meeting
Meeting Notes
October 7, 2015
3:00 – 4:00 p.m.
Westshire, Conference Room A

Attending:	Christian Kopacsi	Chris Christensen	Vicki McPherson
	Tom Nevai	Brandon Philip	Jeff Pratt
	Rock Rakowski	Rich Reasner	Deb Stanaway

1. MiSOC:

   Tom said that there are still some issues being worked out for the Websense upgrade. The RFC has been postponed until October 22, with needed corrections to be completed by October 19. The MiSOC is also working on the blocking of some outbound traffic.

   Vicki has been working today on the Foreign Device Connection process and vendor VPN issues. CNSI vendors (mostly out-of-state) are requesting VPN access, including access to SharePoint. She is researching options available.

2. MCS:

   As part of the lifecycle development, Dillon and Brian are working on patch management process remediation. They are making good progress and have developed draft policies.

   John Juarez is looking for project information on ICE Audit findings including Security, Access Control, Disaster Recovery, and Change Management. Cross-functional teams are being identified. The next ICE cycle will be starting earlier.

   MCS has a total of 12 "Continuous Security Program" projects underway, with some funding received to support.

3. MCS Liaison Section:

   Rock expects the Dajeh vacancy (ITPA 11) to be posted soon. The Security Mentor contract will be extended for one year. Management must decide if a new RFP process will be initiated, or if another year is to be added at the end of

this extension. Rich suggested that an RFP list of requirements be developed in anticipation of a possible RFP process. Needs have changed somewhat since inception of the training in 2012 and perhaps new awareness services could be included.

MCS Agency Liaison staff will begin testing the RSAM tool at the end of the month to troubleshoot completion of the DTMB-0170 risk assessments. Rock has heard that three agencies (MSP, Treasury, and MDOS) are filling positions on the business side to assist with the 170 process. He believes that these positions will all be 14-level positions. **If Rock can locate a position description for one of these positions, he will forward to Deb.** MCS Liaison staff currently have approximately 85 170s in process.

Rock has also been attending the Agency Services project planning meetings and is finding them very helpful.

4. OIP Customer Service Center/Security Services:

Jeff reported on several activities, including a recent incident involving a knife threat to a guard in Saginaw. An arrest has been made.

He also noted that they've had a few employee dismissals with people being escorted from the building. What is the process for notifying MCS? Rich stated that OIP can notify the MiSOC (335-1722) as they will create an incident and handle the assorted access removal tasks and any follow-up needed. The MiSOC number is physically staffed from 7:00 a.m. – 6:00 p.m., with on-call response available after hours. It was agreed that Jeff would contact the MiSOC in these cases and follow-up with an e-mail notification. When such incidents are initiated with the MiSOC, OIP is notified to remove building access. **Jeff and Tom will work together to develop a procedure.**

Jeff added that there have been some minor theft reports which are being investigated with MSP. Visitor traffic to DHHS in Flint has increased dramatically due to the issuance of water filters to customers. A guard escort has been arranged for MSHDA staff in Detroit to and from their parking areas. Staff also continue to support IRS audit activity.

Brandon was in Detroit today looking at parking, and has been successful in obtaining 100 spaces in the Fisher Deck for Cadillac Place. Cost to employees is approximately $60 per month.

He also reported that MDOT has budgeted $250,000 to connect to the State's access system. Several other card reader system requests have come in from other agencies as well.

The camera station currently located in GOB will be moved to the Operations Center in early November.

The building access category of "DMB All" has been converted to "DTMB Service" which does not include high-security areas. There has been only minor pushback.

5. OIP:

Chris reminded everyone of the tabletop exercise on Friday, October 9. He will be facilitating, with Rich serving as backup.

Chris is also facilitating a cyber presentation with Century Link (Lunch & Learn) on October 29. This is a follow-up to a presentation made to James McFarlane regarding cybersecurity services that Century Link provides. **Send Chris names of anyone you'd like to send.**

6. CIP:

Christian reminded everyone of the 2015 North American International Cyber Summit at Cobo Center in Detroit on October 26.

Mike Buley has joined MCS to work with Dillon on projects. He will be focusing first on fact-finding and research, including SIEM and DLP, and staff should be responsive to his requests for information.

Christian and Dillon participated on a conference call with QuickenLoans regarding their Digital Guardian DLP solution which is on their desktops.

Christian and Anthony just had a meeting with MSP regarding the establishment of "honeypots" on the network to be managed by MCS. Anthony Rodgers and Luke Thelen are doing research and the group will meet again in 30 days.

It is being reported that the MS-ISAC will begin charging for some of their services, including Albert. Christian and Rich are attending the MS-ISAC Annual Meeting in November and expect to learn more.

Rich added that as discussed at the CSP Security Committee meeting, DTMB will begin rolling out encryption to desktops and mobile devices, including USB drives. OA is currently working with the DTMB PIO on the communication.

Deb noted that the upcoming Summit has increased interest in cyber projects including the Michigan Cyber Civilian Corps (MiC3) and P-20 education efforts. There has also been good feedback from the recent Merit training offered to DTMB GMs and BRMs. It is hoped that training can now be developed and pushed down to the next level.

Christian noted that Operational Excellence meetings will be beginning shortly, expected to be 1.5 hour meetings weekly for the next several months. The consultant's goal is to review and improve agency functionality. DTMB is just

beginning this process, which has already been completed at MDARD and is currently underway at Treasury. Focus in MCS will be the MiSOC.

Agency security briefings continue, with approximately half completed or scheduled.

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Hacktivist Operations Report for the Week of Jan. 18, 2016

HACKTIVISM (HK)

January 18, 2016 7:50 PM, 16-00000774, Version: 1

KEY POINTS

- iSIGHT Partners has identified several notable hacktivist operations in the past week, many of which are either ongoing or in the planning stages. This report provides a quick assessment of the listed operations; further updates and full reports may be produced as events necessitate.

THREAT DETAIL

Threat Detail

Newly Identified Operations

Figure 1: Hacktivist map

Table 1: #OpFlint Operations

#OpFlint	Threat: Low
Time Frame of Concern: Jan. 16–17, 2016	
TTPs: Distributed denial-of-service (DDoS) attacks	
Targets: Networks and DNS associated with the state of Michigan and the city of Flint	Primary Threat Actors: New World Hackers, @AnonCorruption
Description: Anonymous-affiliated actors have shared reports of investigations into toxicity levels in the water supply of Flint, MI as part of the awareness-raising campaign #OpFlint since the spring of 2015. Until recently this campaign did not feature cyber threat activity as a primary, or even occasional, component. On Jan. 16, 2016, and continuing through Jan. 17, the group New World Hackers claimed to have conducted ongoing DDoS attacks against DNS associated with michigan.gov and cityofflint.com; in particular group member @xOdeyas may be responsible. According to a website uptime monitor, michigan.gov was last offline at approximately 10 p.m. EST on Jan. 17, which is a limited indication that New World Hackers' claims were legitimate. iSIGHT Partners believes this activity was prompted by heightened media attention given to the situation in Flint, particularly after Jan. 16, when U.S. President Barack Obama declared a state of emergency in the city based on high levels of lead in the water.	
Related Reporting: "#OpDetroit Hacktivist Campaign Protesting Detroit Water Shutoffs Targets Water and Energy Utility Websites,"Intel-1214450, Aug. 21, 2014	

Table 2: #OpJYPNation Operations

#OpJYPNation	Threat: Low to Moderate
Time Frame of Concern: Jan. 14, 2016–Present	
TTPs: DDoS attacks	
Targets: JYP Entertainment	Primary Threat Actors: Anonymous Taiwan, Anonymous China
Description: Tzuyu, a Taiwanese member of the Korean girl band TWICE, was recently accused by pro-Chinese actors on social media of supporting Taiwanese independence during an interview. In response to the resulting backlash within mainland China against the band, created by the Korean group JYP Entertainment (JYPE), Tzuyu appeared in a video on Jan. 15, 2016, in which she apologized for having offended any fans, stating, "There is only one China." The initial controversy and the apology, which many viewed as having been forced on Tzuyu by JYPE in order to salvage TWICE's popularity in China, provoked anger from both pro-Taiwan and pro-China hacktivists. On Jan. 16, 2016, JYPE confirmed that service to their website had experienced disruption between Jan. 14 and 16 due to DDoS attacks. Based on independent reports and material on social media, iSIGHT Partners suggests that members of the group Anonymous Taiwan were responsible for these attacks. On Jan. 17 and 18 a group calling itself Anonymous China	

inadequate and posted a message implying that the group was responsible for a second round of DDoS attacks against JYPE, as part of a campaign called #OpJYPNation. iSIGHT Partners believes that recent presidential elections in Taiwan and the controversy's relationship to Korea, Taiwan and China will keep hacktivist attention on JYPE for at least the next week.
Related Reporting: "OpTaiwan Actors Conduct DDoS Attacks Against Taiwanese Government Targets; Campaign Exhibits Moderate Organizational, Low Technical Sophistication," 15-00007734, Aug. 7, 2015

Table 3: #OpPuraVida Operations

#OpPuraVida	Threat: Low
Time Frame of Concern: Jan. 15, 2016	
TTPs: DDoS Attacks	
Targets: Costa Rican political party Partido Liberación Nacional; Costa Rican Government websites	Primary Threat Actors: @Ibero_Anon, Anonymous Colombia, System Attacks Mexican
Description: On Jan. 3, 2016, Latin American hacktivists began sharing information regarding the campaign #OpPuraVida, which opposes perceived corruption in the government of Costa Rica. We observed several hacktivist groups, including Anonymous Colombia and "System Attacks Mexican," promoting DDoS attacks against plncr.org, the website of a Costa Rican political party, on Jan. 15, 2016. The campaign has also encouraged supporters to "attack government sites." We could not confirm the success of the attacks, although the actors' use of a publicly promoted webhive suggests that attacks were of low impact.	
Related Reporting: "Latin American Anonymous-Affiliated Hacktivists Conduct #OpGranColombia to Protest Venezuelan President's Policies," 15-00009418, Sept. 14, 2015	

Table 4: #OpRight2Rest Operations

#OpRight2Rest	Threat: None to Low
Time Frame of Concern: Jan. 11, 2016–Present	
TTPs: Data Leak attacks	
Targets: City of Sacramento, CA	Primary Threat Actors: Unidentified Anonymous-affiliated actors
Description: On Jan. 2, 2016, Anonymous-affiliated actors began using the hashtag "#OpRight2Rest" as a form of protest against an ordinance in Sacramento, CA that bans camping in public and private places and has been accused of discriminating against the city's homeless community. On Jan. 5 the group "Anonymous Resistance" posted a video to YouTube formally announcing #OpRight2Rest as a campaign dedicated to overturning the ban. On Jan. 11 an actor identifying as "Hotel Moscow" (a low-threat group that has targeted high-profile organizations in the past) created a Pastebin post containing contact information for multiple people involved in Sacramento City Government and law enforcement. At least one independent report stated that Anonymous-affiliated actors had claimed a data leak of Sacramento City Hall to obtain the information, although iSIGHT Partners has not yet observed hacktivists making	

not necessarily the result of cyber threat activity, and we anticipate that any future threat activity for this campaign will be of low sophistication.
Related Reporting: "Threat Activity Unlikely to Rise Significantly for 2016 Super Bowl," 16-00000184, Jan. 12, 2016 "Anonymous-Affiliated Hacktivists Threaten Verizon in Defense of Clark's House," 15-00005078, June 10, 2015 "Recently Formed Hacktivist Group 'Hotel Moscow' Likely Poses Limited Threat, Including Proposed Operation '#OpRemember,'" Intel-1262305, Oct. 17, 2014

Previously Identified Upcoming and Ongoing Operations

Table 5: Previously Identified Operations

Operation	Threat Summary	Details
#OpISIS /#OpParis / #OpAntiISIS / #OpIceISIS / #OpDaesh /#Daeshbags / #OpDDoSISIS / #OpTrollISIS / #TangoDownISIS	Moderate DDoS Threat / Harassment and Reporting ISIS Social Media Accounts	Ongoing (for more information, see 15-00002794, April 13, 2015). The group New World Hackers claimed to have conducted DDoS attacks against Syrian Government websites as part of this campaign on Jan. 17, 2016, with group members "Sad Prophet" and "Crisis" reportedly heading the attacks. iSIGHT Partners could not confirm the veracity of these claims.
#OpNigeria	Low Defacement Threat	Ongoing (for more information, see 16-00000378, Jan. 11, 2016). On Jan. 12 the actor @GroupAnon claimed to have defaced the Nigerian Ministry of Science and Technology. This, however, was an isolated and unpublicized claim; on the whole, the campaign appears to have lost most of its original momentum.
#OpRussia / #Op_Ru	Low Defacement Threat	Ongoing (for more information, see 15-00011520, Oct. 19, 2015). The Tunisian hacktivist group Fallaga Team continued mass defacement attacks against low-profile Russian websites in opposition to Russia's military campaign in Syria.
#OpTurkey	Low DDoS Threat	Resumed (for more information, see 15-00014614, Dec. 21, 2015). New World Hackers claimed to have conducted DDoS attacks against Turkish DNS servers, including servers belonging to Nic.tr and the Turkish Ministry of Foreign Affairs on Jan. 14, 2016, and against Turkish bank Turkiye IS (BIST); GittiGidiyor, a Turkish subsidiary of Ebay; and the Turkish Government electronic visa application system, evisa.gov.tr on Jan.

		any of these attacks were successful, and, given the widespread media response to the early December DDoS attacks that successfully disabled nic.tr and associated infrastructure, we suspect that these claimed attacks did not cause significant disruptions, if any. Also on Jan. 16, @OpTurkey2016 claimed to have targeted the website of Turkish Airlines with DDoS attacks. We did not observe independent confirmation that this attack was successful either. In addition to statements condemning the Turkish Government for alleged ties to ISIS, participants in #OpTurkey expressed criticism for the arrest of university professors who had signed a petition condemning Turkish military operations against Kurdish populations.
#OpWhales / #OpKillingBay	Low DDoS Threat	Ongoing (for more information, see 15-00013222, Dec. 1, 2015). On Jan. 12 @_RektFaggot_ claimed to have conducted a DDoS attack against Nissan (nissan.co.jp) as part of #OpKillingBay. Nissan representatives acknowledged the attack and temporarily suspended service to their websites. On Jan. 15 @_RektFaggot_ tweeted a link to a paste of a database purportedly exfiltrated from the Thai company Tani International Trading (titrading.co.jp). The paste's format is similar to the output generated by SQLmap. The content does not appear to include any credentials or sensitive information. This alleged leak by @_RektFaggot_, who has typically only conducted DDoS attacks, may be an indicator that the actor is experimenting with new methods of attack. On Jan. 16 @_RektFaggot_, in collaboration with the actor @h0t_p0ppy, posted an updated target list of over 100 websites, consisting of domain names, servers, ports and IP addresses. While most of the targets are Japanese websites (spanning various sectors), the list includes global courier delivery services FedEx and UPS and approximately a dozen international airlines under the heading "Dolphin Transporters." On Jan. 17, @_RektFaggot_ claimed a DDoS attack against the Financial Services Agency of Japan (www.fsa.go[.]jp) as part of #OpKillingBay. We observed on Jan. 18 that the site was inaccessible.

Recently Concluded Operations

- #Pathankot:We observed no additional cyber threat activity as part of this campaign after Jan. 10, 2016.

Information Cut-Off Date: Jan. 18, 2016

State of the State Address Meeting
Meeting Minutes
Date: January 19th, 2016
Time: 11:30 am – 12:15 pm
Location: Teleconference: 1-877-336-1829; Access Code: 9013248 - Nancy Host

Distribution and Attendee List: (X indicates that the member was present; T indicates present via teleconference, A indicates absent)

X	Tiziana Galeazzi	X	Narayan Sivaraman
X	Nancy Palmateer		David Bates
T	Jack Harris	T	Dave Wilson
T	Mike Derocher	T	John Thompson
T	Mike Wagner	T	Greg Bensinger
	D. Smith		David Koskinen
T	Amy Briggs	X	Carl Slemp
T	Cathy Hunter	T	Richard Reasner
T	Charlotte Allen		
T	Suzanne Pauley		

Purpose: Due to the recent DDOS attacks against Michigan.gov and in light of the Flint Water Emergency, a short meeting needs to be held to discuss a plan of action to ensure the streaming of the Governor's State of the State Address occurs uninterrupted.

Agenda

#	Item	Presenter
1.	Review current streaming support plan for State of the State	Tiziana/Nancy
2.	Agree on process should problem arise with the stream	All
3.	Additional thoughts	All

Main Points, Discussion/Conclusion, Decisions

SoS Streaming

1. What has been done to ensure capacity will not be an issue? Do we have sufficient capacity?
   1.1. Primary feed from the House, backup feed from Senate
   1.2. Support call placed and Leightronix states that capacity should be adequate
   1.3. 4 feeds out, 2 House, 2 Senate, unlimited connections, 10Gb Internet, 2Gb internal, 700Mb last year.

2. Will there be Gov Website on-site support available and ready should there be problems with the stream?

2.1. eMichigan will have on-call tech on standby
2.2. Link to be embedded on Gov website later today

3. Will there be House Website on-site support available and ready should there be problems with the stream?
   3.1. Senate support individual will contact Leightronix should there be an issue with the feed/stream.

4. If there are problems is there a failover plan? **YES**
   4.1. If there is a plan it is automatic or manual? **Manual vis eMichigan Team**
   4.2. Failover between the House and the Senate systems possible? **YES, If required Senate is backup stream.**

5. What if anything does the vendor (Leightronix) have in place? **They are confident that the stream capacity is adequate. Senate contacts to call Leightronix is issues arise. One feed to Leightronix, guarantee the stream.**

6. Do we have a call-list available should there be issues and we need to initiate an issue/problem management plan? **See Below**
   6.1. Support Group Names and Contact Numbers
      6.1.1. IF THERE ARE ANY ISSUES CALL THE CONFERENCE LINE FIRST
         6.1.1.1. Teleconference: 1-877-336-1829; Access Code: 9013248
      6.1.2. DTMB
         6.1.2.1. eMichigan – 517.243.1380 – Rich Peterson
         6.1.2.2. Cyber Security – Group number – 517.335.1722 or 517.243.1640
         6.1.2.3. Telecom – Jay Salmon - 517.284.7364
         6.1.2.4. Agency Services –
            6.1.2.4.1. Tiziana Galeazzi – 517.749.9496
            6.1.2.4.2. Nancy Palmateer - 517.282.7593
            6.1.2.4.3. Narayan Sivaraman – 517.316.5346
            6.1.2.4.4. Carl Slemp – 517.331.7117
         6.1.2.5. CTO Office - Jack Harris – 517.242.0942
      6.1.3. House
         6.1.3.1. Cathy Hunter and Greg Bensinger – 517.376.9611
      6.1.4. Senate
         6.1.4.1. Mike Desrochers - 517.373.1928
      6.1.5. Legislators
         6.1.5.1. Mike Wagner - 517.373.5229 Point of contact with Leightronix

Action Items

- Nancy to open Conference Bridge to report and remediate issues that may arise. Same number/code as above.
- John to talk to Josh regarding the MP4 file for retention and YouTube.

Subject: OPTIV Help

Importance: High

Good morning Christian,

I wanted to catch up on a couple of different items.

1 – I wanted to offer my assistance with the state if any needs arise from what's happening in the Flint water crisis.

2 – We need to get a time scheduled on the books to review where we left off discussing Optiv and the State of Michigan. I'm happy to get lunch or dinner when your schedule permits. Can we lock something down in the near future?

Thanks, I hope your well,

Kirk

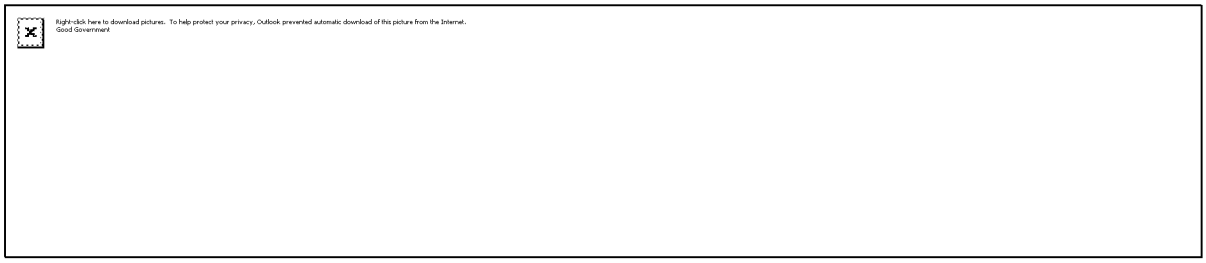
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

Subject: F5 - DDOS Mitigation / Time to meet?

Christian

F5 has been alerted of the recent DDOS attacks threatening the State of Michigan by malicious groups related to the City of Flint. The article released by Detroit Free Press on January 22nd (http://www.freep.com/story/news/local/michigan/flint-water-crisis/2016/01/22/activist-hacker-group-anonymous-starts-flint-campaign/79157780/) indicates a heightened alert related to an anonymous source in regards to the City of Flint water crisis.

F5 has been a partner of State of Michigan for over 4 years providing an ADC architecture offering high availability of mission critical applications utilizing F5 Local Traffic Manager and Global Traffic Manager with deployment of F5s security solution - Application Security Manager in 2015 to mitigate Top 10 OWASP attacks helping State of Michigan pass security audits. F5 also has the capability of providing security to safeguard from DDOS attacks and would like to help State of Michigan during this time of heightened alert.

F5 is at the forefront of mitigating DDOS attacks offering the following benefits to Enterprise, Education and Government customers.

- Real Time DDOS detection & mitigation
- 24/7 Security Operations Center (SOC) with leading SLAs to response of DDOS attacks within minutes
- Protecting against all threat vectors
- Defending against the largest volumetric attacks
- Transparent attack mitigation visibility and reporting
- Offering DDOS protection via on premise and cloud based service

F5 would like to meet with you as soon as possible for further discussion on the impact of DDOS attacks, introduction of F5 DDOS mitigation capabilities and to properly support State of Michigan from future cyber security threats.

Please advise on a time that is convenient to meet this week in regards to DDOS attacks and safeguarding State of Michigan.

Sincerely,

Steve Stinson | F5 Account Manager – Michigan / Indiana (SLED)

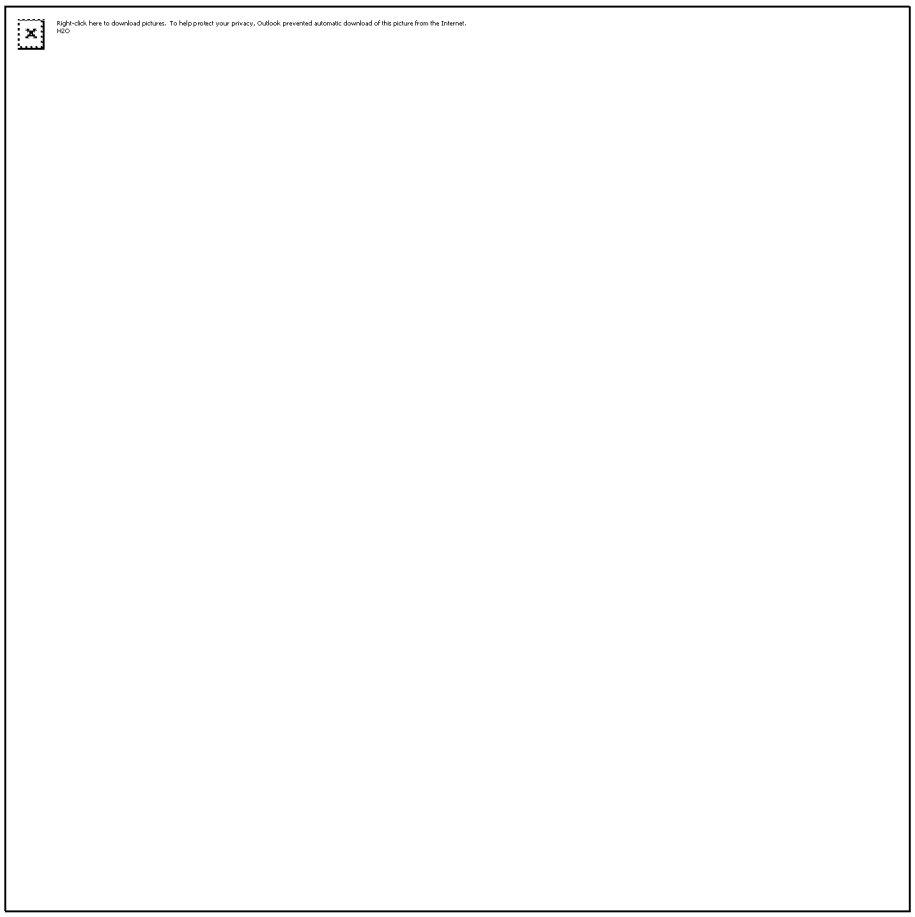
Subject: Contributing time, muscle and money

During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

> Greetings citizens of the world we are Anonymous. The Flint water crisis has drawn the attention of Anonymous. Anonymous would first like to pay respect to this deliberate poisoning. We will not rest until the families of the murdered people and lead poisoned children get justice. The victims have been specified (garbled). We will support you and magnify your voice. For Michigan Governor Rick Snyder your failed cost cutting measures have caused the death of your people you are charged with the responsibility to protect. The decent and responsible next action from you would be to step down from office. This isn't what

you have chosen to do. Instead you are allowing the people of Flint to be further terrorized by the system you set up. You gave the power of Flint's government to an emergency manager. Darnell Earley rejected using Flint River water in 2012 after meeting with the EPA. Yet you overrode his decision. You used the contaminated river water and the deteriorated plumbing. You also decided to save another $100 per day by not adding the critical chemicals to keep from further degrading the aging infrastructure. City and State workers have been provided clean drinking water for quite some time now. Yes, these debts and lifelong illnesses squarely are on your hands. The people of Flint are still being mailed bills for poisonous water. Further you threaten them with condemnation of their homes, removal of their children and placement of those children in a state agency that you govern. We will not stand idly by while you murder, poison, and terrorize our brothers and sisters in Flint Michigan. This is a call to all hacktivists, activists, trolls, protestors, marchers, agents, vishers, those who work in this corruption can speak through us Anonymously as well. All people of humanity should know that Michigan has the largest reserve of fresh water on earth. If this can happen in Michigan it can most assuredly happen where you live. We ask that you use your skills, talents, and time to help bring justice to our fallen and injured family in Flint. **Cyber attacks are already under way. In the event that children are taken from their home because of failure to pay for poisonous water there will be concentrated cyber attacks on Governor Snyder, government websites, Brian Larkin, Howard Croft, Natesha Henderson (spelling?), and Dave Walling you should do the right thing as well. Protestors should peacefully occupy the water department, 1101 Saginaw Street, Flint, Michigan. Don't let your neighbors pay for poisonous water. Protest at the Governor's mansion protest the EPA in all states.** They are allowing the poisonous water to still grown and further victimization of people who live in and visit Flint. Governor Rick Snyder, State of Michigan, City of Flint, US Environmental Protection Agency, we are Anonymous united as one, divided by zero, we do not forgive we do not forget, expect us.

If you have any questions please let me know.

Harvey Hollins Is Supposed to Be Leading Flint Response but Snyder Sent Richard Baird Instead

Published January 28, 2016 | By emptywheel

In my posts on Flint, I've alluded to a guy named Rich Baird, whom Governor Rick Snyder calls his "Transformation Manager."

This morning, the Detroit News reported Snyder is sending Baird to oversee his Flint response.

> The governor is dispatching his fixer and confidant, Rich Baird, to Flint to help coordinate the state response and to reassure the city's elected leaders of direct

Christian,

I wanted to pass along the latest summary my team provided this morning. We have not been seeing much beyond the latest announcement by Anonymous, which I assume that you have already seen as well. It feels like a lot of "bark and no bite" more recently.

If you recall, you met Keith Brogan the last time we visited you. He leads up our Cyber Threat Intelligence team. If you would like, we could organize a call with Keith and team. We could also include Paul on that call if you think it would be valuable.

Mark

[Ford, Mark (US - Detroit)]

As of late last night on 2/1, Anonymous posted a new YouTube video approximately 5 minutes long with more details around their actions, targets, and other proverbial statements.

Pertinent Statements in the video:

1. Anonymous claims that cyber-attacks are already underway.
2. In the event children are taken from their home because of failure to pay for poisonous water, there will be concentrated cyber-attacks on Michigan State Department of Human Services and any and all government websites.
3. Anonymous states again that targets will be Brian Larkin, Howard Croft, Natasha Henderson, & Dave Wally
4. Calling for peaceful protests at the Water Department and the Governor's Mansion in which they give addresses of both locations
5. In addition to the above protests, Anonymous is calling for protests at the EPA in all states.

Link to Video: https://www.youtube.com/watch?v=MKVZgll623s

Threat Intelligence analysts continue to monitor for any cyber activity around the Flint water crisis which include monitoring of social media, Internet Relay Chat (IRC), Deep and Dark Web, and other underground forums.

Thanks,

Ryan

Campaign Profile: #OpFlint

HACKTIVISM (HK)

February 3, 2016 8:58 AM, 16-00001174, Version: 1

KEY POINTS

- #OpFlint is a long-running information-sharing campaign that has only recently exhibited cyber threat activity, almost certainly based on media attention given to the water crisis in Flint, Michigan.
- iSIGHT Partners believes that the group "New World Hackers," which has participated in the campaign by conducting distributed denial-of-service (DDoS) attacks against networks associated with the city of Flint and state of Michigan, poses a moderate threat to targeted individuals and groups. The group "AnonSec," which primarily engages in defacement and data leak attacks, may also be interested in participating.

THREAT DETAIL

Background

#OpFlint has been a long-running information-sharing campaign, run by the actor @C1TYofFL1NT, concerning purported authoritarianism and corruption in the city of Flint, Michigan—particularly with regard to reports of toxicity in the water supply. However, #OpFlint has only recently exhibited cyber threat activity,

Obama declaring a state of emergency on Jan. 16, 2016, based on levels of lead found in the water. Other hashtags used to promote the campaign include #Flint, #FlintWater and #FlintWaterCrisis, although we have observed that these hashtags have not been used to announce cyber threat activity.

#OpFlint Threat Activity Consists of DDoS Attacks

Threat activity for #OpFlint has consisted entirely of DDoS attacks; we have not yet seen plans for or announcements of defacement or data leak attacks. Outlined below are the cyber threat discussions and incidents observed to date:

- On Jan. 23, 2015, at least one threat actor expressed interest in conducting participatory DDoS attacks as part of #OpFlint, but we believe that no threat activity resulted from this interest.
- On Jan. 16, 2016, and continuing through Jan. 17, the group New World Hackers claimed to have conducted ongoing DDoS attacks against DNS associated with michigan.gov and cityofflint.com; in particular, group member @xOdeyas may be responsible (see 16-00000774, Jan. 18, 2016). Michigan state officials confirmed that michigan.gov was taken offline briefly during the weekend of Jan. 16–17, 2016.
- On Jan. 21, state officials also confirmed a DDoS attack that had disrupted the website of the Hurley Medical Center in Flint, which, according to one online journal, "has been accused of turning away lead victims."
    - This attack potentially highlights the fractured nature of Anonymous-affiliated groups. Many threat actors stated their opposition to the attack after it was made public, and attempted to disassociate the attack from #OpFlint. There are limited indicators that actors involved in #OpFlint saw Hurley Medical Center as an organization worth targeting with cyber threat activity, but we saw no plans to engage in such activity before the event.
- On Jan. 27, the Anonymous-inspired group "AnonymousCorrupt" (@AnonCorruption) claimed to have conducted a second round of DDoS attacks against michigan.gov. New World Hackers did not promote these attacks, suggesting that they were not involved. According to independent observers, the site went offline twice on the evening of Jan. 27. A website uptime monitor also confirmed that michigan.gov was offline at approximately 10 PM EST on Jan. 27. It is possible that these attacks were in response to publicized interviews and a press conference given by Michigan Governor Snyder that day.

On Jan. 20, 2016, a video was released by "AnonIntelGroup," which stated that Michigan Governor Rick Snyder was guilty of "voluntary or involuntary manslaughter." Despite the severity of this accusation, the video only stated that Anonymous would "stand behind" efforts from the city of Flint to bring charges against Governor Snyder, and that it would "amplify your voice." This indicates that the actors behind this video intend to share information, and not conduct threat activity, as part of #OpFlint.

Current and Potential Threat Actors

Anonymous-affiliated individuals and groups have been the primary actors involved in conducting and discussing cyber threat activity related to #OpFlint. It is important to note that a single group known as "Anonymous" has not existed for several years. Many groups are influenced by and draw imagery and

affiliated, not Anonymous itself.

At present, only the groups New World Hackers and AnonymousCorrupt have publicly claimed to have conducted cyber threat activity as part of #OpFlint. AnonSec, which participated in the 2014 campaign #OpDetroit (which targeted utilities and corporations in response to water shutoffs by the Detroit Water and Sewage Department) has shown an interest in #OpFlint but has not been observed planning or promoting cyber threat activity for the campaign. Finally, the actor behind the initial #OpFlint campaign, @C1TYofFL1NT, appears to be more interested in sharing information than conducting cyber threat activity.

New World Hackers

New World Hackers is a recently active group that has engaged in multiple DDoS campaigns against various entities with a moderately high success rate. The group has participated in the campaigns #OpBeast (anti-bestiality) and #OpISIS.

New World Hackers is associated with, and uses the services of, BangStresser, a DDoS service advertised by @AR_Talents, a former member of Binary Sec. iSIGHT Partners assesses with high confidence that the BangStresser service is capable of conducting effective DDoS attacks against high-profile targets.

- We have observed @AR_Talents conduct successful DDoS attacks against Saudi Arabian network in the past for the campaign #OpNimr.
- New World Hackers also claimed credit for the DDoS attack against the BBC on Dec. 31, 2015. The group asserted that they used the BangStresser DDoS tool in order to target the BBC and that their attack exceeded 600 Gbps. If true, the attack would have been the largest DDoS attack ever (current confirmed record is approximately 400 Gbps); however, the lack of confirmation from BBC, DDoS mitigation service providers and Internet service providers (ISPs) leaves the actors' claims of attack strength suspect.

AnonymousCorrupt

AnonymousCorrupt (@AnonCorruption) is a recently active group or actor that has claimed responsibility for a number of DDoS attacks since Jan. 12, 2016. The group collaborated with New World Hackers for the initial round of DDoS attacks on michigan.gov and cityofflint.com on Jan. 16, 2016. AnonymousCorrupt has not publicized its method for conducting DDoS attacks, as has New World Hackers. At least one statement from New World Hackers suggests that AnonymousCorrupt is part of the New World Hackers group.

AnonSec

AnonSec is a group that has participated in at least one Michigan-focused campaign, #OpDetroit. The group primarily conducts defacement and data leak attacks. Most of the group's threat activity can be categorized as motivated by ego satisfaction or a concern for information security, although one actor appears to be motivated by pro-Islamic ideology. The actor @_d3f4ult of AnonSec has shown an interest in the #OpFlint campaign but has not promoted others' threat activity or announced his own.

development.

- In March 2014, group member 3r3b0s stated, "We use multiple tools. Many of our members do manual injecting, but some use Backtrack/Kali Linux and its various tools." We believe this represents an understanding of relative sophistication of attack methods and a desire to show that at least some members of the group could engage in threat activity without the use of tools.
- The group appears to have had a working knowledge of SQL injection (SQLi) and cross-site scripting (XSS) attacks early in 2014. In November 2014, a member of the group (very likely Th3 Ap3x) shared his custom script for identifying vulnerable admin pages to conduct SQLi attacks.

@C1TYofFL1NT

The account @C1TYofFL1NT has been active since as early as 2010. We have not seen it claim responsibility for cyber threat activity. In fact, the account has tweeted, "I have never asked my friends to 'hack' anything. But I know they could..." We believe the actor is more interested in sharing information than conducting cyber threat activity.

- After reports of the DDoS attack against the Hurley Medical Center, @C1TYofFL1NT stated, "nobody on my team hit Hurley." This reinforces the actor's avoidance of threat activity, while also implying that @C1TYofFL1NT consists of multiple people, or that the actor behind the account considers itself a leader for a group.
- @C1TYofFL1NT will use the term "#tangodown" to refer to individuals in the Flint government being fired or under media scrutiny, as opposed to referring to DDoS attacks.

Expectations and Mitigation

iSIGHT Partners expects that the threat actors who have shown interest in conducting or have already conducted cyber attacks as part of #OpFlint will be most likely to engage in DDoS attacks against websites or networks associated with the state of Michigan, the city of Flint and Governor Snyder. Actors could also engage in defacement or data leak attacks, in which case we would anticipate the use of SQL injection vulnerability scanners.

Expectations

- **DDoS attacks:** Assuming that New World Hackers again targets michigan.gov and cityofflint.com, they will almost certainly continue to use BangStresser.
- **Defacement/data leak attacks:** The entrance of AnonSec into the campaign would signal an increased risk of attacks based on network compromise. In this case, the use of SQL injection vulnerability scanners would be almost certain.

Mitigation

- **DDoS attacks:** DDoS attacks can be mitigated by investing in commercial DDoS protection.
- **Defacement/data leak attacks:** Patching and updating systems overall and employing standard

more difficult, as numerous hacktivists rely on publicly available scanners to locate vulnerable targets. Additionally, given actors' specific accusations against Governor Snyder, networks or social media accounts associated with that individual should make sure that those entities' passwords follow basic security practices (e.g., non-default passwords).

Public Response of Victims

Threat actors regularly exaggerate the extent of their successes, and in many cases, they lie outright. For example, a DDoS actor is more likely to say a site is "down" than to say that a site was only unavailable for a few minutes. Therefore, it is important for targeted groups or individuals to deliver calm and factual assessments of cyber threat activity instead of responding in an overzealous or overblown way. Additionally, it is vital that public figures not make retaliatory statements against hacktivists currently targeting them, as this could cause the actors to continue or increase targeting. For example, John Smedley, a former Sony executive, has been a consistent target of the hacktivist group Lizard Squad based on statements that he made against the group in 15 (see 16-00000894, Jan. 22, 2016).

Subject: SEOC Legal & FOIA concerns

I wanted to bring to your attention an issue I am having with the SEOC. I am being directed to have ANYTHING relating to Flint go through the SEOC reps including any legal or FOIA issues.
The problem that I see is that the legal and FOIA issues right now deal with things that happened before the SEOC was activated. I can understand if we get a FOIA about how many water bottles we have given out, that would go to the SEOC but the litigation and FOIA issues that are currently out I don't understand why they would need to go through the SEOC. I have reached out for clarification but have not received any.
The email that I have attached is where we tried to go through the SEOC reps and the process was taking too long so the Governor's office had to make an additional request.

I will let you know when I receive more information.

Subject: Legal & FOIA concerns

Chris,

I am being told by Jeanette that the Legal and FOIA issues relating to Flint need to come in through the SEOC. The requests are about things that occurred before the SEOC was activated and the amount of work relating to the Legal issues is going to be huge. Additionally the FOIA things are for every agency and like legal require a quick turnaround. I personally wanted to avoid tasking the SEOC with additional responsibilities such as this however I am happy to follow whatever process works best for you. Again I am happy to support in any way possible, I just need clear directions on these issues. Below is the FOIA request that I believe every agency has received and we are meeting about it with the Governors legal counsel tomorrow to discuss the best way to respond. If you would like I can forward you the appointment.

Thanks again

Chris

Request for Public Record

To: FOIA Coordinators via email

I am a person as defined under Michigan FOIA. Please accept this correspondence as a request pursuant to the Michigan Freedom of Information Act (FOIA) Michigan Compiled Laws §15.231 to §15.246 *et seq*., the Michigan Constitution and common law, and the U.S. Constitution, for certain public documents hereinafter specified.

Date of Request: 2/4/16 **Time:** 4:40 p.m. via email
Person Requesting Record: Matthew Dolan Phone: 313-223-4743
Mailing address: Detroit Free Press
160 W. Fort Street
Detroit, MI 48226
Email Address: msdolan@freepress.com **Fax:** n/a

Delivery Specifications:
Please select the quickest form to be able to view the documents:
☐ **Email:** to requestor at the email address above if possible, and if not please mail to the address above.

∟**In-office Inspection:** Please contact me with an acceptable contact, time, and date when I may appear for inspection and possible scanning of documents.

∟**Pick- up:** Please contact me with an acceptable contact, time, and date when I may pick up the documents.

Auditor or Attorney: _____ Contact: _____

Media Specification: Paper Copies or Email attachment less than 20 MB, CD-ROM or DVD, unless certain records are not available in computer format, in which case response by fax or in-person viewing is preferred

Records requested: The records and documents I am requesting are all those relating to:

Copies of the documents, including but not limited to emails already requested by and provided to Progress Michigan or those associated with the organization related to any and all discussion of Flint's water supply, including but not limited to contaminant such as lead and copper in the water as well as any and all discussion of Legionnaire's disease in Genesee County, Mich.

For the purposes of this request, the term "**you**" or "**your**" refers to public body generating or maintaining the public records requested in this request, and to which this request is directed, whether that be an agency, municipality, office, county, or any other entity subject to disclosure under this act; the term "**records**" refers to all documents, regardless of physical form (including without limitation papers, reports, notes of telephone conversations, telephone call messages, studies, proposals, indices, letters, messages, faxes, minutes, logs, journal entries, calendars, and computer-based or computer-generated materials including e-mail, or any other documentation of any kind of any and all kind) of or belonging to any department, agency, service area, board or other subdivision of the public body. "Records" shall include drafts of records to the extent permitted by law; The term "**email**" includes any electronic message and any attachment to any such message, and specifically includes emails sent or received by an officer, agent, or employee using an email address other than that person's official government issued email address if sent or received while on duty, using a government computer, in a government building, sent or received using a government contact list, or other using any other government resource.

Michigan law requires you to respond to this request not more than five (5) days from your receipt of this request, but you are asked to expedite this request if possible. If this request is sent by fax or email, the time to comply begins the day after the faxed request is sent to you. If your agency does not maintain these public records, please let my designated auditor know who does, and include the proper custodian's name and address. If this fax request does not go directly to the office of the FOIA coordinator, you must deliver it there immediately. If you deny any part of this request, please indicate the name and position of the person too who an appeal should be directed prior to instituting suit, so that needless litigation in which costs, damages, and attorney fee may be taxed against you might be avoided.

Take notice of the penalties and consequences for failure to comply with this request: Willful violation of FOIA by refusing to disclose or delaying in disclosing or providing copies of a public record, may result in the court awarding in addition to any actual or compensatory damages, award punitive damages in the amount of $500 to the person seeking the right to inspect or receive a copy of a public record. Reasonable attorneys' fees, costs, and disbursements" will be awarded to any person who prevails in an action to compel disclosure under MCLA § 15.240. If the requesting person only prevails in part, "the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements.

Because of the civic educational purpose of this request, I request a fee waiver and ask that you determine that a waiver or reduction of the fee is in the public interest because furnishing copies of the public record can be considered as primarily benefiting the general public." MCLA § 15.234(l)

I agree to pay any reasonable search, copying, and postage fees of not more than $2.00. If the cost would be greater than this amount, Please immediately contact me by telephone or email if you anticipate that the costs will exceed this amount, so as not to cause delay in the prompt disclosure of the records requested. I may appear in person to inspect the documents on scan them using my portable equipment. Please provide a receipt indicating the charges for each document. The Michigan FOIA law provides that, "A fee shall not be charged for the cost of search, examination, review, and the deletion and separation of exempt from nonexempt information as provided in section 14 unless failure to charge a fee would result in unreasonably high costs to the public body because of the nature of the request in the particular instance, and the public body specifically identifies the nature of these unreasonably high costs. MCLA § 15.234(3).

If the documents I have requested are not subject to disclosure in their entirety, I request that you release all nonexempt portions of the documents that may be segregated and all parts of the documents that can be rendered disclosable by redaction without fee. If you determine that any of the requested documents fall within a statutory exemption, I request that you exercise your discretion to disclose those materials because of the overriding public concern about the improper use of government email systems and resources to further political agendas. As to any portion of the documents that you withhold, please state with specificity the legal and factual basis for withholding such portion. To the extent that you are unable to produce copies of or otherwise make available all records requested within the time frame provided, please notify my auditor in writing and provide me with those records that are available within the prescribed time frame and the remainder of the records on a "rolling" basis as they become available for production.

I appreciate your anticipated prompt cooperation and will expect your response within 5 days, as required by the act. If you need further explanation of the details or the nature or scope of this request, please feel free to call me or my designated auditor or attorney specified above using the contact information provided.

Subject: RE: Records Manager Install - REQ000000789143

I called Jennifer and have not heard back from her regarding the resource request. After speaking with John McQuaid, he said this request would need to come from the AGs office and not DTMB. The information provided to the DEQ SEOC rep was not clear and did not clarify what "software" was required, which is why I reached out to Jennifer.

Subject: RE: Records Manager Install

Hello,

I don't believe we don't have any other outstanding tickets to rush.

Barbara's security is set up so once the software is in place she can start using it after double checking the dataset. If there are any questions on doing this, please give me a call…

I also just double checked with Andrew Banas and he has the software installed (he was a priority processing from last week and I wanted to make sure that was done). Michael or Kate might want to double check with him on using the system and setting up favorites for whatever they are doing (i.e. orientation).

Thank you for doing this!

Sincerely,

Sean Evans

Senior Management Team,

We just received the search terms for the document production. (See below.) Given the lateness of this email, we are asking you send your list of custodians to Jean Ingersoll **no later than noon on Tuesday, February 16**.

We are not asking you to conduct any searches right now. Further directions will come from Jean.

Search terms:

Legionnaire
Legionella
"boil water order" & "Flint" (anywhere in document)
"coli" & Flint (anywhere in document)
"bacteria" & "Flint" (anywhere in document)
"microb" & "Flint" (anywhere in document)
"TTHM" & "Flint" (anywhere in document)
"Lead" & "Flint" (anywhere in document)
"emergency" & "Flint" (anywhere in document)
Karegnondi
"Genesee County Health Department"
"Flint" (within sentence) "utilities"
"Lead and Copper Rule"
"Detroit Water and Sewerage Department" & "Flint" (anywhere in document)
"DWSD" & "Flint" (anywhere in document)
"Flint River"
"Pb" & "water" (anywhere in document)
"KWA"

Please call me or Jean if you have any questions.

Brom

Subject: Time Sensitive Request

SMT,

Jean Ingersoll is leading DTMB's effort to comply with document production requests related to freedom of information requests and certain lawsuits against the state.

At some point during the day tomorrow, Jean will share with you a list of standard "search terms" which we will use to compile documents related to this lawsuit.

Within 2 hours of receiving this email from Jean, you need to respond with a list of likely custodians from your work area. Jean may have more information on this tomorrow, but generally speaking a custodian will be a staff member who might reasonably be expected to have documents (electronic or otherwise) that correspond to the issues identified in the search terms.

If you have any questions, please call me or Jean. This is an important issue and I thank you in advance for your attention to this matter.

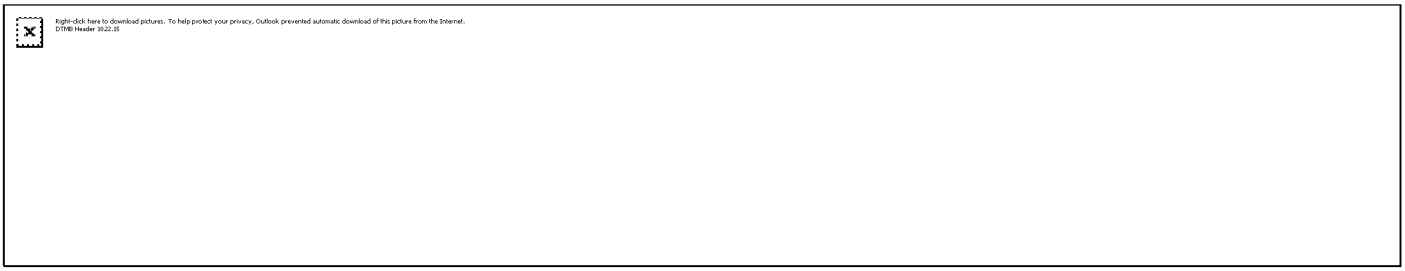
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Subject: SEOC update Feb 19

Good evening,

We have had another eventful Friday at the SEOC and resource requests continue to be assigned to DTMB. There was a lot of activity in Flint today with a massive rally lead by Jesse Jackson. http://www.abc12.com/home/headlines/Rally-underway-in-Flint-369432451.html?utm_medium=social&utm_source=twitter_ABC12WJRT . We are hoping with the weather warming up we will have more volunteers in Flint tomorrow. I wanted to let you know that I will be taking some time off next week to be with my family so you won't be receiving any updates. Governor Snyder is scheduled to be at the SEOC on Monday to visit with employees. We are getting more requests for printers to help with the Flint FOIA project. I had been optimistic that we would be able to utilize technology better and not use so much paper. If anything major happens be assured I will reach out and let you know.

Thanks,

Operations
- Review IPA Objectives and Tactics

MDARD
- Conducted 44 food establishment assessments today

DEQ
- 17 Sentinel teams out today
- Starting to receive Sentinel sample data from lab

American Red Cross
- 5 teams out total focusing on homes with functional needs
- Volunteer Reception Center processed 100 new volunteers

PIO
- Planned event with MSU Student athletes will be postponed.
- JIC releasing reminder about when to change filters

Local EOC
- 300 people at the Jesse Jackson march; event was peaceful

DTMB Requests
- Researching options for long term distribution plan and real-time tracking
- Multiple print requests
- Printing of 250 water response credentials
- Building access for SEOC and Flint State Office Building
- Multiple print requests
- 250 Flint Water Response credentials

- Building access to Flint Stare Office Building

Lieutenant,

A new YouTube video link was just posted by Anonymous RedCult on Facebook (https://www.facebook.com/AnonymousRedCult) 53 minutes ago. I transcribed the text of the video which is below. The critical information is highlighted in red. https://www.youtube.com/watch?v=MN9oC_2oDOA&feature=youtu.be The below is for further dissemination as you deem appropriate:

1/31/2016
#OpPoisonedH20

Greetings citizens of the world we are Anonymous. The Flint water crisis has drawn the attention of Anonymous. Anonymous would first like to pay respect to this deliberate poisoning. We will not rest until the families of the murdered people and lead poisoned children get justice. The victims have been specified (garbled). We will support you and magnify your voice. For Michigan Governor Rick Snyder your failed cost cutting measures have caused the death of your people you are charged with the responsibility to protect. The decent and responsible next action from you would be to step down from office. This isn't what you have chosen to do. Instead you are allowing the people of Flint to be further terrorized by the system you set up. You gave the power of Flint's government to an emergency manager. Darnell Earley rejected using Flint River water in 2012 after meeting with the EPA. Yet you overrode his decision. You used the contaminated river water and the deteriorated plumbing. You also decided to save another $100 per day by not adding the critical chemicals to keep from further degrading the aging infrastructure. City and State workers have been provided clean drinking water for quite some time now. Yes, these debts and lifelong illnesses squarely are on your hands. The people of Flint are still being mailed bills for poisonous water. Further you threaten them with condemnation of their homes, removal of their children and placement of those children in a state agency that you govern. We will not stand idly by while you murder, poison, and terrorize our brothers and sisters in Flint Michigan. This is a call to all hacktivists, activists, trolls, protestors, marchers, agents, vishers, those who work in this corruption can speak through us Anonymously as well. All people of humanity should know that Michigan has the largest reserve of fresh water on earth. If this can happen in Michigan it can most assuredly happen where you live. We ask that you use your skills, talents, and time to help bring justice to our fallen and injured family in Flint. Cyber attacks are already under way. In the event that children are taken from their home because of failure to pay for poisonous water there will be concentrated cyber attacks on Governor Snyder, government websites, Brian Larkin, Howard Croft, Natesha Henderson (spelling?), and Dave Walling you should do the right thing as well. Protestors should peacefully occupy the water department, 1101 Saginaw Street, Flint, Michigan. Don't let your neighbors pay for poisonous water. Protest at the Governor's mansion protest the EPA in all states. They are allowing the poisonous water to still grown and further victimization of people who live in and visit Flint. Governor Rick Snyder, State of Michigan, City of Flint, US Environmental Protection Agency, we are Anonymous united as one, divided by zero, we do not forgive we do not forget, expect us.

If you have any questions please let me know.

Harvey Hollins Is Supposed to Be Leading Flint Response but Snyder Sent Richard Baird Instead

Published January 28, 2016 | By emptywheel

In my posts on Flint, I've alluded to a guy named Rich Baird, whom Governor Rick Snyder calls his "Transformation Manager."

This morning, the Detroit News reported Snyder is sending Baird to oversee his Flint response.

> The governor is dispatching his fixer and confidant, Rich Baird, to Flint to help coordinate the state response and to reassure the city's elected leaders of direct

SMT,

Jean Ingersoll is leading DTMB's effort to comply with document production requests related to freedom of information requests and certain lawsuits against the state.

At some point during the day tomorrow, Jean will share with you a list of standard "search terms" which we will use to compile documents related to this lawsuit.

Within 2 hours of receiving this email from Jean, you need to respond with a list of likely custodians from your work area. Jean may have more information on this tomorrow, but generally speaking a custodian will be a staff member who might reasonably be expected to have documents (electronic or otherwise) that correspond to the issues identified in the

search terms.

If you have any questions, please call me or Jean. This is an important issue and I thank you in advance for your attention to this matter.

Subject: Flint FOIA - DTMB Systems

SMT Members:
In response to the Flint FOIA Project we have compiled a list of DTMB-owned systems that may need to be searched depending on whether or not the systems listed would reasonably contain any of the search terms sent on Friday (see search terms below). We are not asking you to perform any searches at this time, additional instructions are forthcoming.

What I need from you is to:
1) review the list and tell me whether the systems listed may contain the search terms (center column);
2) notify me if there are DTMB systems that are not listed that may contain the search terms;
3) tell me who is the individual responsible for performing the search in the system on behalf of the custodians (right column);

This information is due back to me close of business (5:00pm) today, Wednesday.

> **#OpPoisonedH20**
>
> Greetings citizens of the world we are Anonymous. The Flint water crisis has drawn the attention of Anonymous. Anonymous would first like to pay respect to this deliberate poisoning. We will not rest until the families of the murdered people and lead poisoned children get justice. The victims have been specified (garbled). We will support you and magnify your voice. For Michigan Governor Rick Snyder your failed cost cutting measures have caused the death of your people you are charged with the responsibility to protect. The decent and responsible next action from you would be to step down from office. This isn't what you have chosen to do. Instead you are allowing the people of Flint to be further terrorized by the system you set up. You gave the power of Flint's government to an emergency manager. Darnell Earley rejected using Flint River water in 2012 after meeting with the EPA. Yet you overrode his decision. You used the contaminated river water and the deteriorated plumbing. You also decided to save another $100 per day by not adding the critical chemicals to keep from further degrading the aging infrastructure. City and State workers have been provided clean drinking water for quite some time now. Yes, these debts and lifelong illnesses squarely are on your hands. The people of Flint are still being mailed bills for poisonous water. Further you threaten them with condemnation of their homes, removal of their children and placement of those children in a state agency that you govern. We will not stand idly by while you murder, poison, and terrorize our brothers and sisters in Flint Michigan. This is a call to all hacktivists, activists, trolls, protestors, marchers, agents, vishers, those who work in this corruption can speak through us Anonymously as well. All people of humanity should know that Michigan has the largest reserve of fresh water on earth. If this can happen in Michigan it can most assuredly happen where you live. We ask that you use your skills, talents, and time to help bring justice to our fallen and injured family in Flint. **Cyber attacks are already under way. In the event that children are taken from their home because of failure to pay for poisonous water there will be concentrated cyber attacks on Governor Snyder, government websites, Brian Larkin, Howard Croft, Natesha Henderson (spelling?), and Dave Walling you**

should do the right thing as well. Protestors should peacefully occupy the water department, 1101 Saginaw Street, Flint, Michigan. Don't let your neighbors pay for poisonous water. Protest at the Governor's mansion protest the EPA in all states. They are allowing the poisonous water to still grown and further victimization of people who live in and visit Flint. Governor Rick Snyder, State of Michigan, City of Flint, US Environmental Protection Agency, we are Anonymous united as one, divided by zero, we do not forgive we do not forget, expect us.

If you have any questions please let me know.

Subject: Mandatory Meeting - DTMB Custodians of Correspondence Related to Flint

Please note this meeting can be attended in person or via conference call-in. Location and Dial in information are provided below.

Requested By:
DTMB Executive Staff

Location:
Ottawa Building
Upper Level Conference Room 4
611 W. Ottawa Street
Lansing, MI 48933

Call-in: 866-390-1828
Access code: 1842654

Security:
Please have your State Employee ID showing at all times.

Parking:
Metered parking is available along Ottawa and Pine street.

Briefing:
In recent months, the State of Michigan has received a number of requests to produce documents related to the water emergency in Flint. You have been identified as a potential custodian of relevant/responsive correspondence and/or documents related to these requests. As a custodian, you are required to produce, by a certain date, any documents containing certain search terms. In this meeting we will review instructions for the process of identifying, compiling, scanning, and copying the necessary information.

FOR IMMEDIATE ASSISTANCE

DIAL 211

(24/7/365)

We're committed to a coordinated approach with resources from state agencies to address all aspects of this situation.

If you don't find what you need here or by calling 211, please call my office at 517-335-7858. I will continue working to make this right.

– Rick Snyder, Governor

FLINT WATER RESPONSE TEAM

NUTRITION

Did you know that some foods will keep lead from being stored in a child's body? These are foods with a lot of calcium, vitamin C and iron.

FREE WATER TESTING

Flint residents who are concerned about their water can obtain free water testing kits at the water resource sites.

USE WATER FILTERS & CARTRIDGES

Water filters can reduce lead and other contaminants by 99 percent when installed and maintained correctly. Free water filters are available at the water resource sites.

STATE OF MICHIGAN

GOVERNOR

From: State of Michigan <MISOM@govsubscriptions.michigan.gov>
Sent: Thursday, January 14, 2016 5:28 PM
To: Martin, Todd (DTMB)
Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

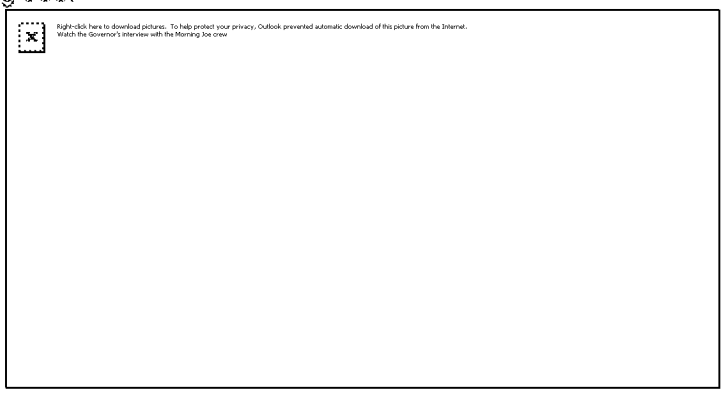
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

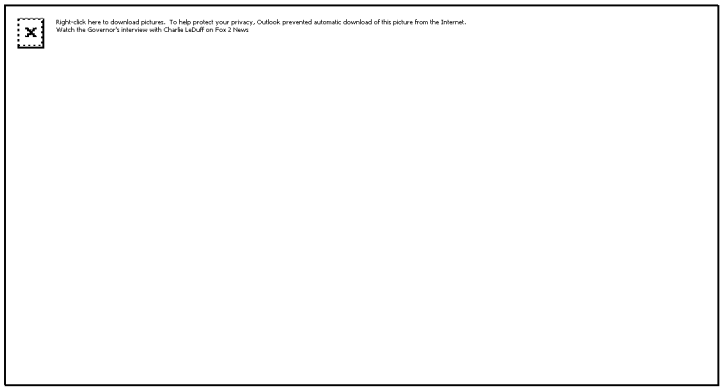
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

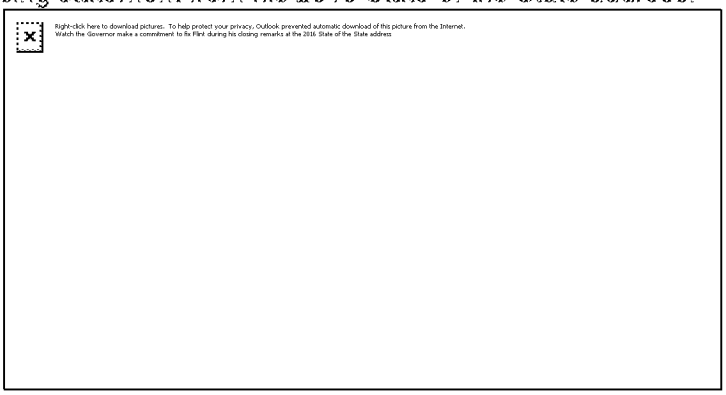
"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm came from people who worked for me, and I feel responsible for that. But I am committed

to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.

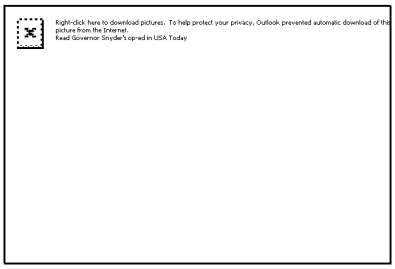


Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.



Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

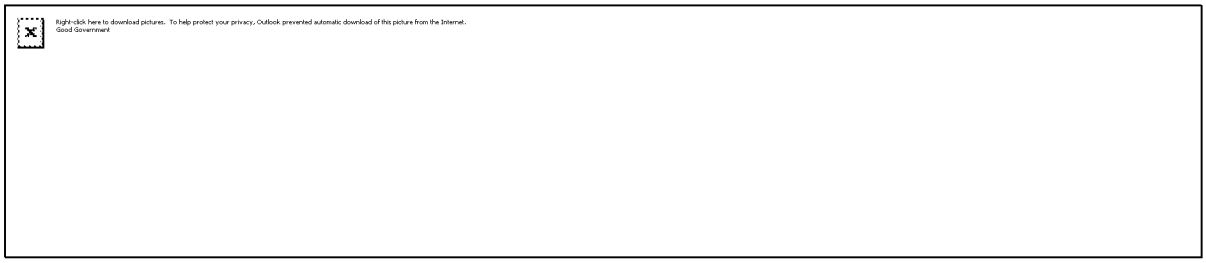
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

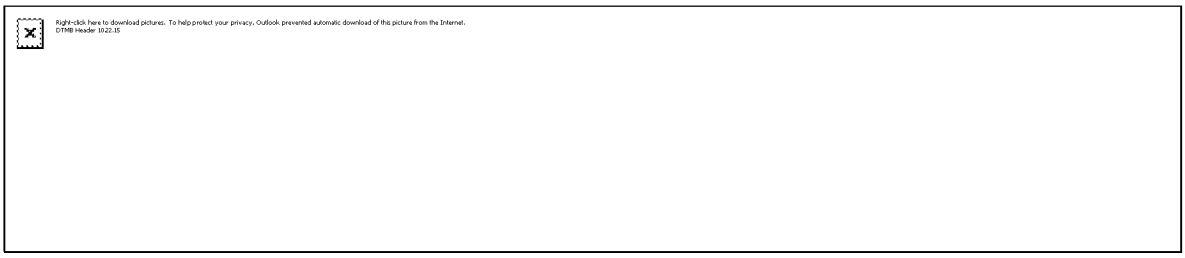
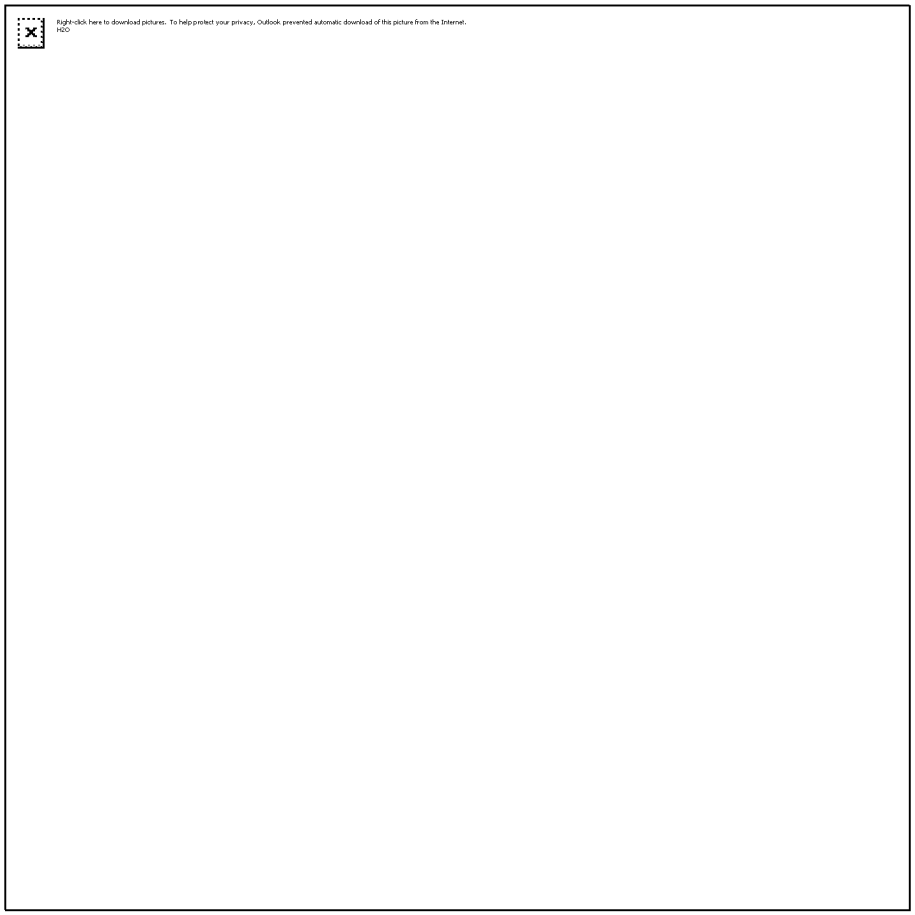
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

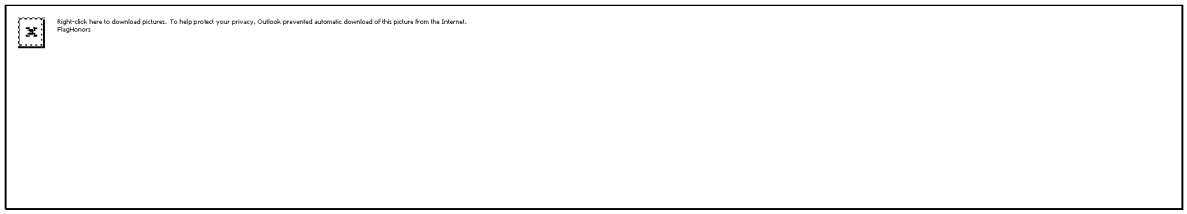
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,

Governor Rick Snyder

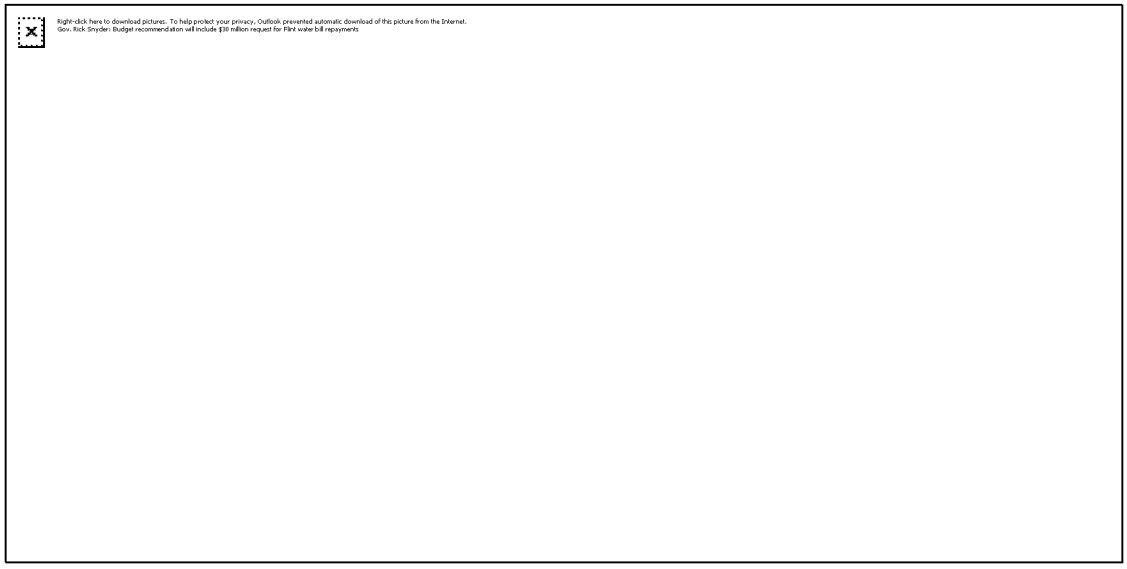
To: Martin, Todd (DTMB)
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly

65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.

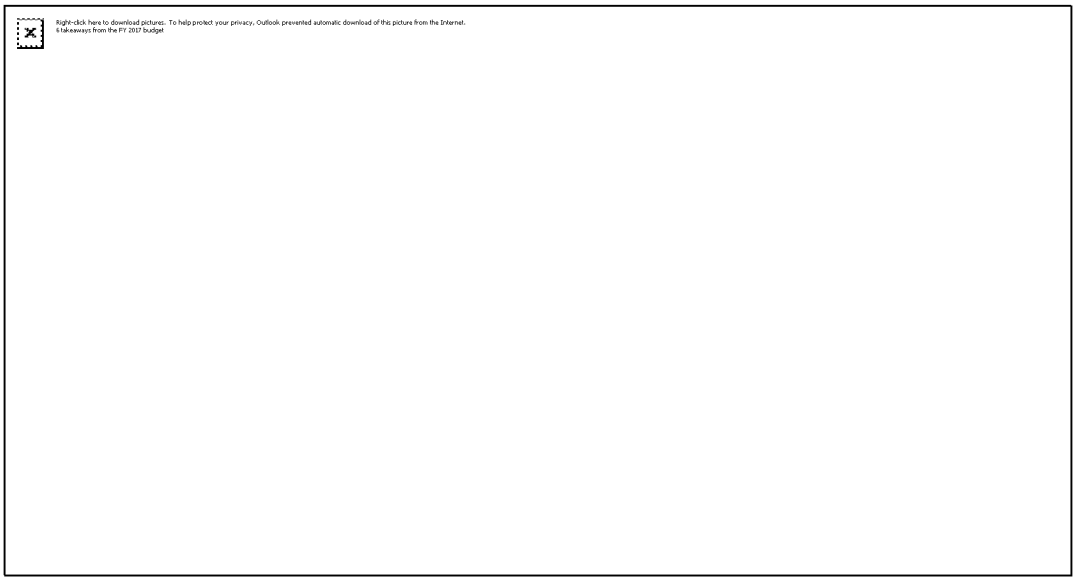
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. Click here to learn more about the top 6 takeaways from the

Governor's FY 2017 state budget.

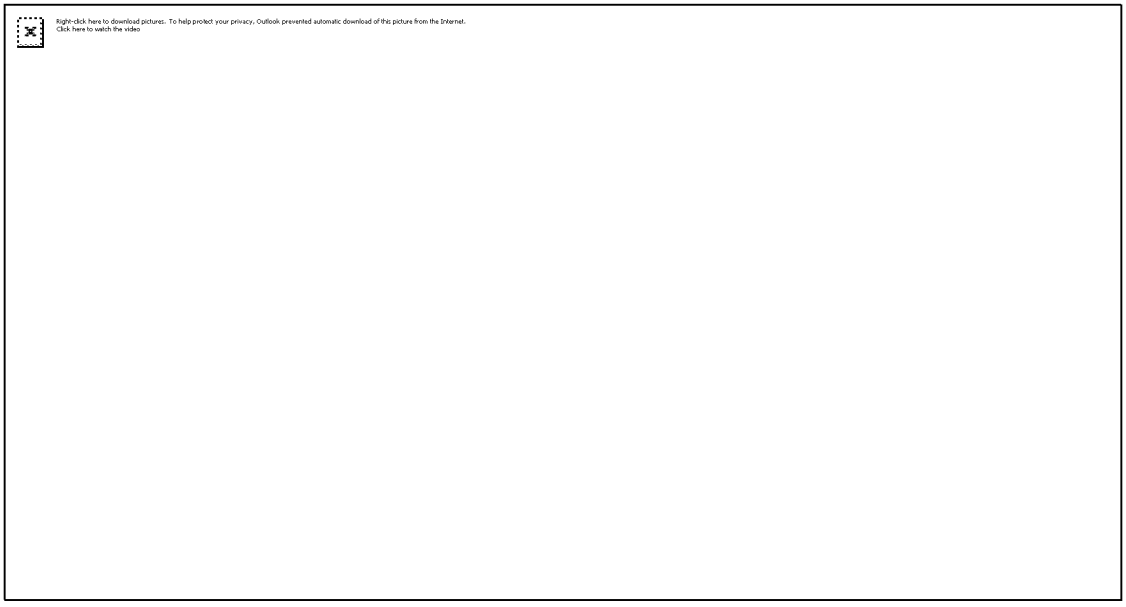
VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

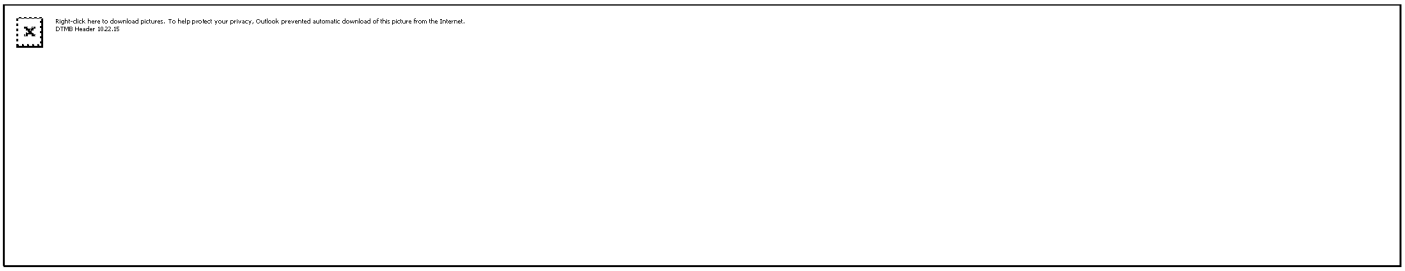
Sent: Wednesday, February 17, 2016 10:10 AM
To: Martin, Todd (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

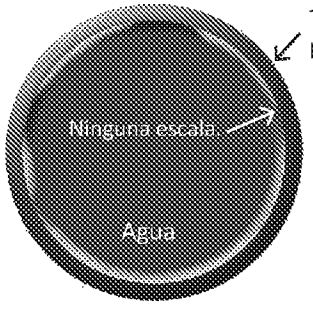
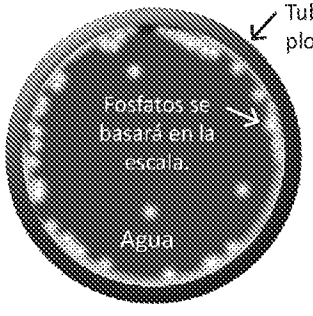
Agregado de Fosfato al Agua de Flint

¿Por qué hay plomo en el agua de algunos hogares?

- Las tuberías, soldaduras y grifos de plomo solían ser de uso común. Ahora sabemos que el plomo puede dañar nuestra salud.
- Es muy probable que en las casas construidas antes del año 1987 haya tuberías de desagüe y tuberías de suministro de plomo. Algunos grifos y ciertos tipos de soldaduras también podrían tener plomo, incluso aquellos instalados recientemente.
- Es probable que el plomo encontrado en el agua de los grifos de los hogares de Michigan provenga de tuberías antiguas, soldaduras y grifos.
- El reemplazo de tuberías de suministro antiguas, tuberías de desagüe y grifos es la única forma segura de limitar el plomo en el grifo de agua.
- Las tuberías, soldaduras y grifos nuevos deben cumplir con los estándares de producto libre de plomo de EPA.

¿Por qué estamos colocando fosfato en el agua?





- Durante años, los minerales de nuestra agua se acumularon dentro de nuestras tuberías de agua.
- Esta acumulación de minerales se llama sarro.
- Este sarro ayuda a mantener una gran cantidad de plomo, en las tuberías, fuera del agua.
- Si algo le sucede al sarro y el agua puede tocar las tuberías, el plomo se puede introducir en el agua.
- Agregar fosfato al agua ayuda a formar y mantener sarro, recolectándose en los costados de las tuberías y adhiriéndose al metal.

Pisto sobre el Fosfato

- **El fósforo es un mineral natural que el cuerpo necesita. Funciona con calcio para mantener los huesos fuertes y sanos.**
- **El fosfato es un tipo de sal que contiene fósforo.**
- **Aunque el agua potable de Detroit ya cuenta con fosfato, se está agregando una cantidad adicional al agua de la Ciudad de Flint para ayudar a agregar sarro en las tuberías.**
- **La Ciudad de Flint, MDEQ, y EPA trabajaron juntos para averiguar cuánto fosfato adicional es necesario en el agua que llega a los hogares de Flint.**
- **La mayoría de las personas probablemente ya comen y beben más fosfato en sus comidas diarias que la pequeña cantidad que se encontrará en el agua del grifo.**
- **Continúe usando filtros de agua que eliminen el plomo, hasta que se retire la Declaración de Emergencia de Salud Pública del Genesee County Health Department.**

¿Qué es el ácido fosfórico?

Aunque el agua que viene de Detroit ya posee una cantidad de fosfato, las plantas de Flint agregarán más para ayudar a acumular y mantener el sarro con mayor rapidez. Para obtener el fosfato necesario para que esto funcione, la Planta Potabilizadora de Agua de la Ciudad de Flint agregará algo llamado ácido fosfórico en el agua de la ciudad. El ácido fosfórico es un ingrediente alimenticio común en productos como cola o jugo.

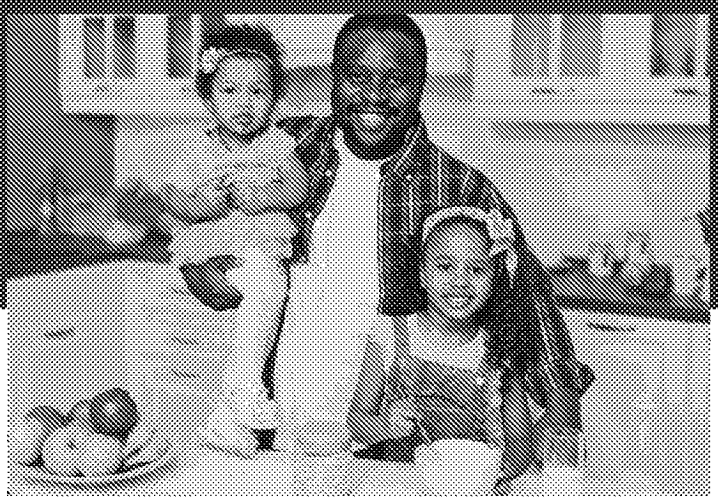
El ácido fosfórico se disolverá rápidamente en el agua y se dividirá en dos partes, hidrógeno y fosfato. El hidrógeno se convertirá en parte del agua y el fosfato restante se asentará y adherirá a las paredes de las tuberías – acumulando sarro como en la imagen anterior.

Ante cualquier duda sobre el fosfato agregado en la Ciudad de Flint, comuníquese a la City of Flint Water Plant (Planta Potabilizadora de Agua de la Ciudad de Flint) al 810-787-6537.

Ante cualquier duda sobre el fosfato y su salud, comuníquese con el MDHHS al 1-800-648-6942.

v. 12/10/2015

LUCHA CONTRA EL PLOMO CON NUTRICIÓN



¡Las comidas que preparan y sirven nuestras familias pueden ayudar sobre los efectos de la exposición al plomo de nuestros hijos! Tres pasos que puede seguir en la selección y preparación de los alimentos puede hacer la diferencia:

1. En la preparación de alimentos, asegúrese de lavar y cocinar con agua filtrada.
2. Sirva a sus niños aperitivos pequeños y saludables entre comidas.
3. Sirva alimentos altos en algunos nutrientes muy importantes: **¡hierro, calcio y vitamina C!**

HECHOS DEL PLOMO

El plomo no es bueno para la salud de ninguna persona y es especialmente malo para los niños pequeños. Mantenga a su familia resguardada evitando el contacto el plomo. Si usted vive en la ciudad de Flint, o recibe agua del sistema de la ciudad, asegúrese de usar un filtro certificado por NSF- para beber, cocinar y preparar la fórmula para el bebé. Asegúrese de cambiar el cartucho del filtro en la fecha indicada en el envase. Recuerde que usted y sus hijos también pueden estar expuestos al plomo de antiguas pinturas, polvo, suciedad, cerámica, maquillaje, juguetes y algunos remedios caseros.

Si usted tiene alguna preocupación sobre el plomo o la dieta de su hijo, hable con su médico.

ALIMENTOS QUE LUCHAN CONTRA EL PLOMO

CALCIO

¡El calcio mantiene los huesos fuertes y al plomo afuera! Los alimentos ricos en calcio incluyen:

- Leche y productos lácteos, como el queso y el yogurt
- Vegetales de hojas verdes, como la espinaca, col y berza
- El jugo de naranja enriquecido con calcio
- Tofu
- Salmón y sardinas (ambos con sus huesos)

HIERRO

El hierro protege que demasiado plomo entre en el cuerpo. Los alimentos ricos en hierro incluyen:

- Carnes rojas y magras, pescado (atún y salmón) y pollo
- Verdura de hojas verdes como espinaca, col y berza
- Cereal fortificado con hierro, pan y pasta
- Frutos secos, como las pasas y ciruelas pasas
- Frijoles

VITAMINA C

La vitamina C trabaja con el hierro para evitar que demasiado plomo entre en tu cuerpo. Buenas fuentes de vitamina C incluyen:

- Frutas cítricas, como naranjas y pomelos y sus jugos
- Tomates y jugo de tomate
- Pimientos
- Otras frutas como kiwi, fresas y melones

MSU es una acción positiva, de igualdad de oportunidades de empleo, comprometida con el logro de la excelencia por medio de la fuerza de trabajo diversa y cultura inclusiva que anima a todas las personas a alcanzar su máximo potencial. Los programas de extensión y los materiales de la Universidad del Estado de Michigan están abiertos a todos sin distinción de raza, color, nacionalidad de origen, sexo, identidad de género, religión, edad, peso, altura, capacidades diferentes, creencias políticas, orientación sexual, estado civil, situación familiar o estado de veterano. Publicado en promoción del trabajo Extensión de MSU, actas del 8 de mayo y 30 de junio de 1914, en cooperación con el Departamento de Agricultura de EE. UU. Jeffrey W. Dwyer, Director Interino, Extensión de MSU, East Lansing, MI 48824. Esta información es solo con fines educativos. 1P-3M-01:2016-OM-RM/MR WCAG 2.0

DONDE OBTENER AYUDA

Asistencia Alimentaria en el Condado de Genesee

Programa de Alimentación Básica

Este programa de alimentación suplementaria está diseñado para ayudar a personas de bajos ingresos, embarazadas o lactantes, madres jóvenes hasta un año después del nacimiento del bebé, niños de hasta 6 años y personas de 60 años y más. Se proveen alimentos una vez al mes. Llame al 810-789-3746 u 810-789-4409 para más detalles.

Doble Crédito para Compra de más Alimentos (DUFB)

El Programa DUFB corresponde a beneficios SNAP con la compra de frutas y vegetales cultivados en Michigan. Por ejemplo, si compra por un valor de $10 en productos de Michigan, ¡obtendrá un extra $10 para comprar más frutas y verduras! Puede utilizar este programa en:

- Flint Farmer's Market, 300 East 1st Street, Flint, teléfono 810-232-1399, abierto todo el año
- Landmark Food Center (dos locales) 206 West Pierson Road, Flint, tel. 810-789-7311, o 4644 Fenton Road, Flint, tel. 810-238-2972, llame para saber fecha y horario de las dos ubicaciones.

Programa Asistencia de Emergencia Alimentaria (TEFAP)

TEFAP ofrece alimentos saludables a las familias e individuos calificados 1 vez cada 4 meses. Llame a GCCARD al 810-789-3746 o 810-789-4409 para más detalles.

Bank Food of Eastern Michigan

The Food Bank of Eastern Michigan ofrece muchos programas de asistencia. Llame al 810-239-4441 para más detalles.

Programa de Asistencia de Nutrición Suplementaria (SNAP)

El programa SNAP (antes llamado estampillas de comida) ofrece dinero a los residentes de bajos ingresos para la compra de comida, incluyendo:

- Frutas y vegetales
- Pan y cereales
- Productos lácteos, carne, pescado y aves de corral

También permite comprar semillas y plantas productoras de alimentos con los beneficios del SNAP para hacer crecer su propia comida. Solicite a SNAP en www.mibridges.michigan.gov o llame al Departamento de Salud y Servicios Humanos del Condado de Genesee (DHHS) al 810-760-2200.

WIC (Mujeres, Infantes & Niños)

El Programa WIC provee comida extra para embarazadas o madres lactantes de bajos ingresos, bebés y niños de hasta 5 años que estén en riesgo nutricional. Los alimentos provistos por medio del WIC incluyen:

- Preparados para lactantes y cereales fortificados con hierro
- Frutas y vegetales ricos en hierro, calcio y vitamina C
- Pan integral y cereales
- Huevos, leche, queso y yogurt

Pa solicitar el WIC, llame al 800-262-4784 (llamada gratis) o al 810-237-4537.

WIC-Proyectos Productos Frescos

Si recibe beneficios del WIC, ¡usted es elegible para recibir el Proyecto Productos Frescos y verduras! Este programa se ejecuta del 1º de junio al 31 de octubre, de cada año. Para más información contacte al WIC del Condado de Genesee al 810-237-4537 o Extensión MSU al 810-244-8500.

Recursos Adicionales del Condado de Genesee

211

- Servicio que conecta a los residentes del Condado de Genesee con los recursos de la comunidad, especialmente en alimentación, transporte, educación y cuidados de la salud
- Conexión de los residentes con fuentes de filtros de agua y el reemplazo de los cartuchos
- Localmente financiado por el United Way del Condado de Genesee.
- Teléfono 211
- Página Web: www.211.org

Departamento de Agua de Flint

- Ofrece de agua gratis o a bajo costo
- Teléfono: 810-787-6537

Departamento de Recursos de Acción Comunitaria del Condado de Genesee (GCCARD)

- Ofrece filtros gratis de agua
- Teléfono: 810-789-3746 o 810-789-4409

Extensión Universidad del Estado de Michigan

- Ofrece clases gratuitas de educación nutricional
- Análisis de suelo para el plomo
- Teléfono: 810-244-8500

Comuníquese. Obtenga respuestas.

Llame a United Way 2-1-1 para plantear sus dudas, hacer donaciones u ofrecerse como voluntario.

TOMANDO MEDIDAS
AGUA DE FLINT

USE AGUA DEL GRIFO FILTRADA

- Para beber y cocinar
- Para lavar frutas y verduras
- Para cepillarse los dientes
- Para las cubas de agua de las mascotas

USE AGUA DEL GRIFO SIN FILTRAR

- Para limpiar
- Para bañarse

PRUEBA DE NIVEL DE PLOMO EN SANGRE

Todos los niños de Flint menores de seis años deben hacerse el examen de nivel de plomo en sangre. Contáctese con su médico de cabecera o llame al 2-1-1.

NUTRICIÓN

¿Sabía que algunos alimentos ayudan a que el plomo no se almacene en el cuerpo de los niños? Consuma alimentos ricos en calcio, vitamina C y hierro.

PRUEBA DE AGUA GRATUITA

Los residentes de Flint que tengan dudas acerca del agua pueden obtener equipos gratuitos de pruebas de agua en los sitios de recursos hídricos.

USE FILTROS DE AGUA Y CARTUCHOS FILTRANTES

Los filtros de agua pueden reducir el nivel de plomo y de otros contaminantes en un 99 por ciento si se instalan correctamente. Los sitios de recursos hídricos ofrecen filtros de agua gratuitos.

PARA AYUDA INMEDIATA

LLAME AL 2-1-1

Muestreos y pruebas de seguimiento

Los hogares seleccionados como puntos de muestreo serán visitados por un miembro del equipo de muestreo, un plomero certificado y personal adicional. El miembro del equipo de muestreo explicará el motivo de la visita y los pasos subsiguientes. El plomero hará una evaluación básica de las cañerías de la casa. El miembro del equipo de muestreo mostrará a los residentes cómo limpiar sus aireadores y cómo hacer otras pruebas de agua en forma particular.

Los resultados de las pruebas de laboratorio se publican diariamente en internet en: www.michigan.gov/flintwater.

Los resultados de las pruebas se enviarán a los residentes por el correo postal de Estados Unidos.

Si los resultados de las pruebas de su casa son mayores a 150 partes por mil millones (ppb), se le hará una visita dentro de las 48 horas siguientes.

Dentro de 48 horas después de cualquier prueba que muestre más de 150 ppb, se realizará una visita. Esta visita de cuidado de la salud en el hogar incluye:

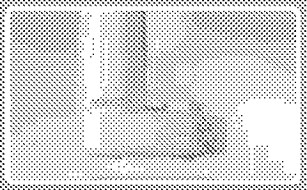
1) Información sobre bienestar y salud
2) Derivación para un análisis de sangre
3) Evaluación de las necesidades de transporte para concurrir a las citas.
4) Provisión adicional de agua embotellada, filtros de agua y equipos de muestreo.

Si los resultados de las pruebas de su casa son mayores a 100 ppb, pero menores a 150 ppb, se le hará una visita dentro del lapso de siete días.

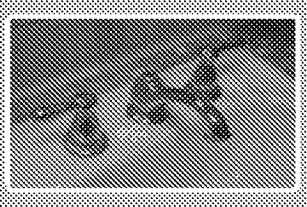
Puede ver videos instructivos sobre la sustitución de filtros y las pruebas de agua en www.michigan.gov/flintwater en la pestaña Centro de Medios.

Algunas medidas que puede tomar:

Instale un filtro certificado por la NSF y repóngalo de acuerdo a las pautas del fabricante. Puede obtener los filtros en forma gratuita.



Reemplace los grifos antiguos y los elementos que contengan componentes de plomo.



Limpie los aireadores en forma periódica para eliminar las partículas contaminantes.

Envíe muestras del agua de su hogar para que sean analizadas.

¡Hervir el agua NO elimina el plomo!

CÓMO RECICLAR BOTELLAS DE AGUA Y FILTROS DE AGUA EN FLINT

Instrucciones para el Retiro en el Borde de la Acera

Republic Services brinda reciclado en el borde de la acera dos veces por semana sin costos adicionales a residentes que ya cuentan con servicios semanales de recolección de la basura.

1)**Para obtener un cesto de reciclado azul, llame al 1-800-438-0966** (Lun. a Vie., 8a.m.-5p.m., o Sáb., 8a.m.-12p.m.) para solicitar la entrega de un cesto en su casa.

2)Hasta que reciba su cesto, Republic Services permite que las botellas sean colocadas en bolsas de plástico transparentes. No coloque la basura en la misma bolsa que las botellas.

3)Hasta que reciba su cesto, coloque las bolsas transparentes en el borde de la acera el día de retiro de los residuos, a unos pocos pies de su basura. Una vez que reciba su cesto, sáquelo el día del reciclaje.

4)Usted también puede dejar sus bolsas en cualquier de los puntos destinados a esto de la ciudad.

¿Qué debo hacer con el cartucho usado de mi filtro de agua?

1) Cuando deba cambiar su filtro de PUR o Brita, lleve el cartucho usado a un lugar de distribución.

2) Coloque el cartucho usado en la caja provista en el lugar.

3) Llévese un cartucho de reemplazo.

TODAS LAS BOTELLAS QUE DEJE DEBERÁN ESTAR EN BOLSAS DE PLÁSTICO TRANSPARENTES

No se aceptan bolsas de colores ni de tiendas

Mantenga a sus mascota libres de contaminacion de plomo

La toxicidad del plomo es una condición potencial que nececita atención de un veterinario.

Síntomas:

- Vómitos
- Convulsiones
- Diarrea
- Cansancio
- Falta de apetito
- Dolor abdominal
- Insomnio
- Debilidad
- Ceguera
- Vocalizació
- Ansiedad extrema
- Cambios de temperamento

Síntomas pueden desarrollarse con el tiempo.

Causas:

Los animales pueden ser contaminados con plomo en diferente maneras:

- Al tomar agua contaminada
- El uso inapropiado del tazon de alimento con ceramica desmaltada
- Comer o lamber pintura
- Comiendo plomo como balas, plomo de pesca, y bolas de jugar golf

Diagnóstico y tratamiento:

La toxicidad del plomo puede ser una condición seria.

Si sospecha que su mascota ha sido expuesto a contaminacion de plomo, comuniquese con un veterinario para hablar de un examen y tratamiento.

Consejos de seguridad para tratar la agua contaminada de su mascota:

- Dar a su mascota agua embotellada o filtrada para beber
- Use agua embotellada o filtrada al preparar la comida de su mascota
- Mantenga la tapa del sanitario cerrada
- No dejen que su mascota tome agua del sanitario o agua que no ha sido filtrada

Efectos adversos son reportados a la offecina del Veterinario del Estado. Cualquier veterinario que sospecha o ha confirmado un caso de toxicidad, debe reportar el caso ante el Departamento de Agricultura y Desarrollo Rural de Michigan llamando 1-800-292-3939.

FLINT WATER RESPONSE TEAM

www.michigan.gov/flintwater

PLOMO EN EL AGUA DE FLINT

INFORMACION GENERAL

- La cantidad de plomo que se encuentra en el agua potable en los hogares de Flint podría afectar la salud de los niños.
  - o Inclusa pequeñas cantidades de plomo pueden dañar la salud de los niños, ya que todavía están creciendo.
  - o Los adultos tienen menos probabilidades de ser perjudicados por los niveles encontrados en el agua.
- Filtre el agua potable utilizando un filtro aprobado por la National Sanitation Foundation (NSF).
  - o Usted puede recibir un filtro aprobado por NSF gratis, si utiliza agua de la Ciudad de Flint.
  - o Llame al 2-1-1 para averiguar adónde puede retirar un filtro de agua gratuito.
- Algunos filtros pueden eliminar hasta el 99% del plomo en el agua cuando se utilizan correctamente. Para asegurarse de que su filtro está eliminando la mayor cantidad de plomo posible, siga cuidadosamente las instrucciones enviadas con éste.
  - o Deje correr agua fría a través del filtro solamente.
  - o Cambie el cartucho del filtro tan a menudo como lo indiquen las instrucciones.
- Incluso después de los cambios en el sistema de agua, puede tomar un tiempo antes de que los niveles de plomo en el agua se reduzcan.
- El plomo es difícil de evitar por completo. Se puede encontrar en las tuberías de agua y grifos de agua de bronce, pintura vieja, en la tierra, en algunos lugares de trabajo, y en el metal usado en algunos pasatiempos.

Hay una serie de pasos que puede tomar para que usted y su familia estén saludables. Utilice los siguentes consejos para aprender más sobre cómo mantenerse saludable:

PLOMO EN EL AGUA

Aunque el agua a veces puede ser de un color diferente, esto no es causado por el plomo. Es importante recordar:

- Usted no puede ver, eler o saborear plomo en el agua.
- El plomo no cambiará el color del agua.
- La única manera de saber cuáles son los niveles de plomo en su hogar es haciendo examinar el agua.

PLOMO EN LA SANGRE

- Si sus hijos viven en Flint o van a la escuela o a una guardería en la ciudad de Flint, sus niveles de plomo en la sangra deben ser examinados.
- Debe comunicarse con su médico para realizarse un examen.
- El examen está disponible de forma gratuita en el Departamento de Salud del Condado de Genesee. Llame al 2-1-1 si necesita ayuda para llegar allí.
- Si está embarazada o amamantando, y ha dado negativo en los niveles altos de plomo en la sangre, es seguro amamantar.
- Si está embarazada o amamantando y ha dado positive en los niveles altos de plomo en la sangre, hable con su médico acerca de la seguridad de la lactancia materna.

CONSEJOS PARA MANTENER SU HOGAR PROTEGIDO DEL PLOMO

FILTROS DE AGUA

- Haga examinar el agua de su casa. Es gratis. Llame al 2-1-1.
- Utilice un filtro de agua. Llame al 2-1-1 para solicitar un filtro gratuito.
- Si usted no tiene un filtro de agua, utilice agua embotellada para beber y para mezclar fórmula.
- Use agua fría y filtrada para cocinar.
- Lave frutas y verduras con agua filtrada.
- Si tiene que usar agua sin filtrar, deje correr el agua durante cinco minutos antes de usarla. Para ahorrar tiempo y agua en el futuro, es una buena idea llenar tantos envases como sea posible, una vez que haya dejado correr el agua durante cinco minutos.
- Drene y purgue los tanques de su calentador de agua regularmente, para eliminar cualquier plomo que haya quedado acumulado. Siga las instrucciones de fabricante para el mantenimiento o póngase en contacto con un profesional autorizado para obtener ayuda.

LIMPIEZA

- Lave platos, botellas y juguetes con agua no filtrada y jabón y deje que se sequen antes de su uso.
- Es seguro usar el agua del grifo sin filtrar para limpiar pisos y mesadas.
- Es seguro lavar la ropa en la lavadora y secadora.
- Utilice un tapete en la puerta. Quítese los zapatos cuando esté dentro.
- Aspirar alfombras puede levantar más polvo de plomo sobre la superficie. Utilice una barredora no motorizada para limpiar alfombras.
- Limpie alféizares y áreas de juego a menudo con toallas de papel y agua con jabón.

CONSEJOS PARA MANTENER SU HOGAR PROTEGIDO DEL PLOMO

EN EL BAÑO

- Utilizar agua filtrada para cepillar los dientes de sus hijos.
- Los adultos pueden usar el agua del grifo sin filtrar para lavarse los dientes.
- Se puede utilizar agua del grifo sin filtrar para bañarse, pero no deje que los niños beban el agua cuando jueguen en la bañera.
- Estudios realizados por los Centros de Control y Prevención de Enfermedades muestran que los padres pueden seguir bañando a sus hijos en la bañera, pero la hora del baño se debe utilizar para el baño solamente, en lugar de permitir que los niños jueguen en el agua durante mucho tiempo.
- El plomo no causa erupciones u otros problemas de la piel. Sin embargo, si los niveles de cloro u otros productos de limpieza son altos en el agua, puede causar picazón en la piel o piel seca (similar a lo que puede suceder cuando usted nada en una piscina).

CUIDADO DE MASCOTAS

- Utilice agua filtrada del grifo para que su mascota beba en su tazón.
- Usted puede utilizar el agua del grifo sin filtrar para bañar a sus mascotas.
- Si usted nota que su mascota actúa de manera diferente de la normal, consulte a su veterinario.

DIETA SALUDABLE

- Coma alimentos ricos en hierro, calcio y vitamina C.
- Lávese las manos con jabón y agua tibia antes de comer.
- Si necesita alimentos frescos y saludables, llame a la oficina de WIC al 810-237-4537, o para la asistencia alimentaria "SNAP" aplique en www.michigan.gov/mibridges o visite su oficina local del Departamento de Salud y Servicios Humanos de Michigan.

BUENAS FUENTES DE HIERRO INCLUYEN:

- Carnes rojas desgrasadas, pescado y pollo
- Cereales con hierro añadido
- Frutas secas (pasas, ciruelas pasas)

BUENAS FUENTES DE CALCIO INCLUYEN:

- Leche
- Yogur
- Queso
- Verduras de hojas verdes (espinaca, col rizada, berza)

BUENAS FUENTES DE VITAMINA C INCLUYEN:

- Naranjas, jugo de naranja
- Toronja, jugo de toronja
- Tomates, jugo de tomate
- Pimientos verdes

INFORMACION DEL PLOMO

El equipo de respuesta de Flint esta enfocado en la crisis de plomo en la agua. Además del agua, cientificos, durante mucho tiempo, han estado preocupados por todas las fuentes de plomo, incluyendo la pintura con

PINTURA CON PLOMO

- Las casas construidas antes de 1978 probablemente tienen pintura con plomo, tanto dentro como fuera.
- La pintura vieja es la forma más común en que los niños son expuestos al plomo.

TIERRA

- Si usted vive en la ciudad, puede haber plomo en la tierra afuera de su casa.
- Antes de 1996, el gas y los gases de escape de los automóviles contenian plomo. Más plomo se encontrará en la tierra de áreas con tránsito intenso.

POLVO

- El polvo en su casa puede tener pequeñas cantidades de plomo de la pintura y suciedad.

AFICIONES Y EMPLEOS

- Las soldaduras, plomadas de pesca, balas y materiales que enmarcan los vitrales son algunos elementos que pueden contener plomo. Usted podría también llevar polvo con plomo a casa de su sitio de trabajo.

¿TIENE PREGUNTAS?

- Para más información sobre cómo protegerse usted y su familia del plomo, visit www.michigan.gov/flintwater.
- Para saber dónde puede obtener un filtro de agua gratuito, llame al 2-1-1.
- Para una examinación de su agua gratis, llame al 2-1-1.
- Para más información sobre el plomo en su casa y lo que puede hacer, llame al Departamento de Salud y Servicios Humanos de Michigan al 1-800-648-6942.
- Para obtener información sobre cómo puede ayudar, visite www.helpforflint.com.

RICK SNYDER
GOVERNOR

STATE OF MICHIGAN
DEPARTMENT OF AGRICULTURE
AND RURAL DEVELOPMENT

JAMIE CLOVER ADAMS
DIRECTOR

14 de enero de 2016

Atención: Establecimientos de comidas que utilizan el suministro de agua de la Ciudad de Flint

Estimado Operador del Establecimiento de Comidas:

El 5 de octubre de 2015 le fue enviado un documento recomendando acciones a seguir para evitar el riesgo de servir a sus clientes agua contaminada con plomo. Efectivizado inmediatamente, las recomendaciones se convirtieron en un requisito legal, y esta medida ejecutiva de licencias para establecimientos de comidas podrá ser aplicada si se encuentra que no se cumplió, hasta que la declaración de emergencia de salud pública sea anulada.

Lea la ficha de requisitos actualizada que se encuentra adjunta. Es posible que su establecimiento deba tomar medidas inmediatas para cumplir con este requisito.

Su establecimiento cuenta con tres opciones:

1. Demostrar que su establecimiento no está usando el suministro de agua de la Ciudad de Flint para beber, procesar o cocinar.
2. Demostrar que su agua fue examinada y es de uso seguro. Puede solicitar un examen gratuito a un oficial de regulación. Para programar una recolección y análisis gratuito del nivel de plomo en el agua de su establecimiento, comuníquese al 1-800-292-3939, de lunes a viernes, e informe que posee un "establecimiento de comidas en Flint que solicita un examen del agua". Prepárese para brindar un tiempo para las muestras luego de que todo el sistema de agua no haya sido usado durante por lo menos 6 horas. Las citas para las muestras están disponibles entre las 5 AM y las 4 PM. Las oficinas estatales estarán cerradas el 18 de enero de 2016.
3. Instale filtros de agua según sea necesario, y deje correr agua diariamente en aquellos grifos sin filtros y equipos de plomería pesada. (El uso discontinuo, dejar correr el agua, etc. aún será necesario hasta que se obtenga una prueba segura del agua).

Los inspectores del Michigan Department of Agriculture and Rural Development le están brindando asistencia al Genesee County Health Department para la conducción de muestras e inspecciones, de modo que es posible que usted deba trabajar con otra persona en lugar de su inspector de seguridad alimentaria habitual. Los inspectores también realizarán visitas a establecimientos en las próximas semanas, para brindar asistencia y verificar el cumplimiento de las medidas.

Para acceder a información adicional, comuníquese al 1-800-292-3939, o para acceder a la información más reciente sobre las respuestas en relación al agua de Flint, visite www.michigan.gov/flintwater. Esperamos poder ayudarle de cualquier forma posible.

Atentamente,

Kevin Besey, Director
Food and Dairy Division
(División de Alimentos y Lácteos)
Michigan Department of Agriculture and Rural Development

27 de octubre de 2015

Estimado Padre,

Como ayuda para asegurar que los niños de Flint estén protegidos de la exposición al plomo, El Genesee County Health Department y el Michigan Department of Health and Human Services le brindan respuestas a las siguientes preguntas:

- ¿De dónde viene el plomo?
- ¿Qué puedo hacer para proteger a mi familia?
- ¿Debo hacer que mi hijo sea examinado?
- ¿Adónde puedo encontrar más información sobre el plomo?

¿De dónde viene el plomo?

Fueron encontrados niveles elevados de plomo en el agua potable de tuberías de plomo en la Ciudad de Flint. Los niños también pueden estar expuestos al plomo de pintura vieja, tierra, cerámica, cosméticos y juguetes y algunos remedios caseros. Los trabajos y pasatiempos de los adultos tales como reparación del auto, vitrales, fabricación de joyas y manejo de municiones también pueden poner a los niños en riesgo, si tocan prendas o juegan en áreas donde hay plomo. El plomo presenta un riesgo grave para la salud, especialmente en los niños pequeños quienes se envenenan al comer, beber o respirar plomo.

¿Se le debe hacer a mi hijo un examen de plomo en la sangre? Los niños que viven en la Ciudad de Flint, que viven en un hogar donde se usa agua de la Ciudad de Flint, o que asisten a la escuela, reciben cuidado de niños o con frecuencia pasan tiempo con un cuidador en la Ciudad de Flint deberán acceder a un examen de envenenamiento con plomo.
Esto se deberá realizar lo antes posible.

¿Adónde debo ir para que se le haga un examen de plomo en la sangre a mi hijo?

El mejor lugar para realizar el examen de plomo en la sangre a su hijo es el consultorio de su médico. Los exámenes son cubiertos por la mayoría de los planes de salud. Su médico hará con usted el seguimiento de los exámenes médicos y le brindará información sobre qué hacer a continuación. Su hijo también puede acceder a un examen de plomo gratuito en el Genesee County Health Department. Si necesita transporte, comuníquese al 2-1-1 para solicitar ayuda.

Entendiendo el resultado del examen de plomo de su hijo.

Un nivel de plomo debajo de 5 significa que hay poco plomo en la sangre de su hijo. Use los siguientes consejos para ayudar a que su hijo se mantenga seguro. Su medico podrá sugerir un nuevo examen para su hijo dentro de los siguientes 12 meses, para asegurar que el nivel no haya subido.

Un nivel de plomo de 5 a 44 significa que su hijo tuvo cierta exposición al plomo. Trabaje con su medico y con el departamento de salud local para acceder a mayor orientación sobre cómo limitar su exposición al plomo. Su médico podrá volver a examinar a su hijo entre 1 y 3 meses después, para asegurar que el nivel no haya subido.

Los niños con niveles de plomo muy altos **(más de 44)** podrán requerir un tratamiento en el hospital.

¿Qué puedo hacer para mantener segura a mi familia?

Se deberán seguir estos pasos de inmediato para protegerse usted y a su hijo.

Cómo proteger a su familia del plomo en el agua:

- Solicite un examen de plomo en su agua. Es gratuito. Para más información, comuníquese al (810) 787-6537.
- Use un filtro de agua en su hogar. Llame al 2-1-1 para acceder a información sobre filtros de agua gratuitos Certificados por NSF.
- Sólo deje correr agua fría a través del filtro.
- Si no cuenta con un filtro de agua, consuma agua de botella o fórmula mezclada.
- Use agua filtrada o agua en botella para beber (incluyendo la preparación de café, mezclas de bebidas, jugo y formula de bebé), y la cocina (incluso aunque hierva el agua, el plomo permanecerá en el agua y la comida).
- Usted puede usar agua del grifo no filtrada para lavarse las manos y lavar los platos.
- Si deberá usar agua no filtrada para beber o cocinar, deje correr agua por el grifo durante cinco minutos antes de usar la misma.

Limpieza segura:

Una limpieza segura es importante. Mantener su casa limpia y segura de riesgos de plomo le ayudará a proteger a su familia.

- Es posible que las edificaciones construidas antes de 1978 posean pintura con plomo. Use toallas de papel húmedas para limpiar pedazos de pintura y polvo en estas edificaciones antiguas. Asegúrese de limpiar alrededor de las ventanas, áreas de juegos y pisos.
- Lávese las manos y lave los juguetes de forma frecuente con agua y jabón.
- Puede usar agua del grifo no filtrada para limpiar mesadas, fregar pisos y lavar ropa.

Buena nutrición:

Algunas comidas le ayudarán a evitar que el plomo se acumule en el cuerpo de un niño. Éstas son comidas con gran cantidad de calcio, hierro y vitamina C. Estas comidas incluyen:

Comidas Ricas en Calcio	**Comidas Ricas en Hierro**	**Comidas con Vitamina C**
➢ Leche	➢ Habas	➢ Naranjas
➢ Queso	➢ Carnes magras como pescado y pollo	➢ Jugo de naranja
➢ Yogurt	➢ Cereales integrales	➢ Pomelos
➢ Tofu	➢ Mantequilla de maní	➢ Tomates
➢ Espinaca		➢ Pimienta verde

Siempre lave la fruta con agua filtrada. Si está preocupado por la dieta de su hijo, hable con su médico, quien le podrá recomendar un multivitamínico diario.

WIC y SNAP brindan asistencia a los padres y niños que necesitan comidas frescas y saludables. Para más información, comuníquese a la **oficina del WIC del Condado de Genesee al (810) 237-4537**. SNAP también ofrece un programa de Double Bucks para adquirir incluso comidas más saludables sin costo adicional.

¿Adónde puedo encontrar más información sobre el plomo?

Eden V. Wells, MD, MPH, FACPM
Director Médico Ejecutivo
Michigan Department of Health and Human Services

Gary K. Johnson, MD, MPH
Director Médico
Genesee County Health Department

30 de octubre de 2015

Estimado Proveedor:

Como posiblemente ya sepa por los informes de noticias recientes, altos niveles de plomo fueron encontrados en tuberías de plomo dentro del sistema de agua de la Ciudad de Flint.

Para ayudar a proteger a los niños de Flint del nivel de plomo actual en la exposición al agua, el Genesee County Health Department y el Michigan Department of Health and Human Services se están comunicando con usted para brindarle orientación y apoyo a sus familias.

Los niños pueden estar expuestos al plomo del agua potable que circula a través de las tuberías de plomo, plomo de pintura vieja, tierra, cerámica, cosméticos y juguetes y algunos remedios caseros. Los trabajos y pasatiempos de los adultos tales como reparación del auto, vitrales, fabricación de joyas y manejo de municiones también pueden poner a los niños en riesgo, si tocan prendas o juegan en áreas donde hay plomo.

Como proveedor principal de cuidado, usted cumple un rol crítico de ayuda para asegurar que sus hijos y familias expuestas al plomo reciban el cuidado y las garantías necesarias para manejar los posibles impactos sobre la salud por envenenamiento con plomo.

Identificación. Los niños que sufren envenenamiento con plomo con frecuencia no presentan síntomas externos. Sin embargo, síntomas clínicos tempranos pueden incluir anemia, anorexia, dolor abdominal y constipación. El plomo es una neurotoxina y la exposición a éste puede provocar conductas violentas y agresivas, llevar a desórdenes en el aprendizaje, causar Trastorno con Déficit de Atención por Hiperactividad (ADHD, según sus siglas en inglés) y se sabe que reduce el coeficiente intelectual entre 5 y 8 puntos con niveles tan bajos con 10 ug/dL. El plomo es metabolizado a través del sistema gastrointestinal de forma similar al hierro y el calcio, con un promedio de absorción que depende del tipo y peso del niño. La vida media del plomo en la sangre es corta (aproximadamente 1 mes), pero la vida media en el hueso se puede extender por décadas.

Debido a múltiples factores de riesgo que enfrentan muchos residentes de la Ciudad de Flint (incluyendo problemas en casas antiguas y la calidad del agua), recomendamos que todos los niños menores de 6 años que viven en la Ciudad de Flint, o en hogares que usen agua de Flint, que asisten a la escuela o reciben cuidado de niños de Flint, o que pasen tiempo con un cuidador en la Ciudad de Flint, accedan a un examen de plomo en la sangre. El examen de plomo en la sangre debe ser realizado a través del médico de cabecera, para asegurar un seguimiento adecuado al corto o largo plazo. ***Se deberá alentar a las familias para que sus hijos sean examinados de inmediato, ya sea en los consultorios médicos o en el Genesee County Health Department.***

Manejo de los Niveles de Plomo en la Sangre. Se brinda la siguiente guía para el manejo de los niveles de plomo en la sangre de los niños:

- **BLL < 5 ug/dL**
  - Un nivel de plomo inferior a 5 mcg/dL no es típicamente una causa de preocupación.
  - Brinde educación y orientación anticipatoria para asegurar que los niveles de plomo no se eleven.
  - Considere un nuevo examen en 12 meses en base a los factores de riesgo y preocupaciones.
- **BLL >5 ug/dL**

- **Los niños con resultados capilares de 5 ug/dL y superiores deberán acceder a una extracción de sangre venosa confirmatoria.**
- Las familias deberán recibir una guía anticipatoria, consejos sobre nutrición, instrucciones sobre técnicas de limpieza segura y seguimiento de cuidado adecuado por parte de su proveedor principal.
- Los servicios en el hogar que incluyen manejos de casos e investigaciones medioambientales están disponibles para todos los niños con niveles de plomo superiores a 5 ug/dL. Derive a los pacientes al Genesee County Health Department para el acceso a este servicio.
- Los niños con resultados confirmados de exámenes venosos superiores a 5ug/dL dentro de los últimos 18 meses deberán volver a ser examinados en base a la política de Medicaid y las pautas de AAP. (Consulte la "Guía Rápida del Proveedor" adjunta). Si un niño no fue examinado nuevamente dentro de estos límites de tiempo, se recomienda un nuevo examen tan pronto como sea posible.

- **BLL > 44 ug/dL.**
  - **Los niños con resultados capilares de 5 ug/dL y superiores deberán acceder a una extracción de sangre venosa confirmatoria.**
  - Los niveles de plomo superiores a 44 ug/dL podrán requerir hospitalización. Para mayor orientación, consulte a un experto del Children's Hospital of Michigan en Detroit.
  - Las familias deberán recibir una guía anticipatoria, consejos sobre nutrición, instrucciones sobre técnicas de limpieza segura y seguimiento de cuidado adecuado por parte de su proveedor principal.
  - Los servicios en el hogar que incluyen manejos de casos e investigaciones medioambientales están disponibles para todos los niños con niveles de plomo superiores a 5 ug/dL. Derive a los pacientes al Genesee County Health Department para el acceso a este servicio.
  - Los niños con resultados confirmados de exámenes venosos superiores a 5ug/dL dentro de los últimos 18 meses deberán volver a ser examinados en base a la política de Medicaid y las pautas de AAP. (Consulte la "Guía Rápida del Proveedor" adjunta). Si un niño no fue examinado nuevamente dentro de estos límites de tiempo, se recomienda un nuevo examen tan pronto como sea posible.

Recordatorio: Todos los niños de 1 y 2 años con cobertura de Medicaid deberán ser examinados.

Cuidado de seguimiento. Como proveedores, hay pasos que ustedes pueden seguir para ayudar a sus familias:

1. Continúe informando y educando a las familias en relación a los riesgos del plomo y los pasos preventivos que pueden seguir para minimizar los riesgos.
2. Aliente a las familias a usar agua filtrada para beber, mezclar fórmula y lavar los platos. Las familias pueden comunicarse al 2-1-1 para acceder a información sobre filtros de agua Certificados por NSF gratuitos.
3. Una nutrición saludable es crítica para los niños expuestos al plomo. Asegúrese de que sus pacientes estén consumiendo dietas balanceadas altas en hierro, calcio y vitamina C. Ante cualquier preocupación sobre la nutrición, considere la recomendación de un multivitamínico con hierro. WIC y SNAP brindan asistencia a los padres y niños que necesitan comidas frescas y saludables. Para más información, comuníquese a la oficina del WIC del Condado de Genesee al (810) 237-4537. Además, SNAP ofrece un programa de Double Bucks que pueden brindar comidas saludables a un menor precio.
4. La alimentación de pecho representa una alta protección y es recomendada. Sin embargo, si el nivel de plomo en la sangre de la madre supera los 40 ug/dL o su nivel es superior a 20 ug/dL y el bebé tiene un nivel superior a 5 ug/dL, no se recomienda la alimentación de pecho.
5. Debido a que el plomo es una neurotoxina, los niños con envenenamiento de plomo necesitan un seguimiento longitudinal y podrán requerir servicios de intervención para el desarrollo y salud mental. Continúe monitoreando el desarrollo de sus pacientes en cada visita.

6. Considere servicios de cuidado y apoyo adicionales que beneficiarán a sus pacientes, tales como programas de visita al hogar para la niñez temprana, Early Head Start y Head Start. Llame al 2-1-1 para más información.

Recursos locales. Varios recursos locales están disponibles para usted y sus pacientes:

- Examen de sangre. Se alienta a los pacientes a comunicarse con su proveedor principal para un examen. El Genesee County Health Department también administra exámenes de plomo. Los pacientes que necesiten transporte se deberán comunicar al 2-1-1 para solicitar ayuda.
- Examen del agua. El examen del agua es gratuito a través de la Planta de Evaluación del Agua de la Ciudad de Flint. Para más información, los pacientes se pueden comunicar al (810) -787-6537.
- WIC y SNAP brindan asistencia a los padres y niños que necesitan comidas frescas y saludables. Para más información, comuníquese a la oficina del WIC del Condado de Genesee al (810) 237-4537.
- Desarrollo infantil. Ante cualquier duda sobre el crecimiento, desarrollo o aprendizaje del niño, comuníquese al 2-1-1 para consultar sobre el Home Visiting Program (Programa de Visitas al Hogar) en su área.

Gary K. Johnson, MD, MPH
Director Médico

Genesee County Health Department

Intoxicación por PLOMO

Madres Embarazadas

El envenenamiento por plomo es causado por respirar o ingerir plomo. El plomo puede transferirse de la madre embarazada al bebé.

Demasiado plomo en su cuerpo puede:

- Crear riesgo de aborto
- Hacer que su bebé nazca demasiado pronto o demasiado pequeño
- Dañar el cerebro, los riñones y el sistema nervioso de su bebé
- Causar que su bebé tenga problemas de aprendizaje o comportamiento

1. Lo que usted puede hacer:

Hacer una prueba de agua para plomo.

- El plomo en el agua no tiene color, olor ni sabor.
- La única manera de saber el nivel de plomo de su hogar es que hagan una prueba de su agua en un laboratorio.

2. Filtre el agua del grifo.

Filtre su agua potable usando un filtro aprobado por la NSF. Los filtros pueden eliminar hasta el 99% del plomo en el agua cuando se usan correctamente. Para asegurarse de que su filtro elimina todo el plomo posible, siga cuidadosamente las instrucciones que vienen con él.

- Cambie el cartucho del filtro tan a menudo como sea necesario.
- Use solamente agua fría con el filtro.
- Use agua filtrada para beber, cocinar, cepillar los dientes de sus hijos y lavar fruta y verdura.

Consejo: Tiene disponibles gratis agua embotellada, filtros aprobados por la NSF y kits de prueba de agua en los lugares de recursos de agua en Flint.
Llame a United Way 2-1-1 por un lugar cerca de usted.

3 Sepa cuándo usar agua sin filtrar.

- Es seguro lavar platos, botellas, chupones y juguetes con agua sin filtrar y jabón, siempre que los seque completamente antes de usarlos.
- Se puede usar agua sin filtrar para ducharse y bañarse, pero ponga cuidado en que no entre agua en la boca de los niños y no deje que beban el agua de la tina.

4 Coma alimentos con calcio, hierro y vitamina C.

Estos alimentos pueden ayudar a protegerla a usted y a su bebé.

- El calcio está en la leche, el yogur, el queso y las verduras de hoja verde como la espinaca.
- El hierro está en la carne roja, los frijoles, los cereales y las espinacas.
- La vitamina C está en las naranjas, los pimientos verdes y rojos, el brócoli, los tomates y los jugos.

5 Hable con su doctor.

- Puede conseguir un análisis de plomo en sangre. Hable con su doctor o departamento de salud local para conseguir información.

Para más información sobre protegerse a usted y a su familia contra el plomo, visite www.michigan.gov/flintwater.

Para más información sobre el plomo en su hogar y lo que usted puede hacer, llame al Departamento de Salud y Servicios Humanos de Michigan al 1-888-322-4453 o visite www.michigan.gov/lead.

Los residentes de Flint pueden llamar al Departamento de Agua de Flint para conseguir una prueba de agua gratuita, 810-787-6537, o agarrar una en un lugar de recursos de agua.

Genesee County Health Department

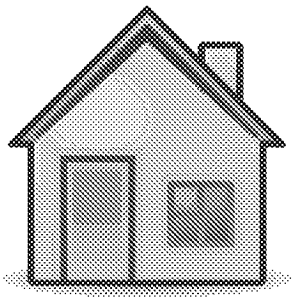
Keeping Your Home Lead-Safe
Clean Your Aerators

MDHHS Michigan Department of Health & Human Services

What can you do to keep your home lead-safe?



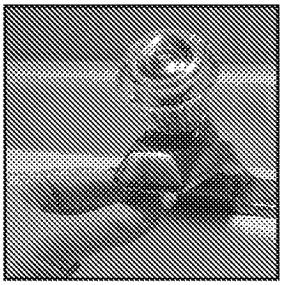
- Homes built before 1987 are more likely to have lead service lines and pipes. Some faucets and certain kinds of solder could also have lead in them, even those installed recently.
- The lead found in tap water in homes around Michigan is likely from these older pipes, solder, and faucets. You can have your water tested to see if it has lead in it.
- Replacing old pipes, service lines, and faucets is the best way to limit the lead in your tap water. New pipes, solder, and faucets should meet EPA lead-free standards.
- If you can't replace your pipes and faucets, please use an NSF-approved filter for all water that you drink or cook with. You can get a filter that attaches to your sink faucet or you can use a pitcher with a filter inside it. If you live in Flint, call 211 to find out where you can get a free faucet filter, replacement filter cartridges, or a water filter pitcher.

For bathrooms or other places where you don't have a filter:

When pipes are old, they break apart more easily. Sometimes pipes break completely; sometimes they just get new cracks. This can cause bits of lead pipe to end up in our home's water. There are screens - called aerators - on our faucets that sometimes stop the larger pieces from coming out. Aerators do help us save water - so it's good to have them - but cleaning them once in awhile is a way to limit the lead that could end up in your water.

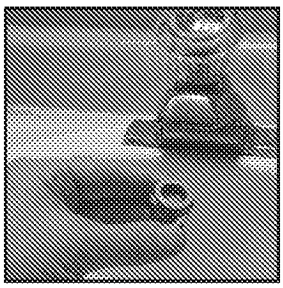
Follow the steps below to learn how to clean your aerators:

1.



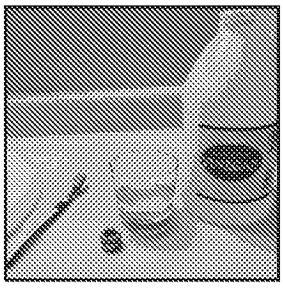
- The little round thing on the bottom of your faucet is the aerator (pronounced: *air-raytor*).
- Unscrew the aerator from the bottom of the faucet.
- You should be able to unscrew it with your fingers, but you might need a wrench if it's really stuck.

2.



- Your aerator might not look exactly the same as this, but it's OK.
- Now that you have it off, let's get started!

3.

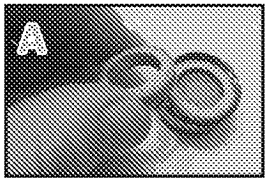


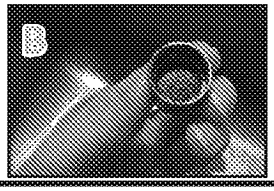
- While you really only need to use water to rinse off your aerator parts, if you have these things around, they might make it easier:
  - An old toothbrush
  - A glass of vinegar

4.

- Soaking the aerator in vinegar will help loosen up some of the grime. You can leave it in as long as you want, but even just 5 minutes will help.
- The toothbrush makes it easy to scrub out the inside. Just don't use that toothbrush for brushing your teeth again!

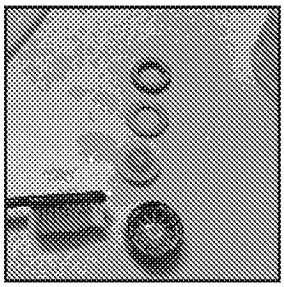
5.





- If your aerator looks like Photo A, it has a flow control piece in it. You'll have to take it apart:
  - Pull out the pieces carefully.
  - Note the order that the pieces come out. Take a picture or write down some notes. You'll have to put them back in at the end in the same way!
- If it looks like Photo B, then you're good to go to Step 6.

6.

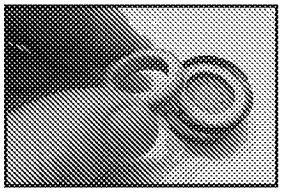


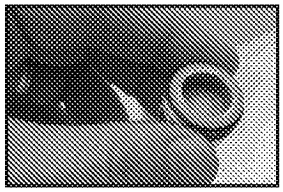
- You might not have all of these pieces. They might not be this color. Every aerator is a little different. Just clean what you have.
- Scrub all of the pieces. Make sure you really get down inside the metal piece, removing any bits of grime or metal flakes you can see.

7.

- Rinse everything very well.
- Run the water through the aerator screen - holding it right side up and upside down.

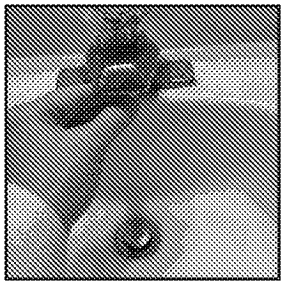
8.





- Once it's clean,
  - If your aerator looks like Photo A up above, put it back together.
  - If it looks like Photo B, you're all set.

9.



- Put your aerator back on your faucet.
- Repeat these steps every couple of weeks. This will make sure pieces of lead and other metal from any pipes aren't getting stuck in your faucet and possibly putting lead into your water.

HOW TO RECYCLE WATER BOTTLES AND WATER FILTERS IN FLINT

Empty Water Bottles Drop-Off Locations

Fire Station #1
310 East Fifth Street
9 a.m. – 9 p.m., daily

Fire Station #5
3402 Western Road
9 a.m. – 9 p.m., daily

Fire Station #8
202 East Atherton
9 a.m. – 9 p.m., daily

Bill Carr Signs
719 West 12th Street
8 a.m. – 4 p.m., M-F

Young's Environmental
5305 North Dort Highway
8 a.m. – 6 p.m., M-F

Dover & Company
651 Hall Street
8 a.m. – 4 pm., M-F

Comcast Service Center
3008 Airpark Drive South
10 a.m. – 5 p.m., M-F
10 a.m. – 1 p.m. Saturday

Curbside Pickup Instructions

Republic Services provides bi-weekly curbside recycling at no additional cost to residents who already have weekly trash collection services.

1) **To get a blue recycling bin, call 1-800-438-0966** (M-F, 8a.m.-5p.m., or Sat., 8a.m.-12p.m.) to request a bin to be delivered to your house.

2) Until you get your bin, Republic Services allows bottles to be placed in clear plastic bags. Do not put trash in the same bag as the bottles.

3) Until you get your bin, set the clear bags on the curb on your trash day a few feet from your trash. Once you get your bin, set it out on recycling day.

4) You can also drop your bag off at one of the drop-off locations around the city. (See side bar for locations)

What should I do with the used cartridge in my water filter?

1) When your PUR or Brita filter needs to be changed, take the used cartridge to a distribution site.

2) Place the used cartridge in the box provided at the site.

3) Pick up a replacement cartridge.

ALL BOTTLES DROPPED OFF MUST BE IN CLEAR PLASTIC BAGS
No solid color or grocery bags accepted

Fire Station #8
202 East Atherton Rd.
Flint, MI 48507

USE FILTERED TAP WATER

- Drinking, cooking
- Brushing teeth
- Washing fruits and vegetables
- Pet water bowls

USE UNFILTERED TAP WATER

- Cleaning
- Bathing

BLOOD LEAD LEVEL TESTING

All Flint children less than six years of age should have their blood lead levels tested. Contact your primary care provider or call 2-1-1.

NUTRITION

Did you know that some foods will help keep lead from being stored in a child's body? These are foods with a lot of calcium, vitamin C and iron.

FREE WATER TESTING

Flint residents who are concerned about their water can obtain free water testing kits at the water resource sites.

USE WATER FILTERS & CARTRIDGES

Water filters can reduce lead and other contaminants by 99 percent when installed correctly. Free water filters are available at the water resource sites.

FOR IMMEDIATE ASSISTANCE

DIAL 2-1-1

FLINT WATER RESPONSE TEAM

www.michigan.gov/flintwater

LEAD IN FLINT WATER

GENERAL INFORMATION

- The amount of lead found in some Flint homes' drinking water could affect kids' health.
  - o Even small amounts of lead can harm kids' health because they are still growing.
  - o Adults are less likely to be harmed by the levels found in the water.
- Filter your drinking water using a National Sanitation Foundation (NSF)-approved filter.
  - o You can receive a free a NSF-approved filter if you use City of Flint water.
  - o Call 2-1-1 to find out where you can pick up a free water filter.
- Some filters can remove up to 99 percent of the lead in water when used properly. To be sure your filter is removing as much lead as it can, carefully follow the instructions that came with it.
  - o Run only cold water through the filter.
  - o Change the filter cartridge as often as the instructions say.
- Even after changes to the water system, it may take a while before lead levels in your home's water drop.
- Lead is hard to avoid completely. It can be found in water pipes and brass water faucets, old paint, in dirt, at some job sites, and in metal used for some hobbies.

There are a number of steps you can take to keep yourself and your family healthy. Use the tips below to learn more about how to stay healthy:

LEAD IN WATER

Although your water may be a different color sometimes, it is not caused by lead. It's important to remember:

- You can't see, smell, or taste lead in water.
- Lead won't change the color of your water.
- The only way to know what your home's lead levels are is by having your water tested.

LEAD IN BLOOD

- If your children live in Flint or go to school or childcare in the City of Flint, their blood-lead level should be tested.
- You should contact your doctor about testing.
- Testing is available for free at the Genesee County Health Department. Call 2-1-1 if you need help getting there.
- If you are pregnant or nursing, and you have tested negative for high blood-lead levels, it is safe to breastfeed.
- If you are pregnant or nursing and have tested positive for high blood-lead levels, talk to your doctor about the safety of breastfeeding.

TIPS TO KEEP YOUR HOME SAFE FROM LEAD

WATER FILTERS

- Get your water tested. It's free. Call 2-1-1.
- Use a water filter. Call 2-1-1 for a free filter.
- If you do not have a water filter, use bottled water for drinking and mixing formula.
- Use cold, filtered water for cooking.
- Wash fruits and vegetables with filtered water.
- If you must use unfiltered water, run the water for at least five minutes before you use it. To save time and water in the future, it's a good idea to fill up as many containers as you can once you've run your water for five minutes.
- Drain and flush your water heater tanks regularly to remove any lead that has accumulated. Follow manufacturers instructions for maintenance or contact a licensed professional for assistance.

CLEANING

- Wash dishes, bottles and toys with unfiltered soapy water and dry before use.
- It is safe to use unfiltered tap water to mop floors and wipe down countertops.
- It is safe to wash clothes in your washer and dryer.
- Use door mats. Take your shoes off when indoors.
- Vacuuming carpets may pull more lead dust to the surface. Use a non-motorized sweeper to clean carpets.
- Clean windowsills and play areas often with paper towels and soapy water.

TIPS TO KEEP YOUR HOME SAFE FROM LEAD

IN THE BATHROOM

- Use filtered tap water to brush your kids' teeth.
- Adults can use unfiltered tap water to brush their teeth.
- You can use unfiltered water to shower or bathe, but don't allow water to get in kids' mouths.
- Studies reviewed by the Centers for Disease Control and Prevention show that parents can continue bathing their children in the tub but bath time should be used for bathing only, rather than allowing children to play in the water.
- Lead will not cause rashes or other skin problems. However, if levels of chlorine or other cleaners are high in the water, it may cause itchy or dry skin (similar to what can happen when you swim in a pool).

CARING FOR PETS

- Use filtered tap water for your family pets' water bowls.
- You can use unfiltered tap water to bathe your pets.
- If you notice your pet acting differently than normal, contact your vet.

HEALTHY DIET

- Eat food sources of iron, calcium and vitamin C.
- Wash hands with soap and warm water before eating.
- If you need fresh and healthy food, call the WIC office at 810-237-4537, or for SNAP food assistance apply at www.michigan.gov/mibridges or visit your local Michigan Department of Health and Human Services office.

SOURCES OF IRON INCLUDE:

- Lean red meats, fish, chicken
- Cereals with added iron
- Dried beans and lentils

SOURCES OF CALCIUM INCLUDE:

- Milk
- Yogurt
- Cheese
- Calcium fortified orange juice
- Leafy green vegetables such as kale or turnip greens

SOURCES OF VITAMIN C INCLUDE:

- Oranges, orange juice
- Grapefruit, grapefruit juice
- Tomatoes, tomato juice
- Green peppers
- Potatoes

LEAD INFO

The Flint water response team is focused on the lead in water crisis. In addition to water, scientists have long been concerned about all sources of lead including lead paint, dust, soil, etc.

LEAD PAINT

- Homes built before 1978 likely have lead paint, both inside and outside.
- Old paint is the most common way that kids are exposed to lead.

DIRT

- If you live in the city, there may be lead in the dirt outside your home.
- Before 1996, gas and the exhaust from cars contained lead. More lead will be found in dirt in busy traffic areas.

DUST

- The dust in your home can have tiny amounts of lead from paint and dirt.

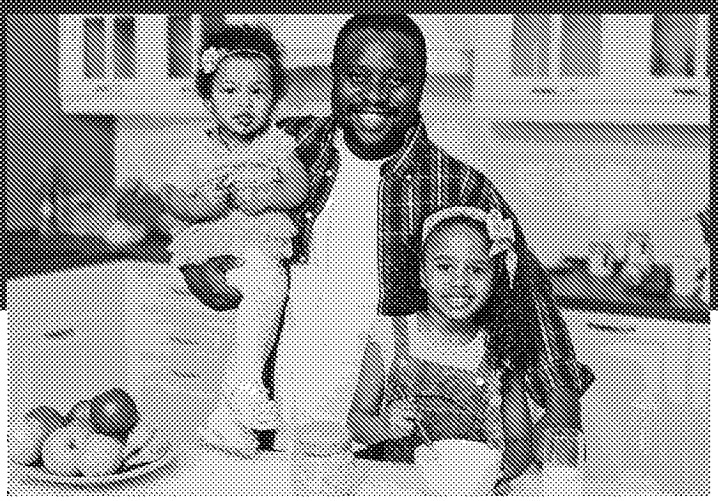
HOBBIES AND JOBS

- Solder, fishing sinkers, bullets, and stained glass framing materials are some items that may contain lead. You could also track home lead dust from your job site.

HAVE QUESTIONS?

- For more information about protecting yourself and your family from lead, visit www.michigan.gov/flintwater.
- To find out where you can get a free water filter, call 2-1-1.
- For a free water test, call 2-1-1.
- For more information about lead in your home and what you can do, call the Michigan Department of Health and Human Services at 1-800-648-6942.
- For information on how to help, visit www.helpforflint.com.

FIGHT LEAD WITH NUTRITION



The foods we prepare and serve to our families can help limit the effects of our kids' exposure to lead! Three steps you can take in choosing and preparing food can make a difference:

1. When preparing food, be sure to wash and cook it with filtered water.
2. Serve your kids small, healthy snacks between meals.
3. Serve foods that are high in a few really important nutrients: **iron, calcium and vitamin C!**

LEAD FACTS

Lead isn't good for anyone's health and is especially bad for small children. Keep your family lead-safe by avoiding contact with it. If you live in the city of Flint, or get water from the city's water system, be sure to use an NSF-certified filter for drinking, cooking and mixing baby formula. Make sure to change the filter cartridge by the date printed on the package. Remember that you and your children can also be exposed to lead from old paint, dust, dirt, pottery, make-up, toys and some home remedies.

If you have any concerns about lead or your child's diet, talk with your doctor.

LEAD-FIGHTING NUTRIENTS

CALCIUM

Calcium keeps your bones strong and the lead out! Calcium-rich foods include:

- Milk and milk products, like cheese and yogurt
- Green leafy vegetables, such as spinach, kale, and collard greens
- Calcium-enriched orange juice
- Tofu
- Canned salmon and sardines (both with the bones in)

VITAMIN C

Vitamin C works with iron to keep too much lead from getting into your body. Good sources of vitamin C include:

- Citrus fruits, like oranges and grapefruit and their juices
- Tomatoes and tomato juice
- Peppers
- Other fruits like kiwi, strawberries and melons

IRON

Iron keeps too much lead from getting into your body. Foods high in iron include:

- Lean red meats, fish (tuna and salmon) and chicken
- Green leafy vegetables, such as spinach, kale and collard greens
- Iron-fortified cereal, bread and pasta
- Dried fruit, such as raisins and prunes
- Beans

Dwyer, Interim Director, MSU Extension, East Lansing, MI 48824. This information is for educational purposes only. 1P 3M 01:2016 OM RM/MR WCAG 2.0

WHERE TO GET HELP

Food Assistance in Genesee County

Commodities Food Program

This supplemental food program is designed to help low-income pregnant or breastfeeding women, new mothers up to one year after birth, infants, children up to age 6, and people aged 60 and up. Food is provided once a month. Call 810-789-3746 or 810-789-4409 for details.

Double Up Food Bucks (DUFB)

The DUFB program matches your SNAP benefits when you buy Michigan-grown fruits and vegetables. For example, if you buy $10 worth of Michigan produce, you'll get an extra $10 to buy more fruits and veggies! You can use this program at:

- Flint Farmer's Market, 300 East 1st Street, Flint, phone 810-232-1399, open year round
- Landmark Food Center (two locations) 206 West Pierson Road, Flint, phone 810-789-7311, OR 4644 Fenton Road, Flint, phone 810-238-2972, call to check dates and hours for both locations.

The Emergency Food Assistance Program (TEFAP)

TEFAP provides healthy foods to qualified families and individuals once every 4 months. Call GCCARD at 810-789-3746 or 810-789-4409 for details.

Food Bank of Eastern Michigan

The Food Bank of Eastern Michigan offers many food assistance programs. Call 810-239-4441 for details.

Supplemental Nutrition Assistance Program (SNAP)

The SNAP program (formerly called *food stamps*) provides low-income residents with money to purchase food, including:

- Fruits and vegetables
- Breads and cereals
- Dairy, meat, fish and poultry

You're also allowed to buy seeds and food-producing plants with your SNAP benefits to grow your own food. Apply for SNAP at www.mibridges.michigan.gov or call the Genesee County Department of Health and Human Services (DHHS) at 810-760-2200.

WIC (Women, Infants & Children)

The WIC program supplies extra food for low-income pregnant or breastfeeding mothers, infants and children up to 5 years old who are at nutritional risk. Foods provided through WIC include:

- Infant formula and iron-fortified cereals
- Fruits and vegetables rich in iron, calcium and vitamin C
- Whole grain bread and cereals
- Eggs, milk, cheese and yogurt

To apply for WIC, call 800-262-4784 (toll-free) or 810-237-4537.

WIC-Project Fresh

If you receive WIC benefits, you're eligible to receive Project Fresh coupons to buy locally grown fruits and veggies! This program runs from June 1 through October 31 each year. For more information contact Genesee County WIC at 810-237-4537 or MSU Extension at 810-244-8500.

Additional Genesee County Resources

211

- Service connects Genesee County residents to community resources including food, transportation, education and health care
- Connects residents to sources of water filters and replacement cartridges
- Locally funded by United Way Genesee County.
- Phone 211
- Web: www.211.org

Flint Water Department

- Offers free or low-cost water testing
- Phone 810-787-6537

Genesee County Community Action Resource Department (GCCARD)

- Offers free water filters
- Phone 810-789-3746 or 810-789-4409

Michigan State University Extension

- Offers free nutrition education classes
- Soil testing for lead
- Phone 810-244-8500

HURLEY CHILDREN'S HOSPITAL

ADULT EXPOSURE TO LEAD
FACT SHEET

Where can adults be exposed to lead?

More than 80 percent of exposure to lead among adults is from work. The most common work exposures in Michigan are removal of lead paint, manufacture of brass and bronze fixtures, recycling of lead batteries, and as an instructor or doing maintenance in a firing range.

Adults can also be exposed to lead in tap water from water pipes, and renovation of homes built before 1978 with paint containing lead. The lead found in tap water in homes around Michigan would be from pipes installed before 1986.

What is lead?

- Lead is a heavy metal. The largest use for lead is in storage batteries in cars and other vehicles.
- Brass and bronze used in plumbing faucets may be about 10 percent lead. Lead is commonly used to make bullets.
- Historically, lead compounds were widely used as a pigment in paints, dyes, and ceramic glazes and in caulk, pipes and solder.

Should adults be concerned about exposure to lead?

Adults are at less risk of developing health effects from lead taken by mouth than children. Adult bodies tend to absorb less lead than children's bodies (smaller amounts of lead that is swallowed end up in adult's blood than would end up in children's blood). Adult's bodies remove almost all of the lead that is swallowed, while children's bodies only remove about a third of the lead amount they swallow.

However, health effects could still occur in adults who have had years of exposure. Exposure to lead can contribute to adult health effects such as:

- Essential tremor of their hands[1]
- Small increases in blood pressure, especially in middle-aged or older people[1,2]
- Decreased kidney function[1]
- Changes in sperm and possible difficulty becoming pregnant[1]

People exposed to higher levels of lead, like those measured during occupational exposures, could have other health effects, such as muscle weakness, irritability, difficulty sleeping, inability to concentrate, nerve damage in hands and feet, and anemia[2].

People with health effects should speak to their medical providers. Many of the listed health effects can be caused by things other than lead. If they are from lead, they would more likely be associated with exposure to lead over many years that occurred when the adult was younger.

Should adults get tested for lead?

People concerned about their exposure should speak with their healthcare provider about blood lead testing. If you don't have a primary care doctor, visit the Genesee County Health Department, South McCree Building at 630 S. Saginaw St. Suite 4 in Flint for blood testing and to be enrolled in health insurance.

FLUORIDE, BOTTLED WATER, AND ORAL HEALTH
FREQUENTLY ASKED QUESTIONS

What is fluoride?

The mineral fluoride occurs naturally on earth and is released from rocks into the soil, water, and air. All water contains some fluoride.

Fluoride has been proven to protect teeth from decay. Fluoride helps to rebuild and strengthen the tooth's surface, or enamel.

Water fluoridation prevents tooth decay by providing frequent and consistent contact with low levels of fluoride. By keeping the tooth strong and solid, fluoride stops cavities from forming and can even rebuild the tooth's surface.

Does bottled water contain fluoride?

Bottled water products may contain fluoride, depending on the source of the water. Fluoride can be naturally present in the original source of the water, and many public water systems add fluoride to their water.

The U.S. Food and Drug Administration (FDA) regulates fluoride in bottled water and sets limits, based on several factors, including the source of the water.

Bottled water products labeled as de-ionized, purified, demineralized, or distilled have been treated in such a way that they contain no, or only trace amounts, of fluoride, unless they specifically list fluoride as an added ingredient.

Is the amount of fluoride in bottled water always listed on the label?

The FDA does not require bottled water manufacturers to list the amount of fluoride on the label, unless the manufacturer has added fluoride within set limits. Labels have to specifically list fluoride as an added ingredient, if it is added.

If the amount of fluoride is not on the bottle's label, contact the bottled water's manufacturer to ask about the fluoride content of a particular brand.

Can I use bottled water for mixing infant formula?

Yes, you can use bottled water to mix powdered or liquid concentrate infant formulas, but the fluoride content in bottled water varies.

Some water companies make bottled waters for infants and for the purpose of mixing with formula. When water is labeled as intended for infants, the water must meet tap water standards established by the U.S. Environmental Protection Agency and indicate that the water is not sterile.

What other fluoride products are available?

For all of the products below, talk to your pediatrician or dentist about what options are best for your child.

Fluoride Varnish

Fluoride varnish is painted by a dental or medical professional directly onto the teeth. Varnishes must be reapplied at regular intervals with at least 2 applications per year. Fluoride varnish applications are recommended on all children 0-5 years old beginning when the first tooth grows in. Fluoride varnish is recommended every 3-6 months depending on the cavity risk of the child.

Fluoride Mouth Rinse

Children younger than 6 years of age should not use fluoride mouth rinse without consultation with a dentist or other health care provider because dental fluorosis could occur if such mouth rinses are repeatedly swallowed.

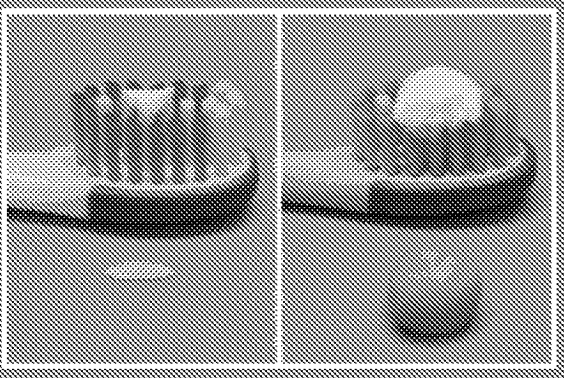
Fluoride mouth rinse is a concentrated solution intended for daily or weekly use. Over the counter fluoride mouth rinses or prescription fluoride supplements may be recommended for high risk children.

Fluoride Toothpaste

Fluoride toothpaste is available over-the-counter and makes up more than 95 percent of toothpaste sales in the United States.

How much toothpaste should my child use?

- Children under 3 years old should use a grain of rice size/smear of toothpaste 2 times a day with parental supervision.
- Children 3-6 years old should use a pea size amount of toothpaste 2 times a day with parental supervision.
- Adults should brush 2 times a day with fluoridated toothpaste.



Under Age 3 *3-6 Years of Age*

Where can I go for more information?

Visit the Centers for Disease Control and Prevention Fluoride website at www.cdc.gov/fluoridation.

For information about free water filters or bottled water, visit www.michigan.gov/flintwater or call United Way 211.

LEAD poisoning

Pregnant Mothers

Lead poisoning is caused by swallowing or breathing lead. Lead can pass from a mother to her unborn baby.

Too much lead in your body can:

- Put you at risk of miscarriage
- Cause your baby to be born too early or too small
- Hurt your baby's brain, kidneys, and nervous system
- Cause your child to have learning or behavior problems

1. What you can do:

Get your water tested for lead.

- You can't see, smell, or taste lead in water.
- The only way to know what your home's lead levels are is by having your water tested in a lab.

2. Use bottled water.

The safest option for pregnant women and children under 6 years old is to use bottled water for drinking, cooking or making formula. Filtered water can be used only if your filter is NSF-certified to remove lead and you follow all instructions on how to use it/when to replace it.

Tip: Bottled water, NSF-approved water filters, and water testing kits are available for free at water resource sites across Flint. Call United Way 2-1-1 for a location near you.

3 Know when to use unfiltered water.

- It's safe to wash dishes, bottles, pacifiers and toys often with unfiltered soapy water as long as you dry fully before use.
- Unfiltered water can still be used to shower and bathe, but be careful to not get water in your child's mouth or let them drink the water in the tub.

4 Eat foods with calcium, iron and vitamin C.

These foods may help protect you and your unborn baby.

- Calcium is in milk, yogurt, cheese, and green leafy vegetables like spinach.
- Iron is in lean red meat, beans, cereals, and spinach.
- Vitamin C is in oranges, green and red peppers, broccoli, tomatoes, and juices.

5 Talk to your doctor.

- Blood lead testing is available. Talk to your doctor or local health department to learn more.

For more information about protecting yourself and your family from lead, visit www.michigan.gov/flintwater.

For more information about lead in your home and what you can do, call the Michigan Department of Health and Human Services at 1-888-322-4453 or visit www.michigan.gov/lead.

Flint residents can call the City of Flint Water Department for a free water test, 810-787-6537, or pick one up at a water resource site.

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

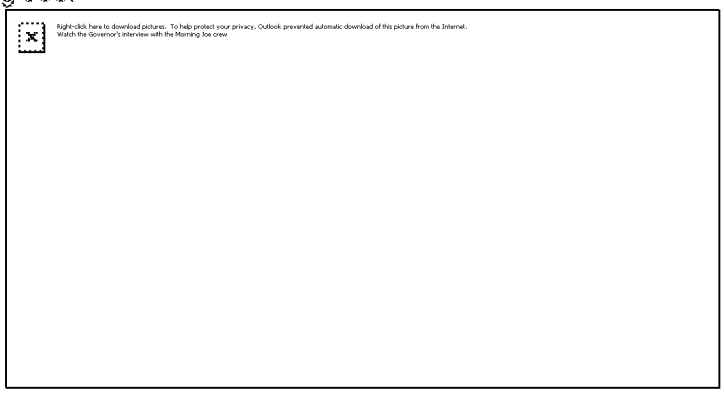
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

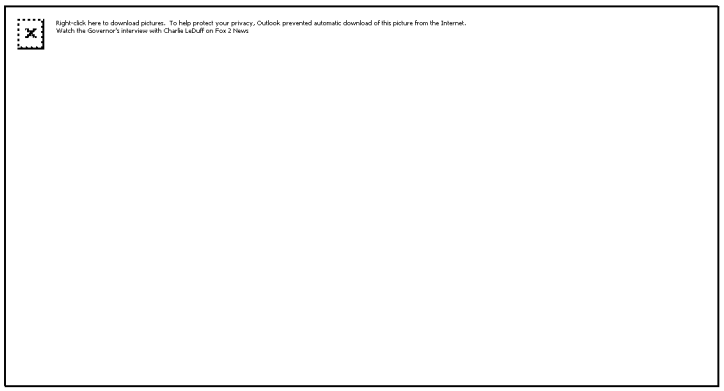
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

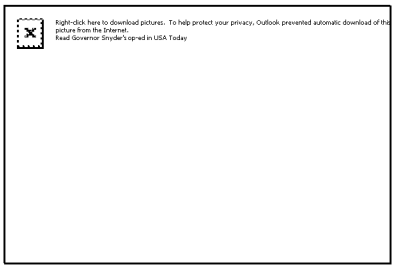
came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

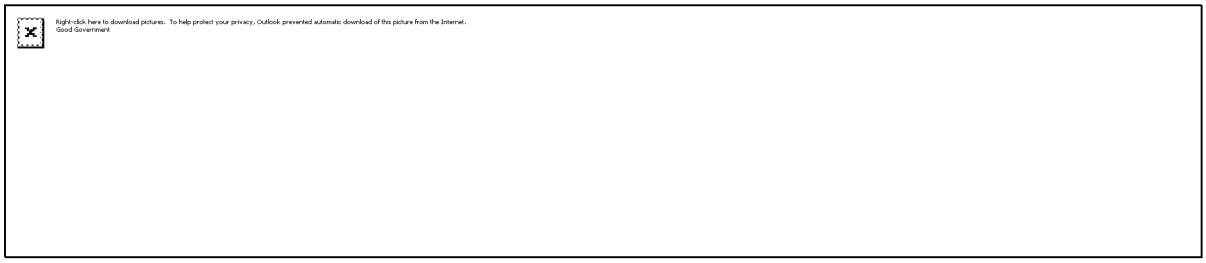
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

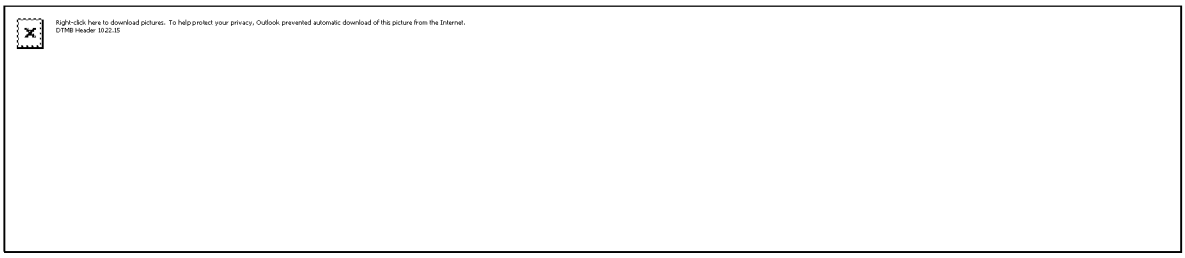
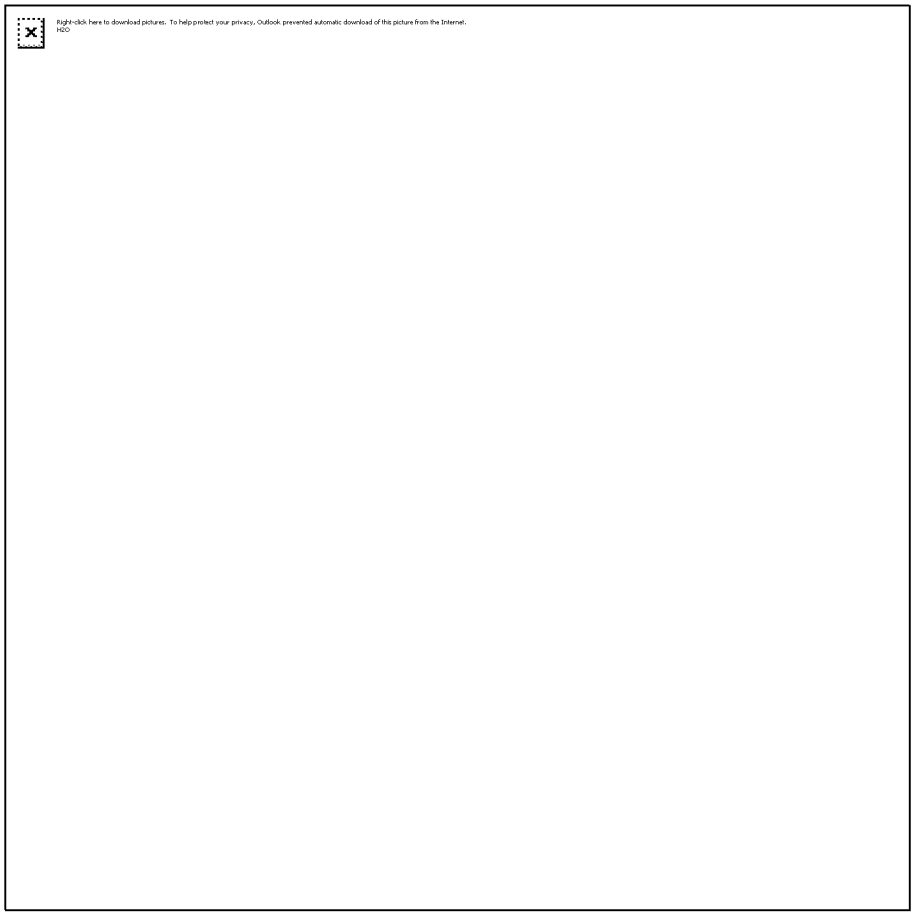
Sent: Tuesday, January 26, 2016 8:39 AM
To: McKee, Robert (DTMB)
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

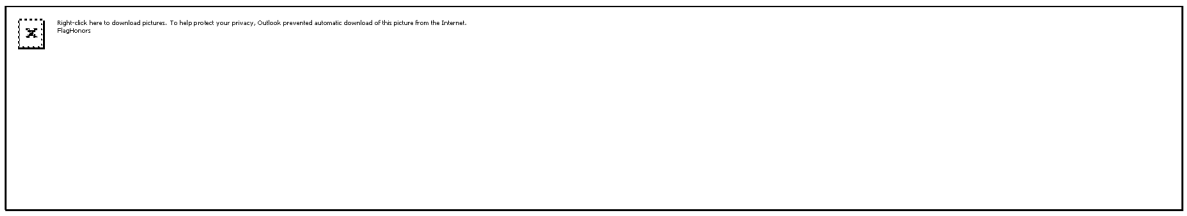
Subject: Thank you for your service



THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

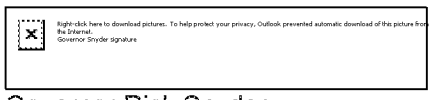
I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,



Governor Rick Snyder

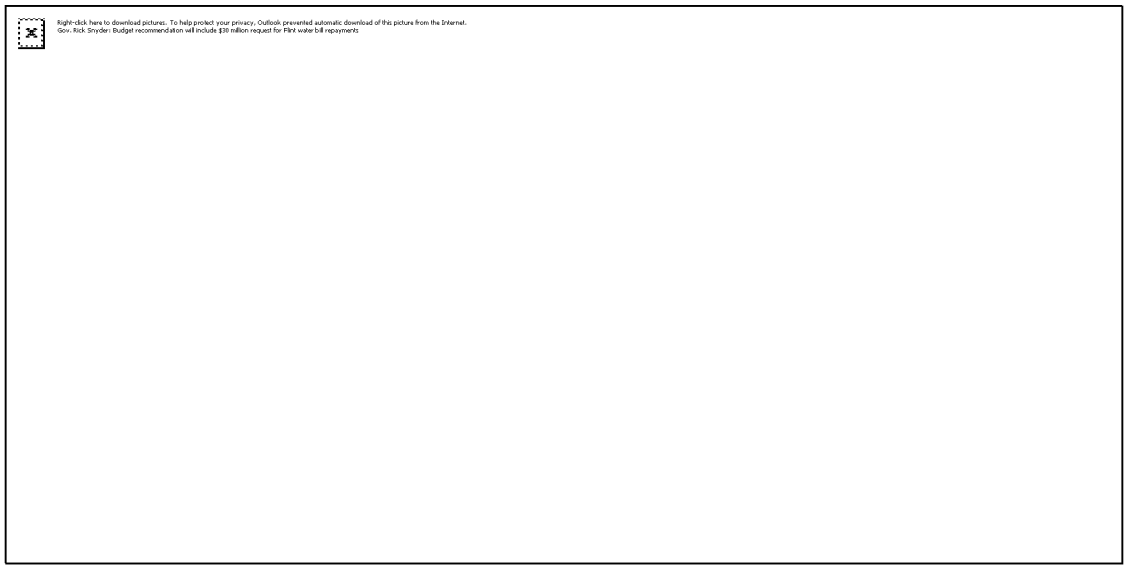
Sent: Wednesday, February 03, 2016 6:26 PM
To: McKee, Robert (DTMB)
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



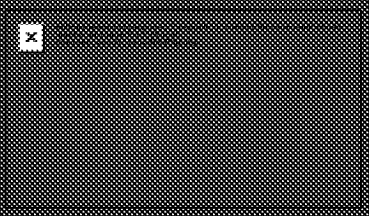
When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking, and washing your hands. Residents still would be responsible for paying the sewer portion

of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.



We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

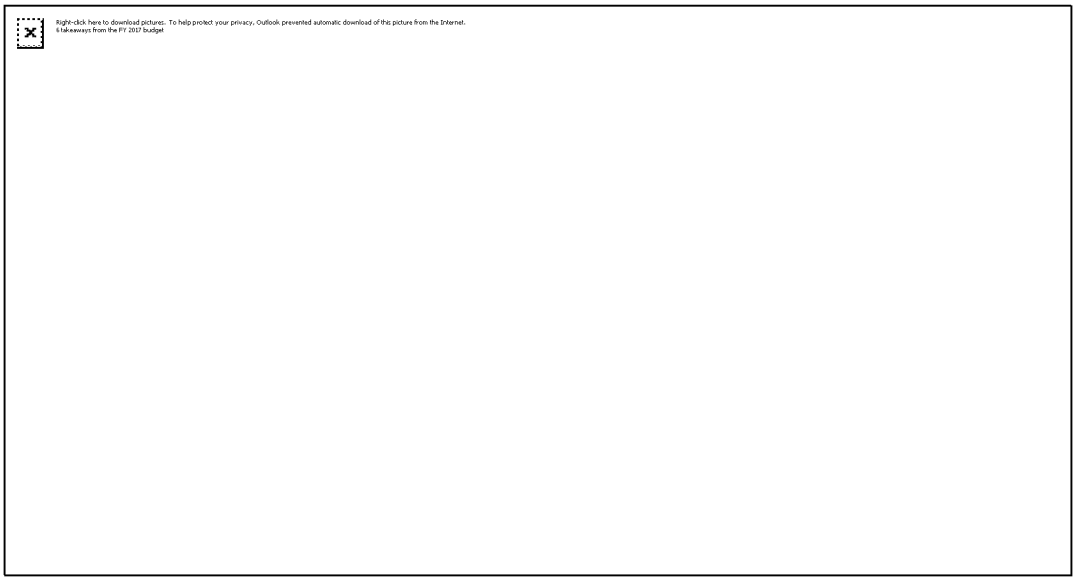
VIDEO: What Governor Snyder's FY17 budget means for Michigan



Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of

Michigan's families. Click here to learn more about the top 6 takeaways from the Governor's FY 2017 state budget.

Click a tweet to tweet it out:

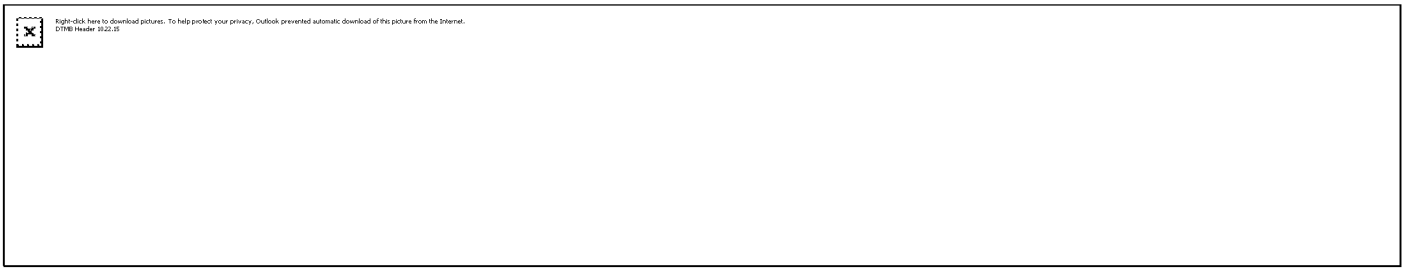
Sent: Wednesday, February 17, 2016 10:10 AM
To: McKee, Robert (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Flint Water Advisory

Date/Time:

Effective Wednesday, January 7, 2015

Details:

The City of Flint recently sent out the attached notice regarding violations to the drinking water standards. While the City of Flint states that corrective actions are not necessary, DTMB is in the process of providing a water cooler on each occupied floor, positioned near the water fountain, so you can choose which water to drink. The coolers will arrive today and will be provided as long as the public water does not meet treatment requirements.

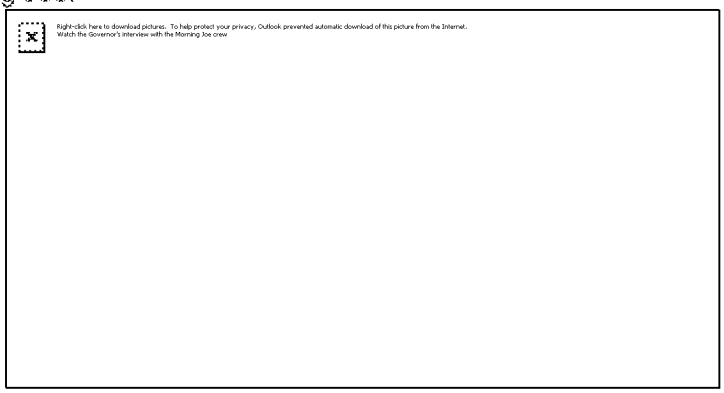
How we are fixing the Flint water crsis

Governor Rick Snyder has committed to spending the rest of his time as Governor to fixing the Flint water crisis. Over the last few days, he has sat down to explain what happened and how we're fixing the Flint water crisis. Watch the interviews below and be sure to read the Governor's Op-Ed in the USA Today.

Governor Snyder on Morning Joe

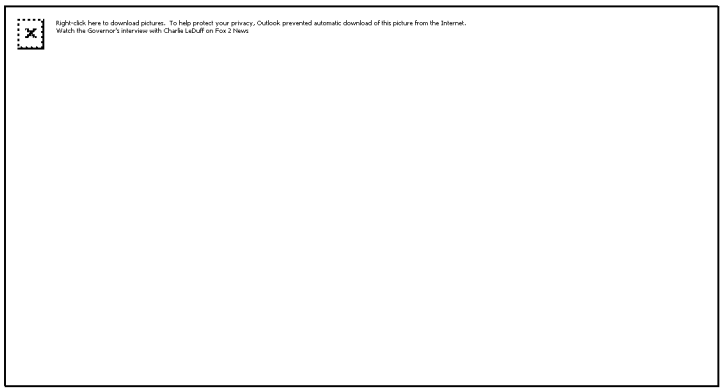
"What is so frustrating and what makes you so angry is you have a handful of experts who were career civil servants that made terrible decisions, in my view. We have to live with the consequences, and they worked for me, so I accept that responsibility. We are going to fix this problem." Watch Governor Snyder address how we are fixing the Flint water crisis on Morning Joe.



Governor Snyder with Charlie LeDuff on Fox 2 Detroit

"I feel awful about this. These are people. They've been harmed. You can't feel good about that. The people of Flint have been harmed and a major influence of that harm

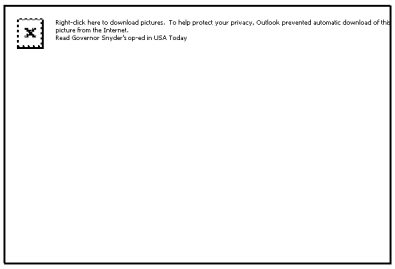
came from people who worked for me, and I feel responsible for that. But I am committed to solving the problem and addressing the damage as much as possible for the rest of the time I'm Governor." Watch Governor Snyder address the Flint water crisis with Charlie LeDuff on Fox 2 News.



Governor Snyder's 2016 State of the State

"Michiganders don't quit, we don't give up, instead we will work with even more passion and commitment to truly improve our state. For everyone who's chosen to make Michigan their home, this is more than a promise, this is my commitment." Watch Governor Snyder's full closing statement from his 2016 State of the State address.

Governor in USA Today: "I will fix this, and I mean it."



"Residents in one of Michigan's proud cities cannot drink their water. That's unacceptable. The crisis in Flint arose from missteps at all levels of government — local, state and federal. But as governor, I take responsibility for what these families are going through, and I'm holding people in my administration accountable for their failures." Click here to read the Governor's full op-ed.

Washington Post: "Michigan Gov. Rick Snyder is in a tough spot, but he's his own best spokesman"

Snyder has born the brunt of criticism in the local health crisis that has turned into a national scandal. But unlike many other politicians facing crises of leadership, Snyder may also be his own best counter-programming. Click here to read the full story in the Washington Post.

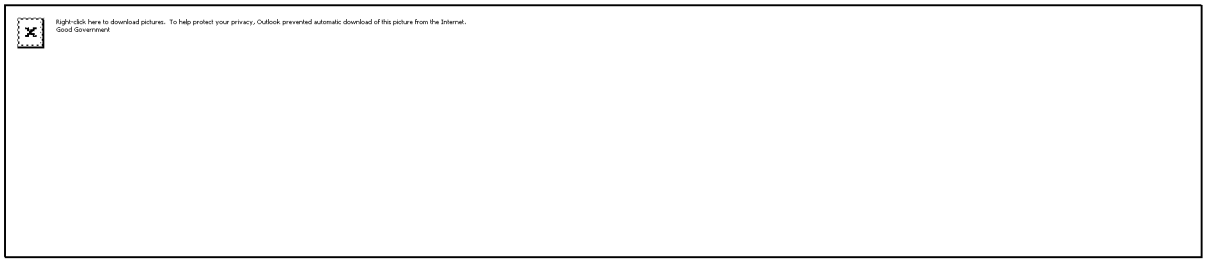
Subject: Flint Volunteer Efforts



Dear State Employees,

Gov. Rick Snyder and I want to thank everyone who donated their time during the holiday weekend to deliver bottled water, water filters, replacement cartridges and water testing kits to families in the city of Flint. We are working hard to ensure all residents are provided with the safe water resources they need, and each donation and hour of your time volunteered goes a long way.

For employees who would like to help the residents of Flint, there are several opportunities to do so. Please visit www.helpforflint.com to learn how you can help.

For additional information and updates, visit www.michigan.gov/flintwater.

Again, thank you for all your support.

Sincerely, Mike Zimmer
Office of Good Government Director
Dept. of Licensing and Regulatory Affairs Director

To: McKee, Ryan (DTMB)
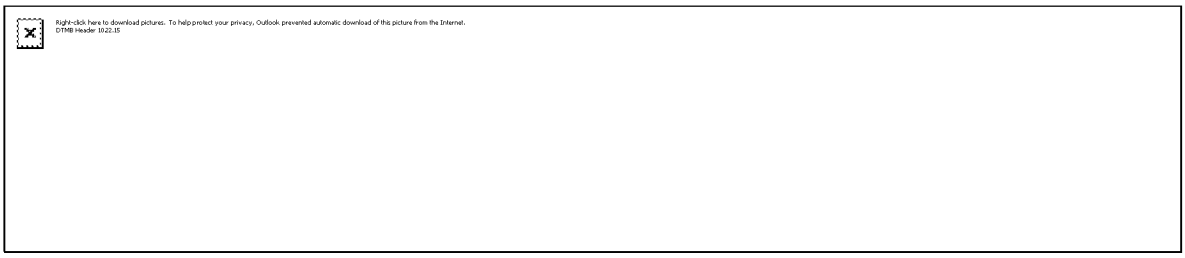
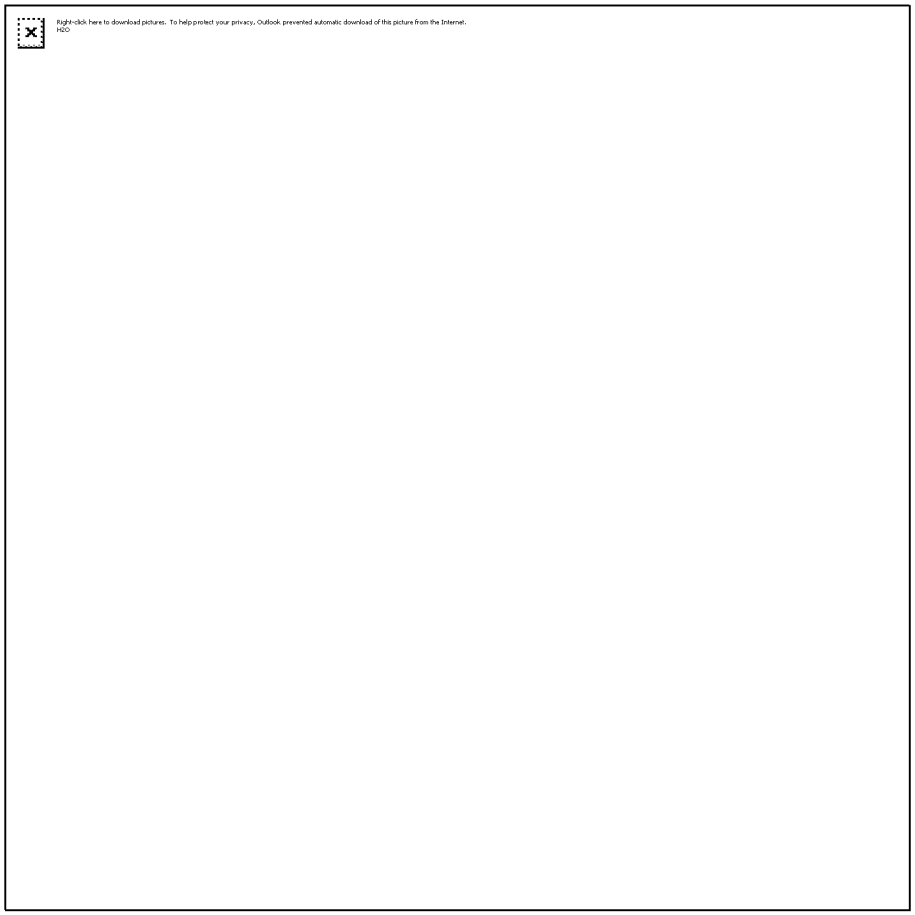
Subject: Contributing time, muscle and money



During this month's Martin Luther King Jr. holiday weekend, some state employees turned their "day off" into a "day on" in Flint. There, they delivered bottled water, water filters, replacement cartridges and water testing kits to families. The volunteers joined other Michiganders, turning Dr. King's birthday observance into a day of service.



Mike Zimmer, director of the Office of Good Government and the Department of Licensing and Regulatory Affairs, has shared a link – www.helpforflint.com – that offers other opportunities to contribute time, muscle and money to bring clean drinking water to the community.Here in DTMB, some of our employees didn't wait for an invitation to lend a hand. Office of Retirement Services staff contributed funds that were used to buy 31 cases and 23 gallons of water, which a local organization transported to Flint.

Autumn Hubbard, Ambrea Mack and Sarah Esquivel, who are in the photo at the left, nearly emptied the shelves at their local grocery store. Thanks for your efforts.

everyone.

Now work.

Last week, I signed a new policy that formalizes the annual employee review process and sets expectations for employees and managers. Administrative Policy 200.37 establishes consistent standards for implementing performance plans and reviews. Some of the standards are practices we have followed for years. Others are new. Some of particular note include:

- The mandatory use of HRMN
- A standard Feb. 1-Jan. 31 rating period for all employees
- An Individual Development Plan that specifies training or development programs for each employee
- Competencies and objectives that align to DTMB goals or scorecard metrics
- Consequences for managers and supervisors who do not complete the review process as required

A fundamental role of each DTMB manager or supervisor is to provide employees with direction and feedback on their performance. Employees also are expected to take an active role in pursuing professional development opportunities and achieving their competencies and objectives. I encourage you to review the new policy and talk with your manager or supervisor if you have questions. Of course, I welcome your questions and input as well. Please send your comments and ideas to me at behend@michigan.gov.

I know these have been busy weeks for many of you as you take on additional responsibilities and work hard to provide resources and services for our customers and citizens across the state. Please know that your hard work has not gone unnoticed. Thank you for everything you do, every day.

Have a great week,

David

Good Morning,

Please see the logistics for this week's upcoming move. I just wanted to make sure we are set from your perspective. A few added notes, this division has pool cars and I believe for now they will park pool cars in the gated lot, do I need to provide a list for the potential drivers ?

Also the SEOC is activated for the Flint Water Crisis, this Center will be staffed beginning Friday AM, they will not be able to access from inside until Tuesday morning. I am directing them to enter from the Governor's door (exterior door) will this card reader be activated as I assume that only a limited number of staff have access.

Just trying to be proactive so if you need anything else from me or you think of anything else, please let me know.

Good Morning,

Please see the logistics for this week's upcoming move. I just wanted to make sure we are set from your perspective. A few added notes, this division has pool cars and I believe for now they will park pool cars in the gated lot, do I need to provide a list for the potential drivers ?

Also the SEOC is activated for the Flint Water Crisis, this Center will be staffed beginning Friday AM, they will not be able to access from inside until Tuesday morning. I am directing them to enter from the Governor's door (exterior door) will this card reader be activated as I assume that only a limited number of staff have access.

Just trying to be proactive so if you need anything else from me or you think of anything else, please let me know.

Ryan,

Looks like all staff badges are programed for the gated parking.

Can you do this or do I need to reach out to someone else. I think they will start moving the cars on Friday.

Thanks

Cc: Boucher, Brody (MSP)
Subject: RE: Floor Drawings, Matrices and Logistics/SEOC Move

It's my understanding that F/Lt. Boucher would like to have parking access added to all MSP access levels. This will allow staff to utilize the MSP pool vehicles and also allow Capitol Security to monitor who is utilizing the gated parking lot.

Thanks,
Elaine

THANK YOU!

Fellow employees,

Each day, more than 46,000 state of Michigan employees come to work with the confidence and commitment to make Michigan a better place to live, work and play. I appreciate the way you care about the citizens we serve, and how it is reflected in the work that you do.

As you have heard from me and the media, our reputation and trust can be severely impacted when people do not make good decisions, or use good judgment in solving problems. That principle is universal, but never more so than when public health is at stake. What happened in Flint can never be allowed to happen again anywhere in our state.

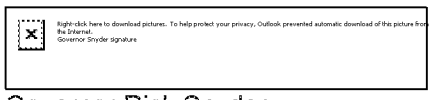
I know that you want to work in a place where employee input is valued, efforts are recognized, and teams are always striving for continuous improvement. That's why we introduced employee surveys, Bureaucracy Busters and other reinvention initiatives. We want and deserve a culture of innovation, continuous improvement and employee engagement at every level. We can never take for granted how important the people are who depend on us to do our jobs, and I am asking you not to let the situation in Flint negatively impact your motivation to excel every day.

Many of you have taken an interest in helping the citizens of Flint on your own time, and I'd like to take this opportunity to recognize and thank those who have volunteered over the last couple of weekends. You have worked tirelessly to deliver cases of bottled water, water filters, replacement cartridges and water testing kits to the families in need. I appreciate you donating your time to help our fellow Michiganders. To date, more than 37,000 homes have been visited by one of our water resource teams.

For employees who would like to further help the people of Flint, please visit www.HelpForFlint.com to learn how you can do so. For additional information and to sign up for daily updates, please visit www.mi.gov/FlintWater. I am committed to ensuring that all residents have access to safe and clean water.

Again, I'd like to express my gratitude for the work you do every day to continuously improve our state and earn the trust of those you serve. You make a real difference.

Thanks,



Governor Rick Snyder

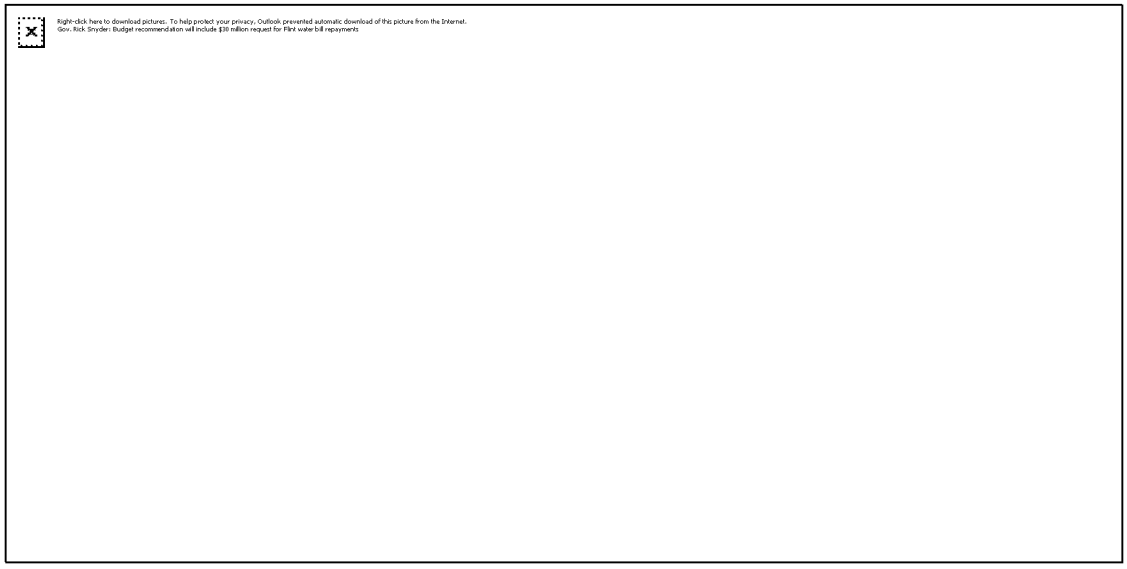
From: Governor's Office <governorsoffice@govsubscriptions.michigan.gov>
Sent: Wednesday, February 03, 2016 6:11 PM
To: McKee, Ryan (DTMB)
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



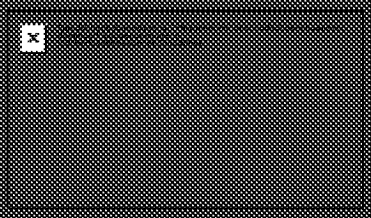
When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking,

and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.



We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

Hello Ryan,

My name is Doug Wood and I am working on an important project with Greg Mears. Greg asked me to reach out to you for help with this project as it involves your area.
DTMB is working with Microsoft to true up our Office 365 licenses. In order to do that they have provided us with a spreadsheet of accounts that have discrepancies.

A discrepancy such as the account has not been logged into for a long period of time. I'll be sending you the list for your area. If there is any way possible for you to review these and get them back to me by Monday morning would be greatly appreciated.

I can be reached at

Hello Ryan,

My name is Doug Wood and I am working on an important project with Greg Mears. Greg asked me to reach out to you for help with this project as it involves your area.
DTMB is working with Microsoft to true up our Office 365 licenses. In order to do that they have provided us with a spreadsheet of accounts that have discrepancies.
A discrepancy such as the account has not been logged into for a long period of time. I'll be sending you the list for your area. If there is any way possible for you to review these and get them back to me by Monday morning would be greatly appreciated.

I can be reached at

Subject: Modify John Cherney's access to give approval to SEOC NCC room & add John Tabor access

Ryan,

Thanks for calling this morning. I understand it's hard to be in two places with MSP pulling you into their EMHSD response for the Flint water crisis. Hopefully you can catch up on the programming requests this morning for our

contractors. MSP required us to close our front door even though we don't have Zone 3 in our area and it's a problem for our contractor's access as they enter in the morning and simply step out for a bathroom break.

Motorola will be escorting the Shelby Thomas contractors (assembling dispatch console furniture) into our backup NCC room in the SEOC building starting Monday, 2/15/16.

Please update John Cherney's card to permit him access to that area for the week of 2/15/16. Although he has been background checked by MSP for building access, he doesn't need access to the pathway to the SEOC Server room.

I'm also including John Tabor on this spreadsheet as he will potentially need to check on the progress of the work as the PM for this and later installation of the Motorola dispatch consoles for my project and the LRCC move. John has passed the MSP background check recently obtained his State ID card but was not been on any previous list. John will ultimately need to get into the Server room when his staff installs and connects our's and MSP's consoles into the equipment during the next 60 days.

When these projects are complete, I will let you know and we will return these two contractors to the normal limited building access.

Thanks,
Dave

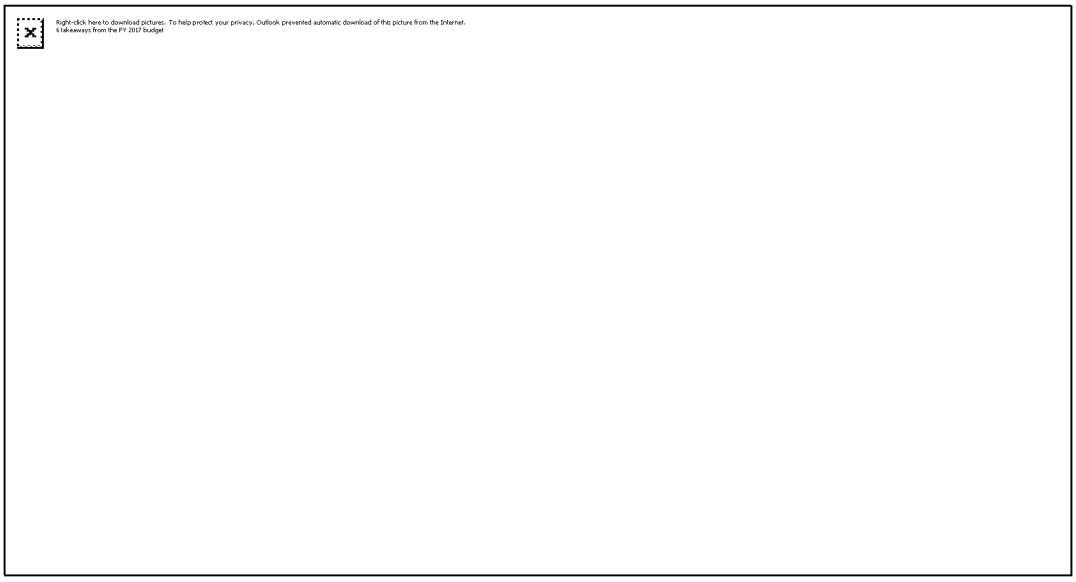
Subject: What this year's budget means for Michigan...

VIDEO: What Governor Snyder's FY17 budget means for Michigan



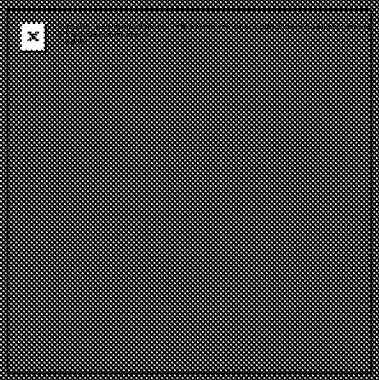
Gov. Rick Snyder's FY 2017 budget calls for critical investments for the Flint water crisis, statewide infrastructure and the Detroit Public Schools. The governor's recommendation also addresses the skyrocketing costs of specialty medications that Michigan residents depend on for better health outcomes.

This budget also stays committed to the Governor's core statewide priorities of education, talent and economic development, health and human services, and public safety.

The proposed FY 2017 budget makes key investments to strengthen the state for all of Michigan's families. Click here to learn more about the top 6 takeaways from the

Governor's FY 2017 state budget.

Click a tweet to tweet it out:



The #MIBudget @OneToughNerd proposed yesterday makes key investments to strengthen Michigan for all families --> www.mi.gov/MIBudget

--> @OneToughNerd's #MIBudget includes $72 million a year for Detroit Public Schools. It is time to act now --> www.mi.gov/MIBudget

--> @onetoughnerd's significant investment in #Flint families is the right thing to do. #FlintFWD #MIBudget www.mi.gov/MIBudget

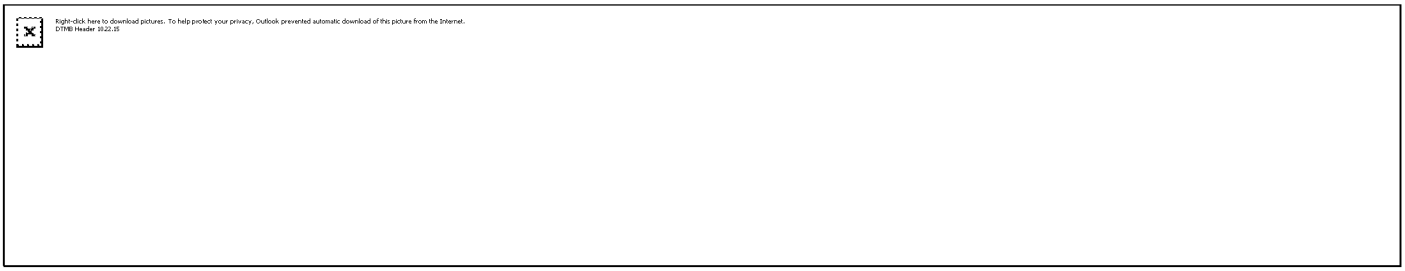
Sent: Wednesday, February 17, 2016 10:10 AM
To: McKee, Ryan (DTMB)
Subject: The Gov. Snyder's Budget Proposal



Good morning everyone. I hope everyone had a great holiday weekend.

I had the good fortune to travel to Marquette on Monday with Chad Laidlaw, DTMB's policy and planning analyst, to meet with city, business and university leaders and to address the Economic Club of Marquette. I told them about the many things DTMB does, placing special emphasis on our work in mobility and cybersecurity. Marquette is really developing and making its mark as an innovative and entrepreneurial community.

Now work.

The executive budget Gov. Snyder presented last week outlined his investment plan for Michigan. Yes, the proposal for fiscal year 2017-18 outlined a strategy to address the critical challenges of addressing the Flint water crisis and turning around Detroit's Public Schools, but the $54.9 billion plan also includes investment in four key areas:

- **Education.** The budget increases investment to K-12 schools, community colleges and the state's public universities. Additional funds are proposed to expand career, technical, science, technology, engineering and math programs.
- **Protecting the Public.** The governor's plan expands the Secure Cities program, which has reduced violent crime in four major Michigan cities. Funds also would support an additional trooper recruit school and an academy to train corrections officers, among other initiatives.
- **Putting People First.** The governor recommends continued expansion of the Healthy Kids Dental Program and funding efforts to ensure residents have access to affordable health care. His proposal boosts funds to help cover new higher cost specialty medications to treat conditions such as hepatitis C and cystic fibrosis, among others.
- **Investing in Infrastructure.** The proposal allocates $1.2 billion to maintain and repair Michigan roads, bridges and other critical infrastructure.

The budget proposal also includes FY 2017-18 funding recommendations for DTMB. Gov. Snyder recommends ongoing funding of $1.3 billion for department operations and a one-time allocation of $32.4 million.

A few highlights include:

- $502 million for information technology support for all state agencies and $132.8 million for 14 high-priority IT projects in seven agencies. He recommends increasing the Information Technology Investment Fund by $7 million, from $65 million to $72 million. This fund supports several major multiyear IT projects and upgrades, including the replacement of outdated legacy systems.
- An additional $5 million to support cybersecurity improvements to safeguard citizens' personal information and protect critical infrastructure and government services.
- IT support of $6.5 million to modernize the Office of Retirement Services' systems and enhance customer service for more than 530,000 current and future retirees.

You can see the full executive budget recommendations, which are posted on the Budget Office website. Details of DTMB's proposed budget begin on page B-75.

We can expect to see many changes before the budgets are signed and become effective Oct. 1. The executive budget will be used by the House and Senate Appropriations Committees as they work on their own budgets and hold committee hearings on the proposals. I'll keep you posted as the process moves ahead.

As always, I welcome your notes, whether about the budget process or any other topic. Please send them to me at behend@michigan.gov.

Thank you again for all the good work you do. I hope you have a great week ahead.

David

Good Morning,

Please see the logistics for this week's upcoming move. I just wanted to make sure we are set from your perspective. A few added notes, this division has pool cars and I believe for now they will park pool cars in the gated lot, do I need to provide a list for the potential drivers ?

Also the SEOC is activated for the Flint Water Crisis, this Center will be staffed beginning Friday AM, they will not be able to access from inside until Tuesday morning. I am directing them to enter from the Governor's door (exterior door) will this card reader be activated as I assume that only a limited number of staff have access.

Just trying to be proactive so if you need anything else from me or you think of anything else, please let me know.

Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

Subject: Re: Flint Twitter Feeds regarding Website Hacking

I'm not sure I can help much with this one. It sounds like it needs to go to MSP cyber team. Maybe Bolger can help identify the right folks.

I'll pass along to the JIC PIO for their awareness.

Sorry

Subject: Order Contacts - Laboratory Water Testing Bottles and Supplies Need for Flint

Hi Jen,

As we discussed in our conference call, Melissa Sambiagio and I are the points of contact to order water testing bottles or any supplies necessary for the laboratory related to Flint. All individuals listed above are to copied on any order request. In the event of an after office hours need, we can be reached as follows:

Tara Premoe [redacted] Office hours 7:30 am to 4:00 pm

Melissa Sambiagio [redacted] Office hours 7:30 am to 4:00 pm

After office hours contact by phone will be necessary, as neither of us have a state issued phone for which we receive email communications. Once we receive a phone alert, we can access email to determine the course of action.

In order to avoid the enormous shipping costs for overnight delivery of water testing bottles, please keep us apprised on the status of inventory and anticipated need.

Thank you.

Subject: Conference Call ref. Purchases

Can we have a conference call today to discuss? As far as purchasing goes. The lab is still making all of their purchases. This includes test bottles, labels, etc. as this is an activity being conducted for DEQ, not a provision of life services to the public. At times the SEOC rep is involved because it is after hours, on a weekend or like this week, a holiday where shipping needed to be expedited. We should not run into this problem again from here on out as we have provided clearer direction to Command Staff in the SEOC on our target numbers per George Krisztian.

All billing should still be going through the laboratory or RRD as always. If we need resources that our vendors cannot supply then we get with DTMB and possibly FEMA. We should be getting more direction here today on what and when FEMA will be integrating.

Delante,

Below is the statement I was given from our Legal Dept. Please let me know if it will suffice.

I have also attached a document we gave to customers that were affected immediately after the recall happened. That being said, Home Depot was not affected as you buy purified drinking water, not spring.

"Niagara bottled water being sold and distributed in Flint, MI and throughout the country is safe to drink. Niagara issued a voluntary recall of spring water produced at our two (2) Pennsylvania plants from **June 10-18th, 2015**. As of **September 7, 2015** Niagara found no contamination of any kind in their finished products or in the spring water that was delivered to their bottling facility. For additional information, please visit http://www.niagarawater.com/consumer-notice/ or contact Niagara's Consumer Affairs Department at (888) 943-4894."

Thank you,

Michael Wright | Sales Development Manager | **Niagara Bottling** | 2560 E. Philadelphia St | Ontario, CA 91761 USA | Direct 909-230-6539 | Mobile 909-223-9352 | mwright@niagarawater.com

NIAGARA WATER IS SAFE

HERE'S WHY

Last week, we issued a voluntary recall of spring water produced at our two (2) Pennsylvania plants from June 10-18th, 2015 because the operator at one of our contracted springs failed to notify us that there was evidence of *E. coli* bacteria at his source.

Because there has been a great deal of misinformation reported and circulated over the last 24 hours, we felt it was necessary to issue this clarifying statement.

Niagara Bottling performs extensive testing on both incoming spring water as well as finished products. We have confirmed there have been no issues or *E. coli* contamination of any kind detected in our finished products or in the spring water that was delivered to our bottling facility.

Even if it had been present in the incoming spring water, we utilize quality systems and disinfection technology that would ensure that our product is free from contamination. Despite this, once we were informed of the potential presence of *E. coli* at the spring source, we immediately shut down our operations, disinfected our bottling lines and initiated a voluntary recall in an abundance of caution and in the interests of consumer safety.

This recall only relates to spring water produced in our Pennsylvania manufacturing facilities from June 10-18th, 2015. It does not relate to any purified water or any spring water produced outside of Pennsylvania or outside the June 10-18th, 2015 timeframe.

To determine whether your product is part of this recall, please visit Niagarawater.com and click on "Consumer Notice" at the top of the home page. This will take you to the notice of the recall and a list of codes of the water produced during these 8 days. If you don't see your product on the list, it was completely unaffected by the recall and is completely safe to drink.

Niagara has been family-owned and family run for over 50 years. Nothing is more important to us than consumer safety, which is why we voluntarily issued this recall.

If you have any additional concerns, please contact our Consumer Affairs Department at (888) 943-4894.

Todd,

Tony (IT) here in Flint gave me your contact information to see if you could assist me in locating the Building ID's (State) that were generated for the HHS personnel here in Flint.

My understanding from the building representatives here in Flint, they were made and turned over to "someone" in Lansing.

Thank you in Advance.

HI Ryan,

Just to keep you updated:

Brad called her again and talked to her. She doesn't really know how to play messages.
She kinda got one once but others aren't working, she doesn't have time to try more. She said she'd figure it out and just email him if she has issues.

Not sure what more we can do.

Thanks, Linda

Subject: FW: Flint - Voicemail on Phones
Importance: High

Linda,

Do you have anyone who can assist Janet? We issued her a cell phone for the Flint Water Issue and she cannot receive the voicemails. Voicemail is setup but when somebody leaves her a message, she cannot retrieve it. Her number is 517-420-4162. Mindy has verified that voicemail is a feature on her account.

Ron-

I spoke to Jeanette earlier today and she needed the English version, which we sent her. I spoke to Ryan (Jeanette has left for the night) and he is going to try and find an answer. He may not be able to get us an update tonight as many DTMB folks have left for work for the day. He said he would have an update for us in the early am if not tonight.

This request is entered in as an official Resource Request and is being tracked by the Logistics section (just as an FYI)

Have a good night

Insp and Shannon-

Mr. Manning from the AG's office spoke to Lt Wolf and I a few minutes ago. There is office is preparing a press release asking residents to be wary of scams. Included in this release they plan on discussing that if someone comes to their house asking for something/presenting themselves as a state representative, they should ask to see their Flint Water Response ID (see attached). Lt Wolf was instrumental in putting this ID card together. This is what she just mentioned on the 4:00pm conference call

This is what has been developed for all volunteers and state officials to carry.

If you have any questions/concerns on the press release that the AG's office is planning on releasing I would advise to contact Mr. Manning

Thanks

Subject: Access to SEOC and EMHSD

Hi Ryan,

As we discussed, Cindy Homant is going to need access to the new SEOC. She currently works in Special Operations and will be moving out here in April anyway, but in the meantime, she is assisting EMHSD in the SEOC for the Flint Water Crisis, but also assisting EMHSD with planning the Great Lakes Homeland Security Conference & Expo. So I guess she is going to need access to the EMHSD admin wing as well.

Thanks.

Attachments: DTMB McKee Warehouse Items Quote 1.pdf; DTMB McKee Warehouse Items Quote 2.pdf

Ryan,

The first quote is for your requirements in their entirety. We could deliver these quoted requirements by Tuesday with no expedited freight (It would be expensive to schedule a pick up on a weekend).

The second quote is inventory that can be picked up from our Madison Heights and Flint branches first thing Monday morning (Shrink wrap is purple). Unfortunately, the pallet boxes are only warehoused in Minooka, IL. Please advise what plan of action the State would like to take.

Thanks,
Brent

Importance: High

Brent,

As discussed, we are setting up a second warehouse in Flint and are in need of some supplies to get things going. They plan on going operational on Monday so the sooner we can get these items, the better. Here's what we need:

- (25) Pallet Boxes – Grainger #38W864 (Sold in packs of 5)
- (50) 20" Clear Stretch Wrap – Grainger #15A886 (15A846 (purple Madison 35, Flint 6)
- (10) Box Cutters – Any Kind 35LV63

Please let me know if we can get these and their timeframe for delivery and/or local pickup.

Keith,

We are sending (5) rectangle conference tables and (20) task chairs to Flint for the water emergency. They are at the DBI Warehouse (1611 N Grand River Ave, Lansing). DBI contact is Josh Haken (517) 703-6014. They will be available tomorrow afternoon.

Please deliver to 2629 W. Pierson Road, Flint, MI 48504 (Old Kroeger Store). The onsite contact is Bonnie Shatrau at 517-242-1346.

Please send me OT costs so we can track and recoup these costs.

Jason is all set. It wasn't a project iPad, but it wasn't enrolled either. We had to remove a manually added profile in order to get the display lock option he was looking for.

Let me know if you'd like any additional details or if you need anything else.

Thanks!

Good morning Ryan,
Attached is a month to month agreement for the temp. warehouse in Flint.
Please sign and forward back.
If you get this back to me today, I should be able to deliver the container by tomorrow or Friday at the latest.
Any questions, email or call me at 810-210-5663.
Thank you,
Randy

Good Morning Jeanette,

Mike asked me to look over the evacuation plan for our Flint Building to make sure everything was on the plan diagrams correctly. The second thru the seventh look good but on the first floor there is two additional fire alarm pull stations one on the west end of the back dock and one by the west end freight elevator everything else appears to be correct. I also noticed we had nothing for the eighth floor which is all mechanical and work area but at times do have contractors up in that are that may not be familiar with our building, what is your thought on that?
If you want send over your fax number and I will fax back a copy of the first floor evacuation plan showing those two additional pull stations.

Thank you

Subject: Order Contacts - Laboratory Water Testing Bottles and Supplies Need for Flint

Hi Jen,

As we discussed in our conference call, Melissa Sambiagio and I are the points of contact to order water testing bottles or any supplies necessary for the laboratory related to Flint. All individuals listed above are to copied on any order request. In the event of an after office hours need, we can be reached as follows:

Tara Premoe [redacted] Office hours 7:30 am to 4:00 pm

Melissa Sambiagio Office hours 7:30 am to 4:00 pm

After office hours contact by phone will be necessary, as neither of us have a state issued phone for which we receive email communications. Once we receive a phone alert, we can access email to determine the course of action.

In order to avoid the enormous shipping costs for overnight delivery of water testing bottles, please keep us apprised on the status of inventory and anticipated need.

Thank you.

Subject: Conference Call ref. Purchases

Can we have a conference call today to discuss? As far as purchasing goes. The lab is still making all of their purchases. This includes test bottles, labels, etc. as this is an activity being conducted for DEQ, not a provision of life services to the public. At times the SEOC rep is involved because it is after hours, on a weekend or like this week, a holiday where shipping needed to be expedited. We should not run into this problem again from here on out as we have provided clearer direction to Command Staff in the SEOC on our target numbers per George Krisztian.

All billing should still be going through the laboratory or RRD as always. If we need resources that our vendors cannot supply then we get with DTMB and possibly FEMA. We should be getting more direction here today on what and when FEMA will be integrating.

Subject: SEOC 01/21 PM Briefing

Importance: High

· MDARD – Inspectors are going to local food establishments and making sure they are in compliance with requirements by MDARD for utilizing flint water. SEOC to investigate whether local EOC is providing filters to food establishments.
· LARA - Continuing surveys on health facilities and where they receiving water from.
· DEQ – Increasing staffing at the lab for water testing. Increasing distribution of water test kits on an as needed basis.
· Education – Michigan School for Deaf will be visited by Lt. Gov. due to lead being found in the water in the dormitory. All faucets will be changed this weekend. Walmart would like to donate water to schools on Flint water.
· American Red Cross - 11 water response teams, 15 tomorrow. Continues to provide lunch for volunteers.
· MDOT – Working on addressing traffic concerns at the Fire Stations.
· Recovery – 18 teams in field today, reached 4880 homes
· All teams that are in response are wearing the volunteer credentials provided by DTMB.
· SEOC will continue to operate from 8:00a – 8:00p until situation begins to stabilizes

DTMB Requests
· 200 safety vests will be shipped to the Local EOC tomorrow morning
· 30 iPads were delivered to the SEOC for the water response teams
· DTMB provided office space and parking for FEMA staff at the Flint State Office Building
· 10 contractor access cards were created and provided to FEMA staff that will occupy part of the Flint State Office Building
· DTMB creating 500 volunteer credentials for use by the water response teams

Rock sat in the SEOC for a few hours today and was briefed on what was going on. He will return tomorrow to sit with Jeanette again. Betweem the three of us, we have the weekend covered.

Cc: Doll, Jeanette (DTMB);Rakowski, Rock (DTMB)
Subject: SEOC Update 01/22 PM

- DHHS – Federal HHS rep will be back on Monday.
- MDRAD – continuing assessments of food establishments in the Flint area to ensure they are following requirements.
- DEQ – School for Deaf will be sampled tomorrow.
- Education – Dormitory postponed due to replacing 64 faucets, scheduled for this weekend.
- Local EOC – Working on Hotshots not getting their water/filter. Met with local pastors to work out distribution of supplies at their locations for the weekend. Working on safety issues at the PODS.
- Logistics working on translating documents into other languages, specifically Chinese and Spanish.
- Finance – Working on a reporting schedule for State agencies.
- Recovery – Finalizing details for Water Response Teams for the weekend.
- PIO/JIC – Social Media will be posted tonight in regards to clarifying requirements at PODS.
- Hours will continue to be 8:00a-8:00p through the weekend. Still a lot that needs to be accomplished.
- Agency SitReps need to only have information on the current operational period, not a running list of everything to date.

DTMB Requests

- 30 Additional iPads for Water Response Teams to the State Emergency Operations Center
- Delivered 500 credentials for Water Response Teams to the State Emergency Operations Center
- Procured 90 rolls of stretch wrap for Clio Road Warehouse
- Delivered and Installed New Locks to the Flint State Office Building for JIC Conference Room

Subject: SEOC Update 1/23 AM

Importance: High

· National Guard field teams scheduled to be complete on Sunday 1/24. Soldiers staffing Points of Distribution (PODS) will remain.
· NWS – 30-35 degrees today and tomorrow. Tomorrow light snow with drizzle which may freeze. Snow Monday and Tuesday, less than inch.
· DHHS – CDC will be sending a senior officer to Michigan next week to help coordinate response efforts
· LARA – Testing ongoing at Michigan School for Deaf. Michigan Fire Chiefs Association is conducting water drives around the state for the Flint Response efforts.
· Red Cross – 15 teams yesterday. Expecting as many as 40 teams out today. Will continue to provide meals for the volunteers.
· MSP – 15 teams out today.
· National Guard – Three (3) cyber personnel will report to MC3 on Monday to assist.
· Local EOC – Continuing to work with faith based organizations on easier distribution of supplies.
· PIO – JIC not being staffed in Flint this weekend. Will be staffed at the SEOC. Still releasing updates.
· EPA will be in Flint doing testing today. Residual chlorine testing near residents and hospitals.

Rough Data From MSP GIS based on iPad data collection
· 38,144 total parcels in the city, single family homes (not all occupied)
· 26,073 have been identified as subscribers to City of Flint Water
· Water Resource Teams have made contact with 75% of occupied homes

DHHS (DCH)
Â· Most of the calls received today at their CHECC were in regards to the efficacy of filters.

DEQ
Â· Planning to have nine (9) sampling teams in Flint on Feb 8.

LARA
Â· Plumbers completed with work at Freeman School. Will be testing with DEQ tomorrow.

American Red Cross
Â· 10 Water Response Teams today. Expecting 10 again tomorrow.
Â· Carpenters and Millwrights provided hundreds of volunteers. Some accompanied the Red Cross teams while others filled their own cars with water and were provide with distribution routes.
Â· Processed 169 people at their volunteer reception center.
Â· 25,000 test kits on hand and ready for use.

National Guard
Â· PODS were steady today and were not as busy as anticipated.

Corrections
Â· 250 skids left warehouse today.
Â· 14 semis were offloaded with 6 more remaining in the parking lot.
Â· 243 water samples were delivered to the State Lab.

DTMB Requests
IP Phones were restored at about 1:00pm

Hello Ryan,

My name is Doug Wood and I am working on an important project with Greg Mears. Greg asked me to reach out to you for help with this project as it involves your area.
DTMB is working with Microsoft to true up our Office 365 licenses. In order to do that they have provided us with a spreadsheet of accounts that have discrepancies.
A discrepancy such as the account has not been logged into for a long period of time. I'll be sending you the list for your area. If there is any way possible for you to review these and get them back to me by Monday morning would be greatly appreciated.

I can be reached at

DARD
Hosting media tour of water assessment process.

DHHS
GCCARD was restocked today and are issuing filters again.

American Red Cross
10 teams out today and tomorrow. Reception center still operational.

MSP
Report that Hilary Clinton and Bernie Sanders to hold debate in Flint. Time and location have yet to be determined.

National Guard
POD 5 has lighting issue; no lighting in parking lot at all. Flint unable to find solution. National Guard is providing temporary lighting.

PIO
Press release to be issued for an MSU Athletics Recycling event in Flint tomorrow.

City of Flint considering moving POD locations from Fire Stations to community centers.

Jeanette and Ryan -

This is becoming too cumbersome and is continuing to negatively affect other customers. Two options:

1. You give us 40 names and card numbers to program with ramp access and we remove access from all other responders - no one is allowed into the ramp unless they have access on their card

2. We remove access from all responder cards and, instead, provide 40 dedicated parking cards that can be distributed as needed

I am fine with either option, but we really need to take control of how many Flint Water responders are utilizing the ramp. If you can think of another option that would solve the problem, let me know.

Please advise as to which option you'd like to go with so we can move beyond these problems.

Thanks.

Subject: FW: Flint Emergency Purchasing Procedures

Chris,

So here's what I understand of Natalie's email.

- Under $2500 and not a service – Try to utilize existing contracts but do not have to report to Natalie/Lacey
- Under $2500 and a service – Report to Natalie/Lacey so they can report to Civil Service
- Above $2500 and under contract – Try best to follow normal purchasing process but do not have to report to Natalie/Lacey
- Above $2500 and not on contract – Reach out to Natalie/Lacey to discuss options

We have been following the normal purchasing procedures already minus the reporting to Natalie/Lacey. When we procure items, it's easier for us to go off contract anyhow so we try to do this as much as possible.

In the original email you sent, that is not our normal purchasing process so it was a little confusing. I am going to continue to follow what I understand as laid out above (from Natalie's email) until directed different.

Hi Chris-
Even if there is not a contract and it is under $2500 we don't need to know about those purchases unless it is a service - if you put a service on a Pcard then I need to know that so it can be properly reported.

Once you get over $2500 then you are in the area where under normal circumstances those purchases would require a purchase order prior to purchase - but what you are supporting are not normal circumstances. For the purchases over $2500 (and not on contract) - please keep us in the loop and if at all possible contact me or Lacey prior to the purchase and we can try to assist.

Thanks,
Natalie

Jeanette,

This means that EVERY purchase we make not just P-cards Natalie needs to be aware of.
The caveat in the email I think is very important here. If it's under $2,500 and you are aware of an existing contract you can proceed NEVERTHELESS you must inform Natalie as well.

I have looped in Natalie for further clarification.

Perhaps we could come up with a solution where the daily updates have the information about what's been purchased and I could send the information to Natalie at that time, Natalie what do you think of that idea?

Thanks Chris

Subject: FW: Flint Emergency Purchasing Procedures

All,

I am just finishing a meeting with Jeff Brownlee, Natalie Spaniolo, and Rebecca Cook. They have indicated that all purchases need to go through Natalie Spaniolo (cell phone is 517-930-0153). They want us to now call Natalie for things that we need to purchase with DTMB funds. Natalie's group is actually processing the purchase orders and helping track the purchases, so it makes sense to involve her upfront. One caveat is if a purchase is under $2,500; you can use known existing state contracts and then make sure you let Natalie know what you have purchased.

Either Natalie or Rebecca (cell phone is 517-930-4015) can help research whether there is an existing state contract. Please let them know if you'd like an existing state vendor to expedite requests, some vendors have provided special 24/7 contacts, like Home Depot and Grainger.

We have to follow the same procedures that Captain Kelenske and the Governor's office have laid out in the memo above.

Please reply to this email so that I know you have read and understand the direction.

Thanks,

Brandon,

I am looking into this issue a little deeper. I am comparing a parking report Niki sent me and a card access report and see where the issue is. From my initial review, there are 43 employees that have access, not related to the Flint issue, that do not pay to park. There are 30 SOM employees from the JIC and 39 Federal employees. FYI we stopped adding parking access on 2/2.

I've asked the JIC/PIO contact to review the list and indicate who can be removed. I'll also ask the Federal partners to do the same. Note that there are not this many people onsite at once, many of the SOM employees are on a rotation to cover the JIC's operational period.

Also, it has been reported that the Security Guard has been letting people in the ramp. This has contributed to the issue as well.

Brandon,

In working with the Federal and State partners, we were able to eliminate about 20 people who will not park in the Flint Ramp anymore. Please review the attached spreadsheet of the parkers who do not pay for Flint parking. The highlighted individuals were requests OIP received (not just SEOC) to add Flint parking. Most of the Governor's Office requests were handled outside the SEOC. For the JIC/PIO group, they are not all onsite at the same time and have a rotation going between the group of individuals.

In continuing to provide support for the Flint Water issue, I suggest we try this for a week to see if we still have issues before revoking access. I've

Subject: RE: Parking EPA
Importance: High

Jeanette and Ryan -

This is becoming too cumbersome and is continuing to negatively affect other customers. Two options:

1. You give us 40 names and card numbers to program with ramp access and we remove access from all other responders - no one is allowed into the ramp unless they have access on their card

2. We remove access from all responder cards and, instead, provide 40 dedicated parking cards that can be distributed as needed

I am fine with either option, but we really need to take control of how many Flint Water responders are utilizing the ramp. If you can think of another option that would solve the problem, let me know.

Please advise as to which option you'd like to go with so we can move beyond these problems.

Thanks.

Subject: RE: Parking EPA

We only have 40 parking spaces available for staff working on the Flint Water Crisis and we obviously have more staff than that working in Flint. We are having issues on a daily basis with emergency staff parking in employee reserved parking spaces.

We can handle this however you see fit however if the all of the 40 designated spaces are full then they need to find parking elsewhere. Please let me know how you would like us to proceed.

At the point that we exceeded 40 staff we stopped adding parking access and I believe the staff who were not given parking access were told that they needed to utilize the public parking options.

Thank you,

So I am confused. I know shocking.

Are we to deny EPA officials from parking in the ramp or are they being programmed so they can?

Thanks,
Jeff

Subject: SEOC Update 2/15 PM

DEQ

- 4 Sentinel sampling teams out today
- Water samples will be collected again in two weeks

DHHS

- Donations management is slow over weekend
- Only 21 calls related to Flint were received today compared to 150 per day earlier in week

American Red Cross

- 6 water response teams in field today.
- Volunteer Reception Center processed 33 new volunteers

State VAL

- Long term distribution plan has been presented to the State Director
- [redacted]
-

Corrections

- Working on transitioning Pierson Rd. warehouse to Seventh-day Adventist

Local EOC

- 241 household signed up to become Sentinel monitoring points
- Started testing at those homes today. Retesting in two weeks.

DTMB Requests

- Procuring supplies for warehouses
    - Purchases made through Grainger contract (under $2500)
- Issue with iPad being utilized by DEQ ECC
    - Smart Device Support Team has been contacted to provide support to DEQ

Subject: Flint Purchase - Over $2500

Marsha,

DTMB received a resource request to purchase a battery for the forklift at the Pierson Rd. warehouse. The current battery died and they are struggling to move pallets of water without the forklift. I reached out to Bell's Forklift in Flint and they quoted us a new battery at $4,839 which includes installation and a 5-year warranty. We are going to procure the battery with Chris' p-card.

In speaking with Lacey, she asked me to send you an email with the purchase details so we are all on the same page. Please let me know if you have any questions.

Thank you,

35. This includes Federal partners from FEMA, HHS, CDC and EPA.

The ideal space would be an open space that can accommodate the entire amount and also include a break-out area for meetings of about 12-15 people. I talked directly to the FEMA representative requesting the space. They will make whatever we give them work. They do not want to incur any additional costs.

On Jan 25, 2016, at 4:24 PM, Phillippo, Jamie (DTMB) <PhillippoJ@michigan.gov> wrote:
Mike-

Keith Paasch, Bob Burns, Larry Scates, Jim Clark and I met to discuss the request for additional space in Flint. The building is considered full, as in the office space as designed is assigned. We determined that the best way to serve our current clients and the additional resources needed to deal with this crisis may be to find additional space close by. We came up with several ideas (U of M Flint, School for the Deaf in Flint, City of Flint or FEMA bringing in trailers onsite). Maureen Bailey has confirmed 7,000 sq ft is available on Bristol Road at $12/sq. ft. plus utilities.

Please see the attached prints in reference to space. There is one group of 12 stations that was occupied by Civil Rights plus two offices originally designed for the Governor that the Governor no longer needed on the 5th floor that is highlighted in green. DHHS is taking over the space and has a reconfigure planned starting in March. DHHS is temporarily using the majority of this space until 7th floor is complete. The area reference below is highlighted in yellow within the green space. As stated below, DHHS staff are already in these station and in order for it to accommodate we would need to relocate the staff and tear down the furniture. The other rooms highlighted in orange within the green box have already been occupied by the Governor's staff as well as FEMA personnel. Two open areas are left in the building-the 5th and 6th floor lobbies. The 6th floor is already over occupancy and therefore we cannot add people here. As for adding people in the 5th floor lobby, I'm not sure how our tenants of the floor would be with that as this floor was not supposed to be accessed by the public.

Please let us know how you would like to proceed.

Subject: Flint Office Space Issue
Chris,

MSP has requested that we find additional space in the Flint State Office Building for additional Federal personnel that will need space in the next few days. DTMB had a meeting this morning in regards to this and after the meeting,

BOD/Real Estate determined that we are at “max” in the Flint State Office Building. I asked if that meant we filled all the cubicles or if we are at building occupancy limits. The response was that we filled the cubicles and not at occupancy limits.

Can you assist in getting traction? If we can get these Federal partners in the same area as the State personnel, they can better coordinate response efforts. I spoke with Brian Walts (Flint BTS) and he indicated that if we move 3 DHHS staff members on the 5th floor, they could setup tables capable of housing 30-40 individuals. Brian confirmed that he has space on other floors that they could sit temporarily.

Thank you,

Ryan McKee,

Evacuation Procedures / Emergency Monitors

QUICK STEPS

- DTMB personnel and Emergency Monitors will provide directions and assistance in moving to a safe location.
- All building occupants are to evacuate immediately upon receiving notification. **Do Not Use Elevators.**
- All occupants entering the shelter area are requested to remain in the shelter area until the "ALL CLEAR" notification is issued.
- If evacuating outdoors, all occupants must evacuate at least 100 feet away from the building.
- DTMB personnel will provide the "All CLEAR" notification based on direction from emergency first responders.

EMERGENCY NOTIFICATION SYSTEMS: Fire: Alarms, Strobes, Audible Messages
Severe Weather / Tornado: Civil Defense Sirens, Building Public Address Announcement, Audible Messages

OVERVIEW: Emergency Monitors are employee volunteers located strategically within DTMB facilities and on record with the DTMB Facility Supervisor. Monitors will assist with the orderly evacuation of a building during an emergency. Evacuation routes, assembly areas, and shelter locations have been identified and the areas posted.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Follow the directions of Emergency Monitors, remain calm, and proceed to a designated assembly area in a safe and orderly fashion.
- Be familiar with evacuation routes and location of shelter areas for the building.
- Minimize personal calls that might overburden emergency communication systems.

EMERGENCY MONITOR RESPONSIBILITIES:

- Notify employees and visitors in your area of responsibility of an emergency and the need to take action.
- Assist with the movement of area employees and visitors to designated safe locations.
- Be aware of the persons with disabilities within your assigned area and report information to DTMB personnel.
- Notify Head Monitor when an area is cleared, or assistance is needed in relocating individuals.

HEAD MONITOR RESPONSIBILITIES:

- Notify employees and visitors of an emergency situation and the need to take action.
- Inform DTMB personnel on status of the evacuation or sheltering of persons with disabilities, along with their location.
- Act as a communications link between DTMB personnel, employees, and visitors.

DTMB RESPONSIBILITIES:

- Assist first responders in accessing affected locations.
- Assist with relocating building employees and visitors as needed.
- Monitor the situation and communicate incident information to the Head Monitors.
- Encourage employees and visitors to stay in the shelter area and stop people from entering an evacuated building.

Severe Weather / Tornado

QUICK STEPS

Tornado Watch (Weather conditions are considered favorable for the development of a Tornado.)

- *If Inside:* Be ready to move to the designated shelter area. Stay alert and able to receive further notifications.
- *If Outside:* Be alert to changing weather conditions. Take shelter and wait until the immediate storm has passed before resuming your outdoor activities.

Tornado Warning (A Tornado or funnel cloud has been sighted or detected by radar in the area.)

- *If Inside:* Proceed immediately to the designated shelter area.
- *If Outside:* Enter a nearby building, move to an inner room in the basement or on the lowest floor. If there is no nearby building, move to a low-lying area and cover your head to protect yourself from flying debris.

NOTIFICATION: Warning sirens will activate outside when a tornado warning has been issued. Severe weather message will activate inside of the building. If the siren or message is activated, seek shelter immediately.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Know the location and route to the shelter area before an incident occurs.
- Follow the directions of Emergency Monitors; they may request assistance with persons with disabilities, new employees, or visitors to ensure that in the event of a Tornado Warning all building occupants have received notification and are relocating to a safe area.

DTMB RESPONSIBILITIES:

- DTMB personnel will verify that during a Tornado Warning all building occupants have moved to the shelter area. DTMB personnel and Emergency Monitors will encourage those in the shelter area to remain there until an "ALL CLEAR" notice is issued.
- DTMB personnel and Emergency Monitors will assist persons with disabilities as necessary in their relocation to a safe shelter area.
- DTMB personnel and Emergency Monitors will communicate information to everyone in the shelter area as conditions change.
- DTMB personnel will monitor the incident and, if warranted, summon assistance.

QUICK STEPS

- Stay Calm.
- Call Security (810) 760-2100 and explain the type of emergency, the location, and condition of the victim. Let the operator know of any safety hazards – chemical spill, fire fumes, etc.
  - ***Be sure to tell the operator if the person is unconscious, not breathing, is bleeding profusely, or has chest pain.***
- Do not hang up unless told to do so by the operator.
- Do not move the victim unless there is danger of further injury if they are not moved.
- Do not give the victim anything to eat or drink.

NOTIFICATION: Notify Security (810) 760-2100 of a medical emergency. In DTMB-managed facilities, DO NOT CALL 9-1-1.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Attempt to comfort and stabilize injured parties until medical personnel arrive.
- Provide CPR or other first aid as appropriate according to your level of training.
- Emergency Monitors are to isolate the area around the victim.

DTMB RESPONSIBILITIES:

- DTMB personnel will meet and escort emergency personnel to the scene.

Home

Human Bodily Fluids

QUICK STEPS

- Avoid direct contact with bodily fluids. If exposed, wash immediately, and contact Security (810) 760-2100.
- If you come in contact with human bodily fluids, seek medical attention immediately; prompt treatment can reduce the risk of infectious disease.

NOTIFICATION: Notify Security (810) 760-2100 to report the hazard. If the hazard involves an injured person, refer to Medical Emergencies page.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Immediately wash with soap and water any areas that come in contact with bodily fluids.
- Seek prompt medical follow-up treatment in order to reduce the risk of serious infection.

DTMB RESPONSIBILITIES:

- DTMB personnel will coordinate and direct the cleanup.

QUICK STEPS

- Remain calm and non-confrontational.
- Contact Security (810) 760-2100 and report incident.
- Notify supervisors and co-workers of a potential threat.
- In the event of a declared facility lockdown, lock all doors and windows, close shades, stay away from windows, stay quiet, and deny access to unauthorized individuals.

***Violence in the Workplace**: Workplace violence can be any act of physical violence, threats of physical violence, harassment, intimidation, or other threatening, disruptive behavior that occurs at the work site.*

NOTIFICATION: Contact Security (810) 760-2100 if one's personal well-being or the well-being of others is threatened.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Have a basic awareness of the warning signs that point to potential violence (see below) and seek early intervention before there is any further escalation of violence.
- Promptly report to supervisor and/or Security (810) 760-2100 any threat or act of violence.

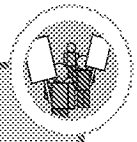
DTMB RESPONSIBILITIES:

- DTMB personnel will summon emergency personnel as necessary.
- DTMB may call for a "LOCKDOWN" based on the level of threat.

FOR ADDITIONAL INFORMATION ON WORKPLACE VIOLENCE GO TO: WWW.OSHA.GOV

Home

Civil Disturbance



QUICK STEPS

- Notify Security (810) 760-2100 in the event that building employees and visitors feel threatened.
- DO NOT interfere or agitate participants in a public protest.
- Stay within work areas, stay away from windows, close window shades and doors.

NOTIFICATION: Contact Security (810) 760-2100 if access to facilities is obstructed, work operations are disrupted, entry is gained into unauthorized areas, individuals are feeling threatened, or State property is damaged.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Promptly report to Security (810) 760-2100 any observed unauthorized, threatening, or damaging activities by protest participants.
- Follow instructions provided by DTMB personnel.

DTMB RESPONSIBILITIES:

- DTMB personnel will monitor conditions and provide information as necessary.
- DTMB will provide instructions to building employees and visitors and summon emergency personnel as necessary.

Bomb Threat / Explosion

QUICK STEPS

- ***Bomb Threat:*** Try to keep caller on the line and try to identify the location and nature of the explosive device.
- ***Explosion:*** Evacuate the building at the direction of emergency responders; be prepared for fire or other hazards, and move to the designated assembly area when directed.
- DO NOT USE CELL PHONES, RADIOS, OR OTHER ELECTRONIC DEVICES; signals may detonate an explosive device.
- If directed to evacuate, take purses and personal packages with you to lessen confusion during the bomb search.
- If you observe a suspicious object or package, DO NOT HANDLE OR TOUCH.

NOTIFICATION: Notify Security (810) 760-2100 if a suspicious package is observed, or a bomb threat is received.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Contact Security (810) 760-2100 immediately upon observing suspicious activity or learning of a potential threat that might suggest an imminent hazard from an explosive device.
- Upon receipt of a phone threat, document the call and report the incident immediately to Security (810) 760-2100.
- Upon receiving notice to evacuate the building, follow instructions and immediately proceed to an open assembly area away from locations where a device may be concealed. Refer to Evacuation Procedures.

DTMB RESPONSIBILITIES:

- At the direction of first responders, DTMB will coordinate a preliminary search if a bomb threat is determined to be credible, coordinate an evacuation if warranted, and summon emergency personnel.
- DTMB will monitor conditions until an "All CLEAR" notice is issued.

BOMB THREAT CHECKLIST: Complete all items possible during and immediately following the call. Notify Security (810) 760-2100.

Time Call Received: _____
Time Call Terminated: _____
Caller's Name (if known):

Caller's Address/Location (if known):
_____
_____

Caller's Sex: __ Male __ Female
Caller's Age: __ Adult __ Child

Questions to Ask:
When will it explode? _____

Where is the bomb right now? _____

What kind of bomb is it? _____

What does it look like? _____

Why did you place the bomb? _____

Voice Characteristics:

Tone	Speech	Language
__ Loud	__ Fast	__ Excellent
__ Soft	__ Slow	__ Good
__ High Pitch	__ Distorted	__ Fair
__ Low Pitch	__ Cursing	__ Raspy
__ Stutter	__ Slurred	__ Nasal
		__ Lisp
		__ Disguised

		__ Slang

Background Noise:
__ Music __ Traffic __ Voices
__ Machines __ Quiet __ Children
__ Typing __ Cellular Phone
__ Other _____

Person Receiving Call: _____
Office Location/Phone: _____
Date: _____

Home

QUICK STEPS

- Activate fire alarm pull station at first sign of fire or smoke, evacuate the facility, close doors as you leave, and remain in the designated assembly area until "ALL CLEAR" notice is issued.
- Fire extinguishers are to be used by trained personnel and for relatively small fires only. Extinguished fires are to be reported to the Facility Manager.
- DO NOT USE THE ELEVATORS and avoid smoke-filled stairwells.

NOTIFICATION: After a pull station is activated, from a safe location, building occupants are to contact Security (810) 760-2100 to report a fire.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Be familiar with location of fire alarm pull stations, extinguishers, evacuation routes and assembly areas.
- Move to designated assembly areas that are at least one hundred feet from the building.
- Evacuate the building in a calm and orderly fashion to designated assembly areas and remain in that area until the "ALL CLEAR" notice is issued.

DTMB RESPONSIBILITIES:

- DTMB personnel will verify that the building has been evacuated and notify emergency personnel regarding the location and condition of persons with disabilities.
- DTMB personnel will assist emergency responders as necessary.

FIRE SAFETY TIPS:

- If smoke begins to enter the room, close door and seal with wet towels or clothing.
- If area fills with smoke, drop to the floor and crawl to a safe area.
- Feel the door before exiting a room, if hot, attempt to find an alternate exit route.
- Do not open windows except to notify responders of your presence or to get fresh air in the presence of excessive smoke.

Home

Suspicious Powder

QUICK STEPS

- DO NOT TOUCH the powder, packaging, or container.
- Report the incident to Security (810) 760-2100. Include a description of the powder and any associated container.
- If contact was made with the substance, immediately wash exposed area with soap and water.
- Isolate the area of the suspicious powder and remove yourself from the immediate vicinity until help arrives.
- Close any windows, doors, or vents that might disperse the powder by air.

NOTIFICATION: Notify Security (810) 760-2100 of any suspicious substance. Provide a description and location of the incident.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Be sure to immediately notify DTMB personnel if you were potentially exposed. You will need to provide your name and contact information.
- Remain alert and stay in contact with your Emergency Monitor or supervisor until the matter is resolved.
- Maintain a list of individuals who may have been exposed.

DTMB RESPONSIBILITIES:

- Until the substance has been identified, immediate isolation of the area is warranted. Emergency personnel will assess the situation before issuing a broader evacuation notice.
- DTMB will shut down the air handling system in the building and will monitor the incident.

UNKNOWING EXPOSURE, NEED TO MONITOR SYMPTOMS:

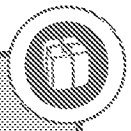
Physical symptoms from exposure to a bacterial agent or toxin do not typically appear until days after an exposure event. As a precaution, any individual exhibiting physical symptoms (e.g., rash, difficulty breathing, flu-like symptoms) following possible exposure to a suspicious powder should consult with their physician and provide them with the appropriate information.

FBI – DHS – HHS/CDC GUIDANCE:

1. **Letter/container with unknown powder-like substance accompanied by a threatening communication:**
   - Assume substance was intentionally introduced.
   - DTMB will coordinate response with FBI, HAZMAT team, and Public Health department.
   - Do not attempt to remove or repackage an unknown powder.
   - Notify DTMB personnel of any illness or injury possibly related to an exposure.
2. **Letter/container with a threat but no visible powder or substances present:**
   - Assume possible trace amounts of a hazardous power or substance may be present within the container.
   - Follow instructions as in item #1 above.
3. **Letter/container with unknown powder, no articulated threat, and no illness:**
   - If source of substance is deemed reasonable and warranted, no further action is needed, otherwise refer to item #1 above.
4. **Letter/container with no visible powder, no threat, but recipients are ill:**
   - Follow instructions given by public health and medical personnel; initial response similar to #1 above.
5. **Letter/container arrives with no powder, no threat, the recipient is not ill, but the recipient is concerned about the package:**
   - If other threat indicators (excess postage, misspellings, or unusual colors and odors are present), notify DTMB personnel. If package is viewed as suspicious, follow response instructions listed in item #1 above.

UNITED STATES POSTAL SERVICE GUIDANCE:

1. **Handle with care. Do not shake or bump the package.**
2. **Isolate it immediately.**
3. **Do not open, smell, touch, or taste the package.**
4. **Treat the package as suspect. Notify Security (810) 760-2100.**



QUICK STEPS

- DO NOT TOUCH OR REMOVE the package from its point of discovery.
- Report the location and description of the package to Security (810) 760-2100.
- DO NOT USE CELL PHONES OR PORTABLE RADIOS as explosive devices may be triggered by an emitted signal.
- DO NOT USE ELEVATORS to evacuate unless directed by DTMB personnel.
- Take purses and personal packages with you to lessen confusion during a suspicious package search.

NOTIFICATION: Notify Security (810) 760-2100 of any suspicious package found on the premises. Provide a description and location of the package.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Inform DTMB personnel immediately upon observing suspicious activity or learning of a potential threat that might suggest an imminent hazard from a suspicious package.
- Given the possibility that the package might contain a biological or chemical agent, anyone inadvertently touching the package should wash his or her hands with soap and water immediately.
- Upon receiving notice to evacuate the building, follow instructions and immediately proceed to an open assembly area. Refer to Evacuation Procedures.
- Maintain a record of the names and local contact information for those having come in direct contact with the package.

DTMB RESPONSIBILITIES:

- DTMB personnel are to ensure the immediate area is evacuated and prevent others from entering the area.
- DTMB will shut down the air handling system for the building and summon appropriate emergency personnel.

CHARACTERISTICS OF A SUSPICIOUS PACKAGE:

- Unusual Wording or Symbols
- Protruding Wires or Aluminum Foil
- Excessive Tape or Wrapping
- Location in High-risk or Accessible Area
- Oily Stains or Color Residues
- Observed Strangers in Area or Received Threats
- Mechanized Sounds

FBI – DHS – HHS/CDC GUIDANCE:

1. **Letter/container with unknown powder-like substance accompanied by a threatening communication:**
   - Assume the substance was intentionally introduced.
   - DTMB will coordinate response with FBI, HAZMAT team, and Public Health department.
   - Do not remove or repackage an unknown powder.
   - Notify DTMB personnel of any illness or injury possibly related to an exposure.
2. **Letter/container with a threat but no visible powder or substances present:**
   - Assume possible trace amounts of a hazardous power or substance may be present within the container.
   - Follow instructions as in #1 above.
3. **Letter/container with unknown powder, no articulated threat, and no illness:**
   - If source of the substance is deemed reasonable and warranted, no further action is needed, otherwise follow instructions listed in item #1 above.
4. **Letter/container with no visible powder, no threat, but recipients are ill:**
   - Follow instructions given by public health and medical personnel; initial response similar to item #1 above.
5. **Letter/container arrives with no powder, no threat, the recipient is not ill, but the recipient is concerned about the package:**
   - If other threat indicators (excess postage, misspellings, or unusual colors and odors are present), notify DTMB personnel. If package is viewed as suspicious, follow response instructions listed in item #1 above.

UNITED STATES POSTAL SERVICE GUIDANCE

1. **Handle with care. Do not shake or bump the package.**
2. **Isolate it immediately.**
3. **Do not open, smell, touch, or taste the package.**
4. **Treat the package as suspect. Notify Security (810) 760-2100.**

Armed Entry / Lockdown

QUICK STEPS

- ***Armed Entry or Threatened Injury:*** DO NOT confront or attempt to disarm the individual; remain calm, stay alert, and do as asked.
- ***Declared Facility Lockdown:*** Lock all doors and windows, close shades, stay away from windows, keep quiet, and deny access to unauthorized individuals.
- ***Discovery of a Weapon:*** DO NOT touch the weapon; isolate area and contact Security (810) 760-2100.

NOTIFICATION: Notify Security (810) 760-2100 of an attempted entry by armed individuals, a threat of personal injury, or the discovery of a weapon on State property.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Avoid agitating threatening individuals, stay alert, and attempt to comply with demands.
- Stay in "LOCKDOWN" until an "ALL CLEAR" notice is issued by DTMB personnel.
- When contacting Security (810) 760-2100, provide your name, location of incident, type of situation, number of individuals involved, and any injuries sustained.
- DTMB may ask Emergency Monitors to provide assistance in a lockdown situation.

DTMB RESPONSIBILITIES:

- DTMB personnel will determine the need for "LOCKDOWN" and initiate lockdown procedures.
- DTMB personnel provide information as appropriate.

Home

QUICK STEPS

- All building employees and visitors are to participate in drills and exercises.

NOTIFICATION: Drills and exercises may be announced or unannounced.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- All building employees and visitors are to participate in drills and exercises.
- Participate in each exercise as if it were a real event.
- Building employees who do not participate in emergency drills and exercises will be reported to their Human Resources Office.
- Work with Emergency Monitors and DTMB personnel to continuously improve emergency response performance.
- Provide feedback to Emergency Monitors on facility evacuation.

DTMB RESPONSIBILITIES:

- DTMB personnel will schedule and perform the drills and exercises.
- DTMB will debrief with Emergency Monitors following an exercise, making recommendations leading to improved performance in DTMB facilities.

Chemical Attack, Release, or Spill

QUICK STEPS

If release is outdoors and you are outdoors:

- Stay upwind of release, leave area and proceed to closest building. Attempt to minimize exposure to contaminated air by covering nose and mouth with layers of fabric that can filter the air, but still allow breathing.

If release is outdoors and you are indoors:

- Stay indoors, close windows, and doors to minimize exposure.

If the release occurs in the building you are presently in:

- Move away from release. Leave building if instructed by DTMB personnel and follow recommended routes to avoid area of high contaminant concentration.

NOTIFICATION: Contact Security (810) 760-2100 if you observe a possible chemical release.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Follow instructions provided by DTMB personnel and the Emergency Monitors regarding evacuation, sheltering, medical evaluation, or any decontamination procedures.
- Minimize cell phone activity so as not to overtax emergency communications.
- If exposed to contaminates, follow instructions provided by emergency personnel.

DTMB RESPONSIBILITIES:

- DTMB will turn off all air handling equipment to minimize chemical spread, where appropriate.
- DTMB personnel will communicate information and directions to Emergency Monitors and appropriate agency personnel.
- DTMB personnel will monitor conditions and summon support until an "ALL CLEAR" status is attained.

Home

Biological Attack or Release

QUICK STEPS

If release is outdoors and you are outdoors:

- Stay upwind of release, leave area and proceed to closest building. Attempt to minimize exposure to contaminated air by covering nose and mouth with layers of fabric that can filter the air, but still allow breathing.

If release is outdoors and you are indoors:

- Stay indoors, close windows, and doors to minimize exposure.

If the release occurs in the building you are presently in:

- Move away from release. Leave building if instructed by DTMB personnel and follow recommended routes to avoid area of high contaminant concentration.

NOTIFICATION: Contact Security (810) 760-2100 if you observe a possible biological release.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Attempt to minimize exposure to contaminated air.
- Employees and visitors should not leave area until cleared by emergency/medical personnel.
- Follow instructions provided by DTMB personnel and the Emergency Monitors regarding evacuation, sheltering, medical evaluation, or any decontamination procedures.
- With some contagious agents (e.g., smallpox) it may be necessary to be vaccinated immediately.

DTMB RESPONSIBILITIES:

- DTMB will turn off all air handling equipment to minimize the spread of the biological agent, where appropriate.
- DTMB and emergency personnel will advise and coordinate any necessary vaccinations needed.
- DTMB personnel will communicate information and directions to employees and visitors.
- DTMB personnel will monitor the incident and summon emergency personnel as necessary until an "ALL CLEAR" status is issued.

QUICK STEPS

If release is outdoors and you are outdoors:

- Stay upwind of release, leave area and proceed to closest building. Attempt to minimize exposure to contaminated air by covering nose and mouth with layers of fabric that can filter the air, but still allow breathing.

If release is outdoors and you are indoors:

- Stay indoors, close windows, and doors to minimize exposure.

If the release occurs in the building you are presently in:

- Move away from release. Leave building if instructed by DTMB personnel and follow recommended routes to avoid area of high contaminant concentration.

NOTIFICATION: Contact Security (810) 760-2100 if you observe a possible chemical release, or if building occupants become ill.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- If release is outdoors, immediately assemble in the shelter area. It is impossible to immediately determine if an attack or release contained radioactive materials. Therefore, one should assume the possibility that radioactive materials were involved and avoid the inhalation of dusts.
- DTMB personnel will provide further information and instructions regarding sheltering and any decontamination procedures.
- Minimize cell phone activity so as not to overtax emergency communications.

DTMB RESPONSIBILITIES:

- DTMB will turn off all air handling equipment to minimize the spread of radioactive dust, where appropriate.
- DTMB personnel will communicate information and directions to employees and visitors.
- DTMB personnel will monitor the incident and summon necessary support needed until an "ALL CLEAR" status is attained.

"DIRTY" BOMB:

A radiological attack is likely to entail a "dirty bomb" where conventional explosives are used to distribute radioactive materials to the atmosphere. Following the initial blast, the greatest risk involves the exposure to radioactive dust that might be inhaled or deposited on the skin. This exposure would result in an increased cancer risk. If caught outside when the blast occurs, removal of outer clothing and showering can reduce dermal exposure by 90%. Once inside the shelter area, building walls may block much of the harmful radiation resulting from dusts settling in the area.

QUICK STEPS

- Persons with disabilities should voluntarily ensure Emergency Monitors are aware of any special assistance needs.
- Persons with disabilities are to select a "Buddy" and an alternate to provide assistance during an emergency.
- "Buddies" and persons with disabilities must maintain daily contact with one another and be aware of any absences.

NOTIFICATION: During an emergency, "Buddies" are to seek out persons with disabilities and provide assistance as needed.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Persons with disabilities must ensure that there is a "Buddy" and a backup "Buddy" to help them in an emergency.
- Persons with disabilities and all "Buddies" are to familiarize themselves with emergency procedures for the building.
- Persons with disabilities should discuss emergency evacuation plans with their "Buddies" and Emergency Monitors assigned to their area.

DTMB RESPONSIBILITIES:

- Ensure that emergency personnel are aware of individuals needing assistance during an evacuation and provide their location to emergency responders.
- Maintain a list of persons with disabilities within the building.
- Ensure that all aisles and doorways leading to evacuation routes and exits are clear and negotiable at all times.

Home

Utility Failure

QUICK STEPS

- Notify your supervisor whenever a loss of power, heat, water, communication, or computer services creates an unsafe or unproductive worksite.
- Alert supervisor to any actions or measures that might be taken to mitigate any negative consequences of a utility loss (Example: backup of data).
- Notify DTMB personnel in the event of a major utility failure, or if there is potential danger to building occupants.

NOTIFICATION: Notify Security (810) 760-2100 of lost services when loss might significantly impact normal work operations.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Remain at your workstation unless directed otherwise by supervisor.
- Follow instructions provided by your supervisor and/or DTMB personnel.
- During a power outage, turn off computers and electrical equipment that might be damaged by a surge once power is restored.
- DO NOT USE THE ELEVATORS in any emergency. During a power outage, elevators may not operate.

DTMB RESPONSIBILITIES:

- DTMB will determine the extent of service loss and contact appropriate personnel.
- DTMB will provide an estimated time for resumption of service.
- If warranted, DTMB will assist with finding alternative temporary work locations as part of the State's Continuity of Operations Plan.
- DTMB personnel will communicate incident information to designated department representatives.

QUICK STEPS

- All employees and visitors are to remain vigilant and conduct their activities so as not to compromise the security practices implemented to ensure the safety of all.
- Promptly report all violations to DTMB personnel.

NOTIFICATION: Report any security issues to Security (810) 760-2100.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- **Secure Doors:** All outside perimeter doors are to remain closed. DO NOT prop doors open.
- **Facility Access Key Cards and Employee Identification Cards:**
  - DO NOT loan cards to other persons for any reason.
  - Display cards prominently while on State property at all times.
  - Challenge any unidentified visitors.
  - Report lost cards immediately to DTMB's Customer Service Center at (517) 373-6227 or by email at DTMB-CustomerService@michigan.gov.
  - DO NOT leave cards unattended.
  - When entering or leaving by a secure door, never let strangers into the building.
- **Visitor Management System:** Become familiar with visitor management practices. Ensure that all visitors have signed in and that they are escorted as appropriate.
- **Vehicle Access Controls:** DO NOT piggyback on cars entering before you; wait until gate recycles and utilize your access card to gain entrance.
- **Computer Access:** Shut down terminals when leaving the worksite unattended. DO NOT share passwords or other controls.
- **Sensitive Data:** At the end of the workday store sensitive data out of sight in a location with appropriate security. Take care not to leave sensitive data in the printer areas.
- **Mail Inspection:** Inspect all packages received by delivery services (UPS, Federal Express, etc.) to ensure that the package comes from a recognized source and displays no signs of containing a harmful agent.
- **Personal Items**: Secure and store all personal items and sensitive material.

DTMB RESPONSIBILITIES:

- DTMB will provide system administration, maintenance and monitor security equipment in DTMB facilities.

Evacuation Procedures / Emergency Monitors

QUICK STEPS

- DTMB personnel and Emergency Monitors will provide directions and assistance in moving to a safe location.
- All building occupants are to evacuate immediately upon receiving notification. **Do Not Use Elevators.**
- All occupants entering the shelter area are requested to remain in the shelter area until the "ALL CLEAR" notification is issued.
- If evacuating outdoors, all occupants must evacuate at least 100 feet away from the building.
- DTMB personnel will provide the "All CLEAR" notification based on direction from emergency first responders.

EMERGENCY NOTIFICATION SYSTEMS: Fire: Alarms, Strobes, Audible Messages
Severe Weather / Tornado: Civil Defense Sirens, Building Public Address Announcement, Audible Messages

OVERVIEW: Emergency Monitors are employee volunteers located strategically within DTMB facilities and on record with the DTMB Facility Supervisor. Monitors will assist with the orderly evacuation of a building during an emergency. Evacuation routes, assembly areas, and shelter locations have been identified and the areas posted.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Follow the directions of Emergency Monitors, remain calm, and proceed to a designated assembly area in a safe and orderly fashion.
- Be familiar with evacuation routes and location of shelter areas for the building.
- Minimize personal calls that might overburden emergency communication systems.

EMERGENCY MONITOR RESPONSIBILITIES:

- Notify employees and visitors in your area of responsibility of an emergency and the need to take action.
- Assist with the movement of area employees and visitors to designated safe locations.
- Be aware of the persons with disabilities within your assigned area and report information to DTMB personnel.
- Notify Head Monitor when an area is cleared, or assistance is needed in relocating individuals.

HEAD MONITOR RESPONSIBILITIES:

- Notify employees and visitors of an emergency situation and the need to take action.
- Inform DTMB personnel on status of the evacuation or sheltering of persons with disabilities, along with their location.
- Act as a communications link between DTMB personnel, employees, and visitors.

DTMB RESPONSIBILITIES:

- Assist first responders in accessing affected locations.
- Assist with relocating building employees and visitors as needed.
- Monitor the situation and communicate incident information to the Head Monitors.
- Encourage employees and visitors to stay in the shelter area and stop people from entering an evacuated building.

Severe Weather / Tornado

QUICK STEPS

Tornado Watch (Weather conditions are considered favorable for the development of a Tornado.)

- *If Inside:* Be ready to move to the designated shelter area. Stay alert and able to receive further notifications.
- *If Outside:* Be alert to changing weather conditions. Take shelter and wait until the immediate storm has passed before resuming your outdoor activities.

Tornado Warning (A Tornado or funnel cloud has been sighted or detected by radar in the area.)

- *If Inside:* Proceed immediately to the designated shelter area.
- *If Outside:* Enter a nearby building, move to an inner room in the basement or on the lowest floor. If there is no nearby building, move to a low-lying area and cover your head to protect yourself from flying debris.

NOTIFICATION: Warning sirens will activate outside when a tornado warning has been issued. Severe weather message will activate inside of the building. If the siren or message is activated, seek shelter immediately.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Know the location and route to the shelter area before an incident occurs.
- Follow the directions of Emergency Monitors; they may request assistance with persons with disabilities, new employees, or visitors to ensure that in the event of a Tornado Warning all building occupants have received notification and are relocating to a safe area.

DTMB RESPONSIBILITIES:

- DTMB personnel will verify that during a Tornado Warning all building occupants have moved to the shelter area. DTMB personnel and Emergency Monitors will encourage those in the shelter area to remain there until an "ALL CLEAR" notice is issued.
- DTMB personnel and Emergency Monitors will assist persons with disabilities as necessary in their relocation to a safe shelter area.
- DTMB personnel and Emergency Monitors will communicate information to everyone in the shelter area as conditions change.
- DTMB personnel will monitor the incident and, if warranted, summon assistance.

QUICK STEPS

- Stay Calm.
- Call Security (810) 760-2100 and explain the type of emergency, the location, and condition of the victim. Let the operator know of any safety hazards – chemical spill, fire fumes, etc.
  - ***Be sure to tell the operator if the person is unconscious, not breathing, is bleeding profusely, or has chest pain.***
- Do not hang up unless told to do so by the operator.
- Do not move the victim unless there is danger of further injury if they are not moved.
- Do not give the victim anything to eat or drink.

NOTIFICATION: Notify Security (810) 760-2100 of a medical emergency. In DTMB-managed facilities, DO NOT CALL 9-1-1.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Attempt to comfort and stabilize injured parties until medical personnel arrive.
- Provide CPR or other first aid as appropriate according to your level of training.
- Emergency Monitors are to isolate the area around the victim.

DTMB RESPONSIBILITIES:

- DTMB personnel will meet and escort emergency personnel to the scene.

Home

Human Bodily Fluids

QUICK STEPS

- Avoid direct contact with bodily fluids. If exposed, wash immediately, and contact Security (810) 760-2100.
- If you come in contact with human bodily fluids, seek medical attention immediately; prompt treatment can reduce the risk of infectious disease.

NOTIFICATION: Notify Security (810) 760-2100 to report the hazard. If the hazard involves an injured person, refer to Medical Emergencies page.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Immediately wash with soap and water any areas that come in contact with bodily fluids.
- Seek prompt medical follow-up treatment in order to reduce the risk of serious infection.

DTMB RESPONSIBILITIES:

- DTMB personnel will coordinate and direct the cleanup.

QUICK STEPS

- Remain calm and non-confrontational.
- Contact Security (810) 760-2100 and report incident.
- Notify supervisors and co-workers of a potential threat.
- In the event of a declared facility lockdown, lock all doors and windows, close shades, stay away from windows, stay quiet, and deny access to unauthorized individuals.

***Violence in the Workplace**: Workplace violence can be any act of physical violence, threats of physical violence, harassment, intimidation, or other threatening, disruptive behavior that occurs at the work site.*

NOTIFICATION: Contact Security (810) 760-2100 if one's personal well-being or the well-being of others is threatened.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Have a basic awareness of the warning signs that point to potential violence (see below) and seek early intervention before there is any further escalation of violence.
- Promptly report to supervisor and/or Security (810) 760-2100 any threat or act of violence.

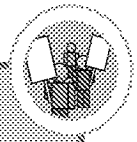
DTMB RESPONSIBILITIES:

- DTMB personnel will summon emergency personnel as necessary.
- DTMB may call for a "LOCKDOWN" based on the level of threat.

FOR ADDITIONAL INFORMATION ON WORKPLACE VIOLENCE GO TO: WWW.OSHA.GOV

Home

Civil Disturbance



QUICK STEPS

- Notify Security (810) 760-2100 in the event that building employees and visitors feel threatened.
- DO NOT interfere or agitate participants in a public protest.
- Stay within work areas, stay away from windows, close window shades and doors.

NOTIFICATION: Contact Security (810) 760-2100 if access to facilities is obstructed, work operations are disrupted, entry is gained into unauthorized areas, individuals are feeling threatened, or State property is damaged.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Promptly report to Security (810) 760-2100 any observed unauthorized, threatening, or damaging activities by protest participants.
- Follow instructions provided by DTMB personnel.

DTMB RESPONSIBILITIES:

- DTMB personnel will monitor conditions and provide information as necessary.
- DTMB will provide instructions to building employees and visitors and summon emergency personnel as necessary.

Bomb Threat / Explosion

QUICK STEPS

- ***Bomb Threat:*** Try to keep caller on the line and try to identify the location and nature of the explosive device.
- ***Explosion:*** Evacuate the building at the direction of emergency responders; be prepared for fire or other hazards, and move to the designated assembly area when directed.
- DO NOT USE CELL PHONES, RADIOS, OR OTHER ELECTRONIC DEVICES; signals may detonate an explosive device.
- If directed to evacuate, take purses and personal packages with you to lessen confusion during the bomb search.
- If you observe a suspicious object or package, DO NOT HANDLE OR TOUCH.

NOTIFICATION: Notify Security (810) 760-2100 if a suspicious package is observed, or a bomb threat is received.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Contact Security (810) 760-2100 immediately upon observing suspicious activity or learning of a potential threat that might suggest an imminent hazard from an explosive device.
- Upon receipt of a phone threat, document the call and report the incident immediately to Security (810) 760-2100.
- Upon receiving notice to evacuate the building, follow instructions and immediately proceed to an open assembly area away from locations where a device may be concealed. Refer to Evacuation Procedures.

DTMB RESPONSIBILITIES:

- At the direction of first responders, DTMB will coordinate a preliminary search if a bomb threat is determined to be credible, coordinate an evacuation if warranted, and summon emergency personnel.
- DTMB will monitor conditions until an "All CLEAR" notice is issued.

BOMB THREAT CHECKLIST: Complete all items possible during and immediately following the call. Notify Security (810) 760-2100.

Home

QUICK STEPS

- Activate fire alarm pull station at first sign of fire or smoke, evacuate the facility, close doors as you leave, and remain in the designated assembly area until "ALL CLEAR" notice is issued.
- Fire extinguishers are to be used by trained personnel and for relatively small fires only. Extinguished fires are to be reported to the Facility Manager.
- DO NOT USE THE ELEVATORS and avoid smoke-filled stairwells.

NOTIFICATION: After a pull station is activated, from a safe location, building occupants are to contact Security (810) 760-2100 to report a fire.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Be familiar with location of fire alarm pull stations, extinguishers, evacuation routes and assembly areas.
- Move to designated assembly areas that are at least one hundred feet from the building.
- Evacuate the building in a calm and orderly fashion to designated assembly areas and remain in that area until the "ALL CLEAR" notice is issued.

DTMB RESPONSIBILITIES:

- DTMB personnel will verify that the building has been evacuated and notify emergency personnel regarding the location and condition of persons with disabilities.
- DTMB personnel will assist emergency responders as necessary.

FIRE SAFETY TIPS:

- If smoke begins to enter the room, close door and seal with wet towels or clothing.
- If area fills with smoke, drop to the floor and crawl to a safe area.
- Feel the door before exiting a room, if hot, attempt to find an alternate exit route.
- Do not open windows except to notify responders of your presence or to get fresh air in the presence of excessive smoke.

Suspicious Powder

QUICK STEPS

- DO NOT TOUCH the powder, packaging, or container.
- Report the incident to Security (810) 760-2100. Include a description of the powder and any associated container.
- If contact was made with the substance, immediately wash exposed area with soap and water.
- Isolate the area of the suspicious powder and remove yourself from the immediate vicinity until help arrives.
- Close any windows, doors, or vents that might disperse the powder by air.

NOTIFICATION: Notify Security (810) 760-2100 of any suspicious substance. Provide a description and location of the incident.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Be sure to immediately notify DTMB personnel if you were potentially exposed. You will need to provide your name and contact information.
- Remain alert and stay in contact with your Emergency Monitor or supervisor until the matter is resolved.
- Maintain a list of individuals who may have been exposed.

DTMB RESPONSIBILITIES:

- Until the substance has been identified, immediate isolation of the area is warranted. Emergency personnel will assess the situation before issuing a broader evacuation notice.
- DTMB will shut down the air handling system in the building and will monitor the incident.

UNKNOWING EXPOSURE, NEED TO MONITOR SYMPTOMS:

Physical symptoms from exposure to a bacterial agent or toxin do not typically appear until days after an exposure event. As a precaution, any individual exhibiting physical symptoms (e.g., rash, difficulty breathing, flu-like symptoms) following possible exposure to a suspicious powder should consult with their physician and provide them with the appropriate information.

FBI – DHS – HHS/CDC GUIDANCE:

1. **Letter/container with unknown powder-like substance accompanied by a threatening communication:**
   - Assume substance was intentionally introduced.
   - DTMB will coordinate response with FBI, HAZMAT team, and Public Health department.
   - Do not attempt to remove or repackage an unknown powder.
   - Notify DTMB personnel of any illness or injury possibly related to an exposure.
2. **Letter/container with a threat but no visible powder or substances present:**
   - Assume possible trace amounts of a hazardous power or substance may be present within the container.
   - Follow instructions as in item #1 above.
3. **Letter/container with unknown powder, no articulated threat, and no illness:**
   - If source of substance is deemed reasonable and warranted, no further action is needed, otherwise refer to item #1 above.
4. **Letter/container with no visible powder, no threat, but recipients are ill:**
   - Follow instructions given by public health and medical personnel; initial response similar to #1 above.
5. **Letter/container arrives with no powder, no threat, the recipient is not ill, but the recipient is concerned about the package:**
   - If other threat indicators (excess postage, misspellings, or unusual colors and odors are present), notify DTMB personnel. If package is viewed as suspicious, follow response instructions listed in item #1 above.

UNITED STATES POSTAL SERVICE GUIDANCE:

1. **Handle with care. Do not shake or bump the package.**
2. **Isolate it immediately.**
3. **Do not open, smell, touch, or taste the package.**
4. **Treat the package as suspect. Notify Security (810) 760-2100.**

QUICK STEPS

- DO NOT TOUCH OR REMOVE the package from its point of discovery.
- Report the location and description of the package to Security (810) 760-2100.
- DO NOT USE CELL PHONES OR PORTABLE RADIOS as explosive devices may be triggered by an emitted signal.
- DO NOT USE ELEVATORS to evacuate unless directed by DTMB personnel.
- Take purses and personal packages with you to lessen confusion during a suspicious package search.

NOTIFICATION: Notify Security (810) 760-2100 of any suspicious package found on the premises. Provide a description and location of the package.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Inform DTMB personnel immediately upon observing suspicious activity or learning of a potential threat that might suggest an imminent hazard from a suspicious package.
- Given the possibility that the package might contain a biological or chemical agent, anyone inadvertently touching the package should wash his or her hands with soap and water immediately.
- Upon receiving notice to evacuate the building, follow instructions and immediately proceed to an open assembly area. Refer to Evacuation Procedures.
- Maintain a record of the names and local contact information for those having come in direct contact with the package.

DTMB RESPONSIBILITIES:

- DTMB personnel are to ensure the immediate area is evacuated and prevent others from entering the area.
- DTMB will shut down the air handling system for the building and summon appropriate emergency personnel.

CHARACTERISTICS OF A SUSPICIOUS PACKAGE:

- Unusual Wording or Symbols
- Protruding Wires or Aluminum Foil
- Excessive Tape or Wrapping
- Location in High-risk or Accessible Area
- Oily Stains or Color Residues
- Observed Strangers in Area or Received Threats
- Mechanized Sounds

FBI – DHS – HHS/CDC GUIDANCE:

1. **Letter/container with unknown powder-like substance accompanied by a threatening communication:**
   - Assume the substance was intentionally introduced.
   - DTMB will coordinate response with FBI, HAZMAT team, and Public Health department.
   - Do not remove or repackage an unknown powder.
   - Notify DTMB personnel of any illness or injury possibly related to an exposure.
2. **Letter/container with a threat but no visible powder or substances present:**
   - Assume possible trace amounts of a hazardous power or substance may be present within the container.
   - Follow instructions as in #1 above.
3. **Letter/container with unknown powder, no articulated threat, and no illness:**
   - If source of the substance is deemed reasonable and warranted, no further action is needed, otherwise follow instructions listed in item #1 above.
4. **Letter/container with no visible powder, no threat, but recipients are ill:**
   - Follow instructions given by public health and medical personnel; initial response similar to item #1 above.
5. **Letter/container arrives with no powder, no threat, the recipient is not ill, but the recipient is concerned about the package:**
   - If other threat indicators (excess postage, misspellings, or unusual colors and odors are present), notify DTMB personnel. If package is viewed as suspicious, follow response instructions listed in item #1 above.

UNITED STATES POSTAL SERVICE GUIDANCE

1. **Handle with care. Do not shake or bump the package.**
2. **Isolate it immediately.**
3. **Do not open, smell, touch, or taste the package.**
4. **Treat the package as suspect. Notify Security (810) 760-2100.**

Armed Entry / Lockdown

QUICK STEPS

- ***Armed Entry or Threatened Injury:*** DO NOT confront or attempt to disarm the individual; remain calm, stay alert, and do as asked.
- ***Declared Facility Lockdown:*** Lock all doors and windows, close shades, stay away from windows, keep quiet, and deny access to unauthorized individuals.
- ***Discovery of a Weapon:*** DO NOT touch the weapon; isolate area and contact Security (810) 760-2100.

NOTIFICATION: Notify Security (810) 760-2100 of an attempted entry by armed individuals, a threat of personal injury, or the discovery of a weapon on State property.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Avoid agitating threatening individuals, stay alert, and attempt to comply with demands.
- Stay in "LOCKDOWN" until an "ALL CLEAR" notice is issued by DTMB personnel.
- When contacting Security (810) 760-2100, provide your name, location of incident, type of situation, number of individuals involved, and any injuries sustained.
- DTMB may ask Emergency Monitors to provide assistance in a lockdown situation.

DTMB RESPONSIBILITIES:

- DTMB personnel will determine the need for "LOCKDOWN" and initiate lockdown procedures.
- DTMB personnel provide information as appropriate.

Home

QUICK STEPS

- All building employees and visitors are to participate in drills and exercises.

NOTIFICATION: Drills and exercises may be announced or unannounced.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- All building employees and visitors are to participate in drills and exercises.
- Participate in each exercise as if it were a real event.
- Building employees who do not participate in emergency drills and exercises will be reported to their Human Resources Office.
- Work with Emergency Monitors and DTMB personnel to continuously improve emergency response performance.
- Provide feedback to Emergency Monitors on facility evacuation.

DTMB RESPONSIBILITIES:

- DTMB personnel will schedule and perform the drills and exercises.
- DTMB will debrief with Emergency Monitors following an exercise, making recommendations leading to improved performance in DTMB facilities.

Chemical Attack, Release, or Spill

QUICK STEPS

If release is outdoors and you are outdoors:

- Stay upwind of release, leave area and proceed to closest building. Attempt to minimize exposure to contaminated air by covering nose and mouth with layers of fabric that can filter the air, but still allow breathing.

If release is outdoors and you are indoors:

- Stay indoors, close windows, and doors to minimize exposure.

If the release occurs in the building you are presently in:

- Move away from release. Leave building if instructed by DTMB personnel and follow recommended routes to avoid area of high contaminant concentration.

NOTIFICATION: Contact Security (810) 760-2100 if you observe a possible chemical release.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Follow instructions provided by DTMB personnel and the Emergency Monitors regarding evacuation, sheltering, medical evaluation, or any decontamination procedures.
- Minimize cell phone activity so as not to overtax emergency communications.
- If exposed to contaminates, follow instructions provided by emergency personnel.

DTMB RESPONSIBILITIES:

- DTMB will turn off all air handling equipment to minimize chemical spread, where appropriate.
- DTMB personnel will communicate information and directions to Emergency Monitors and appropriate agency personnel.
- DTMB personnel will monitor conditions and summon support until an "ALL CLEAR" status is attained.

Home

Biological Attack or Release

QUICK STEPS

If release is outdoors and you are outdoors:

- Stay upwind of release, leave area and proceed to closest building. Attempt to minimize exposure to contaminated air by covering nose and mouth with layers of fabric that can filter the air, but still allow breathing.

If release is outdoors and you are indoors:

- Stay indoors, close windows, and doors to minimize exposure.

If the release occurs in the building you are presently in:

- Move away from release. Leave building if instructed by DTMB personnel and follow recommended routes to avoid area of high contaminant concentration.

NOTIFICATION: Contact Security (810) 760-2100 if you observe a possible biological release.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Attempt to minimize exposure to contaminated air.
- Employees and visitors should not leave area until cleared by emergency/medical personnel.
- Follow instructions provided by DTMB personnel and the Emergency Monitors regarding evacuation, sheltering, medical evaluation, or any decontamination procedures.
- With some contagious agents (e.g., smallpox) it may be necessary to be vaccinated immediately.

DTMB RESPONSIBILITIES:

- DTMB will turn off all air handling equipment to minimize the spread of the biological agent, where appropriate.
- DTMB and emergency personnel will advise and coordinate any necessary vaccinations needed.
- DTMB personnel will communicate information and directions to employees and visitors.
- DTMB personnel will monitor the incident and summon emergency personnel as necessary until an "ALL CLEAR" status is issued.

QUICK STEPS

If release is outdoors and you are outdoors:

- Stay upwind of release, leave area and proceed to closest building. Attempt to minimize exposure to contaminated air by covering nose and mouth with layers of fabric that can filter the air, but still allow breathing.

If release is outdoors and you are indoors:

- Stay indoors, close windows, and doors to minimize exposure.

If the release occurs in the building you are presently in:

- Move away from release. Leave building if instructed by DTMB personnel and follow recommended routes to avoid area of high contaminant concentration.

NOTIFICATION: Contact Security (810) 760-2100 if you observe a possible chemical release, or if building occupants become ill.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- If release is outdoors, immediately assemble in the shelter area. It is impossible to immediately determine if an attack or release contained radioactive materials. Therefore, one should assume the possibility that radioactive materials were involved and avoid the inhalation of dusts.
- DTMB personnel will provide further information and instructions regarding sheltering and any decontamination procedures.
- Minimize cell phone activity so as not to overtax emergency communications.

DTMB RESPONSIBILITIES:

- DTMB will turn off all air handling equipment to minimize the spread of radioactive dust, where appropriate.
- DTMB personnel will communicate information and directions to employees and visitors.
- DTMB personnel will monitor the incident and summon necessary support needed until an "ALL CLEAR" status is attained.

"DIRTY" BOMB:

A radiological attack is likely to entail a "dirty bomb" where conventional explosives are used to distribute radioactive materials to the atmosphere. Following the initial blast, the greatest risk involves the exposure to radioactive dust that might be inhaled or deposited on the skin. This exposure would result in an increased cancer risk. If caught outside when the blast occurs, removal of outer clothing and showering can reduce dermal exposure by 90%. Once inside the shelter area, building walls may block much of the harmful radiation resulting from dusts settling in the area.

QUICK STEPS

- Persons with disabilities should voluntarily ensure Emergency Monitors are aware of any special assistance needs.
- Persons with disabilities are to select a "Buddy" and an alternate to provide assistance during an emergency.
- "Buddies" and persons with disabilities must maintain daily contact with one another and be aware of any absences.

NOTIFICATION: During an emergency, "Buddies" are to seek out persons with disabilities and provide assistance as needed.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Persons with disabilities must ensure that there is a "Buddy" and a backup "Buddy" to help them in an emergency.
- Persons with disabilities and all "Buddies" are to familiarize themselves with emergency procedures for the building.
- Persons with disabilities should discuss emergency evacuation plans with their "Buddies" and Emergency Monitors assigned to their area.

DTMB RESPONSIBILITIES:

- Ensure that emergency personnel are aware of individuals needing assistance during an evacuation and provide their location to emergency responders.
- Maintain a list of persons with disabilities within the building.
- Ensure that all aisles and doorways leading to evacuation routes and exits are clear and negotiable at all times.

Home

Utility Failure

QUICK STEPS

- Notify your supervisor whenever a loss of power, heat, water, communication, or computer services creates an unsafe or unproductive worksite.
- Alert supervisor to any actions or measures that might be taken to mitigate any negative consequences of a utility loss (Example: backup of data).
- Notify DTMB personnel in the event of a major utility failure, or if there is potential danger to building occupants.

NOTIFICATION: Notify Security (810) 760-2100 of lost services when loss might significantly impact normal work operations.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- Remain at your workstation unless directed otherwise by supervisor.
- Follow instructions provided by your supervisor and/or DTMB personnel.
- During a power outage, turn off computers and electrical equipment that might be damaged by a surge once power is restored.
- DO NOT USE THE ELEVATORS in any emergency. During a power outage, elevators may not operate.

DTMB RESPONSIBILITIES:

- DTMB will determine the extent of service loss and contact appropriate personnel.
- DTMB will provide an estimated time for resumption of service.
- If warranted, DTMB will assist with finding alternative temporary work locations as part of the State's Continuity of Operations Plan.
- DTMB personnel will communicate incident information to designated department representatives.

QUICK STEPS

- All employees and visitors are to remain vigilant and conduct their activities so as not to compromise the security practices implemented to ensure the safety of all.
- Promptly report all violations to DTMB personnel.

NOTIFICATION: Report any security issues to Security (810) 760-2100.

BUILDING EMPLOYEE / VISITOR RESPONSIBILITIES:

- **Secure Doors:** All outside perimeter doors are to remain closed. DO NOT prop doors open.
- **Facility Access Key Cards and Employee Identification Cards:**
  - DO NOT loan cards to other persons for any reason.
  - Display cards prominently while on State property at all times.
  - Challenge any unidentified visitors.
  - Report lost cards immediately to DTMB's Customer Service Center at (517) 373-6227 or by email at DTMB-CustomerService@michigan.gov.
  - DO NOT leave cards unattended.
  - When entering or leaving by a secure door, never let strangers into the building.
- **Visitor Management System:** Become familiar with visitor management practices. Ensure that all visitors have signed in and that they are escorted as appropriate.
- **Vehicle Access Controls:** DO NOT piggyback on cars entering before you; wait until gate recycles and utilize your access card to gain entrance.
- **Computer Access:** Shut down terminals when leaving the worksite unattended. DO NOT share passwords or other controls.
- **Sensitive Data:** At the end of the workday store sensitive data out of sight in a location with appropriate security. Take care not to leave sensitive data in the printer areas.
- **Mail Inspection:** Inspect all packages received by delivery services (UPS, Federal Express, etc.) to ensure that the package comes from a recognized source and displays no signs of containing a harmful agent.
- **Personal Items**: Secure and store all personal items and sensitive material.

DTMB RESPONSIBILITIES:

- DTMB will provide system administration, maintenance and monitor security equipment in DTMB facilities.

SPECIFICATIONS
Annual Fire Pump Testing and Inspection
DTMB Managed Facilities - Statewide

PURPOSE
Provide an annual test and inspection service for fire pumps per the following specifications. Service shall be performed in accordance with currently adopted local and national codes including, but not limited to, NFPA 25.

TERM
Three (3) year contract, beginning October 1, 2013, with the option for two one (1) year extension.

PAYMENT
Invoices shall be submitted within 30 days after completion of service and receipt of test report. Invoice shall include building name and purchase order number. Invoices shall be for actual service provided. Invoices shall be sent to:

Office of Infrastructure Protection
Safety Services Supervisor
615 West Allegan Street
Lansing, MI 48933

WORKING CONDITIONS
All work shall be done in accordance with all regulations governing the state agency wherein the work is to be performed and with minimum possible interference with the property functioning of the activities of that state agency. Materials, tools, etc., shall be confined so as not to unduly encumber the premises. The contractor shall be held to have visited the site prior to submitting a proposal for this contract and checked with the authorities the working condition and the methods of carrying out the work and to have included in the contract amount, all costs for meeting such working conditions.

WORKING HOURS
Testing services shall be performed between the hours of 7:00AM and 5:00PM, Monday through Friday except State holidays and any Local Codes, or at the discretion of DTMB Office of Infrastructure Protection Safety Services Supervisor. Quarterly meetings may be held at the discretion of the Office of Infrastructure Protection Safety Services Supervisor to review contract compliance.

TEST AND INSPECTION PROCEDURES
Testing shall be performed in accordance with currently adopted local and national codes including, but not limited to, NFPA 25. Contractor shall schedule service with Office of Infrastructure Protection Safety Services Supervisor, or designee, ten (10) days in advance. Testing will be completed one building at a time.

TESTING REQUIREMENTS
Contractor shall coordinate with Office of Infrastructure Protection Safety Services Supervisor, or designee, the removal of the fire alarm control panel from service prior to arrival. Contractor shall notified DTMB Central Control and the local Fire Department prior to testing. Upon

completion of testing, contractor shall notify DTMB Central Control and the local fire department that the pump is back in service. Contractor shall coordinate with DTMB Office of Infrastructure Protection Safety Services Supervisor, or designee, the placement of the fire alarm control panel back into service prior to departure.

I. Motor Driven Pumps

- Drop pressure and record start and stop pressures of jockey pump
- Operate jockey pump stop push button and record findings
- Operate jockey pump start push button and record findings
- Open jockey pump disconnecting means and ensure that all power is disconnected
- Drop pressure and record start and stop pressures of Fire Pump
- Run fire pump for a minimum of 30 minutes
- Check and record motor voltage and amperage (each phase leg)
- Check relief valve for setting and flow
- Observe for excess noise, vibration etc. and record deficiencies
- Check bearings for excessive vibration or excessive heat
- Record suction and discharge pressures at Churn
- Record suction and discharge pressures at 100 % of rated capacity
- Record suction and discharge pressures at 150 % of rated capacity
- Operate fire pump control panels stop pushbutton and record findings
- Operate fire pump control panel start pushbutton and record findings
- Open disconnecting means and ensure that all power is disconnected
- Check fire pump packing for proper leakage
- Drop pressure to ensure jockey pump will start and stop before fire pump is energized
- When testing complete place back into automatic service
- Place fire alarm control panel back in service

II. Diesel Pumps

- Clean battery terminals
- Record fuel level
- Grease fire pump coupling
- Record specific gravity of battery
- Report on condition of belts and hoses
- Change engine oil and filter(s)
- Change engine cooling solution and record temperature rating
- Replace fuel filter
- Clean or replace air filter
- Check / drain water separator
- Clean water strainers if applicable
- Verify operation of cooling water solenoid if applicable
- Report on condition of engine exhaust system
- Report on fuel line condition
- Ensure engine starts on EACH Battery
- Ensure engine starts with manual start button
- Ensure engine starts with drop in water pressure and record the starting pressure
- Record engine running temperature
- Record engine running oil pressure if available

REPORTS

A copy of all reports shall be provided to:

Office of Infrastructure Protection
Safety Services Supervisor
615 West Allegan Street
Lansing, MI 48933

1. All devices will be marked up on building prints for scheduled services. A comprehensive evaluation of system shall be prepared by contractor. The evaluation shall include recommendations and price of labor and materials.

2. Test results along with a list of deficiencies shall be recorded during each service and shall be provided within 15 days of service.

3. A detailed price quote will be provided to repair the deficiencies identified during testing.

EMERGENCY SERVICE
Contractor shall respond within four (4) hours of requests for emergency service. **A separate purchase order shall be issued for all emergency and non-emergency service calls.**

BID DOCUMENT

Bidders Qualification

NFPA 25 (Water-Based Fire Protection Systems) - These tasks shall be performed by personnel who have developed competence through training and experience.

Bid

Bidder shall provide two separate costs: one for completing the work during normal business hours (Monday through Friday, 7:00AM - 5:00PM, except State holidays) and one for completing the work after normal business hours (Monday through Friday, 6:00PM - 6:59AM, Saturday & Sunday, 7:00AM - 5:00PM)

Annual Inspection & Testing – Normal Business Hours
(Monday through Friday, 7:00AM - 5:00PM, except State holidays) $_____

Annual Inspection & Testing – After Business Hours
(Monday through Friday, 6:00PM - 6:59AM, Saturday & Sunday, 7:00AM - 5:00PM) $_____

Bidder shall provide quote for hourly labor rate costs for additional services. The State is not obligated to purchase any additional services.

Labor Rate

Monday thru Friday 7:00 AM to 5:00PM	$_____/HR
Monday thru Friday 5:01PM to 6:59AM	$_____/HR
Weekends and Holidays	$_____/HR

ITR Integrated Threat Report

DTMB Office of Infrastructure Protection

March 2013 Volume 3, Issue 3

The Integrated Threat Report (ITR) is a monthly publication documenting threats directed at State of Michigan employees and resources. This document has been prepared by the Department of Technology, Management and Budget's Office of Infrastructure Protection (DTMB OIP) with the goal of sharing information among departments to enhance the security of state employees and property. Please contact the DTMB OIP at (517) 241-4391 or DTMB-Security@michigan.gov for more information.

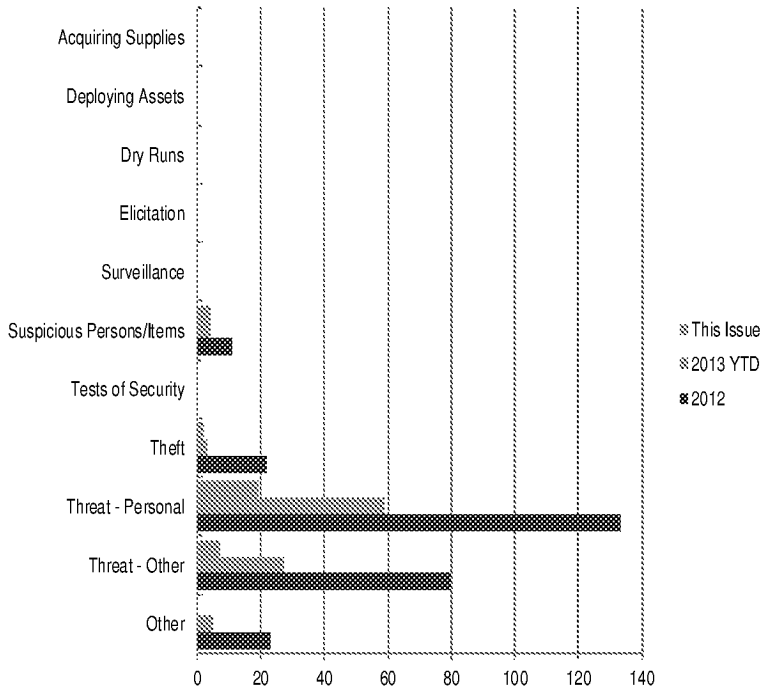
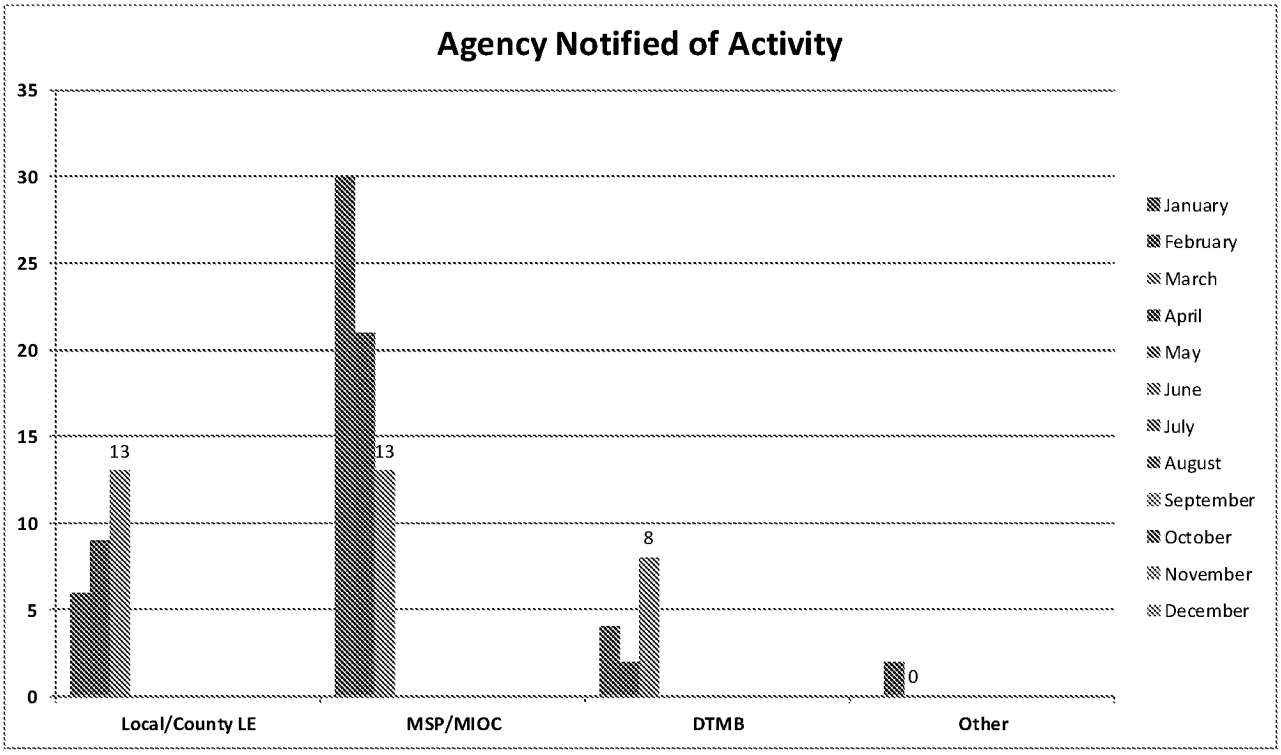
Activity By Type



Overall activity, for the month of March 2013, was high compared to previous reports, with thirty-two (32) incidents reported. Of the thirty-two incidents, nineteen (19) were personal threats towards state employees, seven (7) were general threats directed at the State of Michigan, four (4) were suspicious persons/items, and two (2) were thefts.

DATA ANALYSIS



NOTE: Total number of agencies notified may be more than the total number of incidents due to multiple agencies being notified

SUMMARY OF ACTIVITIES REPORTED

Threat - Personal

On March 1, 2013, a woman reported to a Human Services employee that a man threatened to "put a bullet between her eyes" if the employee entered his apartment to remove his child. At the time of the threat, the woman reported that man had a pellet gun in his possession.

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-030113-071

FOLLOW UP: Local police forwarded the incident to the County Prosecutor's Office for review.

Threat - Personal

On March 1, 2013, a Human Services employee was on a conference call with a male client and a representative from Michigan Works! Association. During the call, the man was being triaged for his third warning for bringing a knife to the Job Education & Training (JET) program at Michigan Work! Association. When the employee was explaining why he was being triaged, the man stated "be thankful I left my gun in the car!"

ACTION TAKEN: No police report filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-030113-071

SUMMARY OF ACTIVITIES REPORTED

Threat - Other

On March 1, 2013, a Human Services employee received an email from an aide to a State Senator, regarding a conversation she had with a DHS client and her mother. The client's mother stated she was going to "buy up a bunch of guns and go shoot out the DHS office." The aide to the State Senator asked if she realized she was threatening to hurt and kill people at the County DHS office, the client's mother stated she was "completely aware."

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-030113-072

FOLLOW UP: Local police responded to the home of the client's mother and warned the women that threatening a Human Service employee is a felony and any further incidents would be prosecuted under the full extent of the law.

Threat - Other

On March 1, 2013, during a meeting with a male client at a Human Services office, he stated "if I had a gun I would use it." He continued to say that he was a felon and does not own a gun but if he did he would "commit suicide." Later that day, the man came back to the DHS office and complained to an employee that he fell in the parking lot and was going to "sue the state."

ACTION TAKEN: No police report filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-030113-073

FOLLOW UP: A DHS program manager contacted the man to address his concerns about his slip and fall accident. The manager also discussed concerns about the gun comment he made during his visit. The man stated that he will never use the word "gun" in the DHS office again.

Threat - Other

On March 5, 2013, a woman contacted Treasury to request a levy release since the funds in her account are Social Security income. The employee stated that the account did not show a levy on her bank account. The employee requested additional information from the woman in the form of a new bank statement showing the levy or a letter from the bank substantiating the levy payment. The woman stated that the bank refused to provide the information and stated she should "take a gun into Communicating Arts Credit Union" to get the information she needed. The employee advised the woman that was not an option the State of Michigan was requesting. The woman continued on with the conversation without further incident.

ACTION TAKEN: No police report filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-030513-074

Suspicious Persons/Items

On March 5, 2013, a Community Health employee was approached by a white male (mid 20's) while walking to her car in a State-owned parking lot. The man fled the scene when he noticed other people in the area.

ACTION TAKEN: Community Health reported the incident to DTMB Office of Infrastructure Protection. DTMB ITR # 391-030513-075

FOLLOW UP: DTMB Office of Infrastructure Protection reviewed surveillance video but no persons matching the description were found in the area.

SUMMARY OF ACTIVITIES REPORTED

Threat - Personal

On March 6, 2013, a Human Services employee received multiple threatening text messages on her phone from a client's daughter after a supervised visitation. The first message stated "You f****** ignorant stupid c***. Gonna send a poor child out to his dad that rapes him? You're f****** sick. I'm going to kill you." The second message stated "You worthless little maggot. Scotty was crying in the DHS office saying he doesn't want to go back to his dad cause he'll bomb DHS cause he doesn't want to get raped. How the f*** does that make you feel? You're f****** twisted. Go die in a f****** hole."

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-030613-076

Theft

On March 6, 2013, a Licensing and Regulatory Affairs employee reported to State Security in the a State-owned Facility that her vehicle had been stolen from the parking lot. Security asked the woman if a family member could have picked up the vehicle. The woman contacted her husband to see if he took it but he confirmed that he did not take the vehicle.

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 071-030613-077

FOLLOW UP: Local police reported that a vehicle matching the description of the woman's vehicle was seen fleeing a hit and run accident and was not recovered. Incident is still under investigation at the time of this report.

Suspicious Persons/Items

On March 7, 2013, a Secretary of State employee received a suspicious envelope wrapped in tin foil in a State-owned Facility Inside the envelope was a "pastry-like" substance.

ACTION TAKEN: Secretary of State reported the suspicious envelope to DTMB Office of Infrastructure Protection. DTMB ITR # 231-030713-078

FOLLOW UP: DTMB Office of Infrastructure Protection reported the suspicious envelope to local police. Upon further investigation, the substance was identified as non-threatening.

Suspicious Persons/Items

On March 8, 2013, an employee reported a suspicious bag in the parking lot of a State-owned Facility between two cars.

ACTION TAKEN: DTMB Office of Infrastructure Protection was notified of the suspicious bag. DTMB ITR # 071-030813-079

FOLLOW UP: DTMB Office of Infrastructure Protection investigated the suspicious bag and found the bag open, containing an employee's lunch.

Threat - Personal

On March 11, 2013, a Human Services employee received a telephone call from a client inquiring why his food stamps were not on his EBT card. The employee informed the client that his redetermination form was not received by the department. The client got upset and stated "I have four f****** kids, f*** you! I'm going to come down and kick you f****** a**." The client then ended the phone call.

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 071-031113-080

SUMMARY OF ACTIVITIES REPORTED

Suspicious Persons/Items

On March 11, 2013, a Transportation employee reported that his laptop had been stolen from a conference room in a State-owned Facility.

ACTION TAKEN: Transportation reported the theft the DTMB Office of Infrastructure Protection. DTMB ITR # 591-031113-081

FOLLOW UP: DTMB Office of Infrastructure Protection advised the agency to secure valuable items anytime they are out of the office. DTMB OIP also recommended the agency contact local law enforcement to report the criminal activity.

Threat - Personal

On March 11, 2013, a Human Services employee was approached, while walking, by two white males (mid 20's), asking for a cigarette. The employee informed the men she had mace and to get away from her. The men fled the scene.

ACTION TAKEN: Human Services reported the incident to DTMB Office of Infrastructure Protection. DTMB ITR # 431-031113-082

FOLLOW UP: DTMB Office of Infrastructure Protection recommended the employee contact local police to report the suspicious activity.

Threat - Other

On March 12, 2013, a Licensing & Regulatory Affairs employee received a telephone call from a husband and wife in regards to their case. They were upset about not receiving any money in their case. During the conversation, the woman stated she would "come to Lansing" and LARA will need "six cops" when she arrives.

ACTION TAKEN: LARA reported the incident to DTMB Office of Infrastructure Protection. DTMB ITR # 641-031213-083

FOLLOW UP: DTMB Office of Infrastructure Protection recommended the agency submit a request for a security alert at the State-owned Facility. Also, DTMB OIP requested additional information on previous encounters with the individuals for review.

Threat - Personal

On March 13, 2013, a Human Services employee contacted the caregiver of a client to remind her of a psychological exam scheduled for the client. During the conversation, the caregiver stated "if you come over again, something is going to happen to you. I advise you not to come over, you need to stay away." The employee asked the caregiver to repeat what she said because it sounded like a threat. She replied "take it how you want. It would be good for you not to come back. It would be good for your safety."

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-031313-084

FOLLOW UP: Local police forwarded the report to the County Prosecutor's office for review.

SUMMARY OF ACTIVITIES REPORTED

Threat - Personal

On March 13, 2013, a Human Services employee received multiple voicemails from a woman reporting that a male client sexually assaulted an infant child. During the voicemails, the woman stated that she was flying to Michigan in early May and has a friend by the name of "Soul Snatcher" that would love to stick his penis in the employee's mouth and urinate. She also called the employee a "b*****" about thirty times during the messages.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-031313-085

Threat - Personal

On March 14, 2013, a Human Services employee received multiple voicemails from a female client that were threatening in nature towards the employee's family. In the messages, the woman states that she knows the employee's uncle and that she would find her kids and scare them.

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-031413-086

FOLLOW UP: Local police visited the home of the woman and while there, they contacted the woman's daughter who took her to a Mental Health Services facility.

Threat - Personal

On March 15, 2013, a Human Service employee received a report that a female client stated she was glad the employee was going to be at a court hearing for a change of custody. The woman stated she was going to "kick her a**" and it would only cost her 18 months in jail.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-031513-087

Threat - Personal

On March 18, 2013, a Human Services employee received a telephone call from a non-custodial father regarding his daughter's case. The father reported that he tried to file a police report about a non-parent male adult hitting his daughter. The father was upset that the employee did not substantiate the man as a perpetrator in a previous investigation and wanted the man substantiated for this complaint. The employee informed the father that the investigation report was with her supervisor for review but since there were not injuries to his daughter, the complaint will likely be denied. The father then stated that he will "maybe come up to the DHS office" and "beat on" the supervisor.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-031813-088

Threat - Personal

On March 20, 2013, a Human Service employee reported that, during an interview at a male client's home, he stated "if Fara were to come back, I would f****** shoot her." He stated that she was a "young, mid-20's woman with long flowy hair" and had "no kids and no business telling him to clean his home."

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032013-090

SUMMARY OF ACTIVITIES REPORTED

Threat - Personal

On March 20, 2013, a Transportation employee reported that a woman tried to force her way into her vehicle while stopped at an intersection. Prior to the woman approaching her vehicle, she locked her doors. As she pulled away, she noticed the woman attempting to force her way into other vehicles.

ACTION TAKEN: Transportation reported the incident to DTMB Office of Infrastructure Protection. DTMB ITR # 071-032013-089

FOLLOW UP: DTMB Office of Infrastructure Protection recommended the employee contact local police to report the suspicious activity.

Threat - Personal

On March 20, 2013, a Human Services employee reported that, during a Child Protective Services removal, the mother was very upset and swearing profusely when she realized her son was being removed. When the employee informed the mother of the court hearing, she pushed the employee.

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-031413-091

FOLLOW UP: Police accompanied the DHS employee on the removal and witnessed the incident. The mother was arrested at the scene.

Threat - Personal

On March 20, 2013, during a supervised visitation, a female client informed her children that they could do whatever they wanted to the visit room. When the Human Services employee noticed the children throwing toys and the woman not redirecting their behavior, she ended the visitation. The woman began using profanity and arguing with the employee, stating that her visit would not be over until its scheduled time. The employee escorted the woman and her children to the lobby but she continued to state that she was not finished with her visitation. The employee then informed the woman that the police were notified of the incident and were on their way to the office. Once the police arrived, the woman was asked again to leave the building as her visitation was terminated; she complied because it was passed her scheduled time. She was then escorted from the building. Later that day, the woman was notified that the agency would be asking the court to suspend her parenting time. She quickly stated "I'm going there now" and hung up the phone. A short time later, the woman entered the DHS office lobby and proceeded to knock on the doors asking to speak with the employee. She stated she would "stalk and kill" the employee for keeping her kids from her.

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-032013-092

FOLLOW UP: Local police were contacted again after the second incident and the woman was arrested.

Threat - Other

On March 21, 2013, a Human Services employee was speaking with a woman in the lobby about filling out an application. The woman's brother started to get loud and agitated because they needed to fill out an additional application. He stated "I've been waiting for sixteen f****** weeks for unemployment and that's f****** bulls***. Now you know why people walk in and blow your f****** heads off."

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC). DTMB ITR # 431-032113-093

SUMMARY OF ACTIVITIES REPORTED

Threat - Personal

On March 25, 2013, a Human Services employee received a telephone call from a woman regarding her case. The employee informed the woman that her Food Assistance Program application was denied and her case was closed due to her felon status. Later that day, the client called back and left a voicemail stating "Saturday they hit my electric which I don't know why because Guardianship Services filled out the application for State Emergency Relief. I contacted Consumers Power and they told me to speak with my worker to see if they can get that payment override...Please take care of that for me and just watch yourself down there. Believe me!"

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032513-094

Threat - Personal

On March 27, 2013, a Human Services employee received a report from a client's therapist that, during her session, the woman stated "If [employee name] comes to my house again, [employee name] will be on the floor and I will be in handcuffs for assault charges."

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032713-095

Threat - Other

On March 27, 2013, a Human Services employee received a text message from a client's ex-boyfriend stating "well it does, that ain't stop u before u guys are full of s*** go f*** ur self." The woman also reported that he is stalking her and has made threats in the past.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032713-096

Threat - Personal

On March 27, 2013, after a parental termination hearing, a female client threatened a Human Services employee by stating "you better watch your back." Later the same day, the employee received a telephone call from the woman's psychologist who informed her that the woman stated she would be "waiting for her after work" and was "going to get her."

ACTION TAKEN: A police report was filed with local police. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032713-097

Threat - Personal

On March 27, 2013, a Human Services employee conducted an interview with a client and he made comments about another DHS employee who was involved in his case in 2009. The man stated if [employee name] were to come to his house, he would be going to jail for assaulting him.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032713-098

SUMMARY OF ACTIVITIES REPORTED

Threat - Personal

On March 27, 2013, a woman came into a Human Service office and demanded to see her caseworker on a scheduled "no-contact" day. The employee asked why she needed to see her caseworker and the woman showed her paperwork. The employee reviewed the paperwork and the woman pointed out that the paperwork stated "no appointment necessary." The employee informed the woman that it meant she only needed to turn the paperwork into DHS and an appointment was not needed. The woman then stated that she knows she doesn't need an appointment but it is an emergency. The employee asked her what the emergency was and the woman stated "Consumers" and handed her a copy of the bill. The employee reviewed the bill and noticed it was not due until March 31 so she advised the woman to staple the bill to her State Emergency Relief paperwork and Consumers would get the payment in time. The woman then got mad and stated "as soon as I walk outside I am going to call and tell them you're not doing your job." The employee then asked her supervisor to speak with the woman. The supervisor tried to help the woman but she continued to argue with him. She then stated "I better never hope I see her out at Macy's or the mall. I don't make threats but this time I am not saying it will be me but I know a lot of people that get shot in the City of Flint and she is gonna be one of them."

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032713-099

Threat - Other

On March 28, 2013, a Human Services employee received a telephone call from a client, who was in the DHS office lobby, asking the status of his disability medical and cash assistance. The employee explained to the man that the Medical Review Team denied his disability claim because he is capable of performing other work. The employee informed him that he could appeal the decision. The man began to get angry and stated he was going to "choke somebody in the lobby." He then left the building.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).
DTMB ITR # 431-032813-100

Threat - Other

On March 29, 2013, a woman came into a Human Services office for an appointment with her caseworker. During the appointment, the woman stated "you're pissing me off" and became irate and uncooperative.

ACTION TAKEN: No police report was filed. DTMB Office of Infrastructure Protection reported the activity to the Michigan Intelligence Operations Center for Homeland Security (MIOC).

Subject: Safety Vests

Importance: High

Brent,

As discussed we need 200 safety vests delivered tomorrow to the Local Emergency Operations Center 1101 Beach Street, Flint MI 48502.

Please charge the p-card I gave you earlier and send me a copy of the receipt.

Thank you,

Ryan McKee

Subject: RE: Niagara Water Sept. Recall

Delante,

Below is the statement I was given from our Legal Dept. Please let me know if it will suffice.

I have also attached a document we gave to customers that were affected immediately after the recall happened. That being said, Home Depot was not affected as you buy purified drinking water, not spring.

"Niagara bottled water being sold and distributed in Flint, MI and throughout the country is safe to drink. Niagara issued a voluntary recall of spring water produced at our two (2) Pennsylvania plants from **June 10-18th, 2015**. As of **September 7, 2015** Niagara found no contamination of any kind in their finished products or in the spring water that was delivered to their bottling facility. For additional information, please visit http://www.niagarawater.com/consumer-notice/ or contact Niagara's Consumer Affairs Department at (888) 943-4894."

Thank you,

Michael Wright | Sales Development Manager | **Niagara Bottling** | 2560 E. Philadelphia St | Ontario, CA 91761 USA | Direct 909-230-6539 | Mobile 909-223-9352 | mwright@niagarawater.com

Anonymous Relaunches #OpFlint against the Government of Michigan and City of Flint

MANAGED ADVERSARY AND THREAT INTELLIGENCE

DEEPSIGHT™ INTELLIGENCE, INTELLIGENCE SUMMARY, SYMC – 300383, PUBLISHED 22 JANUARY 2016, V.1 2
Information Cut-Off Date: 22 January 2016 3

ANONYMOUS LAUNCHES #OPFLINT AGAINST THE GOVERNMENT OF MICHIGAN AND CITY OF FLINT

DeepSight™ Intelligence, Intelligence Summary, SYMC-300383, published 22 January 2016, V.1

KEY FINDINGS

- On 16 January 2016, Anonymous relaunched #OpFlint in response to the recent health crisis surrounding contaminated water in Flint, Michigan.

- The operation targets officials that the Anonymous group recognizes as having ignored the water crisis, such as Gov. Rick Snyder and Flint city personnel.

- The operation activities have included distributed denial-of-service (DDoS) attacks and doxing.

EXECUTIVE SUMMARY

Members of the international Anonymous hacktivist collective have relaunched #OpFlint to target those entities that the operation perceives as responsible for the contaminated water crisis in Flint, Michigan. Originally organized in 2015, #OpFlint was relaunched on 16 January 2016 and is ongoing against city officials and the governor of Michigan, Rick Snyder. Several hacking groups are supporting the malicious activities, which include DDoS attacks and doxing. The first DDoS attacks on 16 January took the Michigan.gov and cityofflint.com websites temporarily offline. DeepSight Intelligence judges #OpFlint will not shut down the state or city's infrastructure; however, access to the Michigan government and city websites will likely be disrupted. 4

DETAILS

The Anonymous collective's operation #OpFlint originally launched in 2015 but never gained momentum. #OpFlint was relaunched on 16 January 2016 to draw attention to the toxicity levels of the contaminated water supply in the city of Flint, Michigan. Leaders of the current effort include the US-based New World Hacking group[i] and the Anonymous Intelligence Group (a.k.a. Anon Intel Group). The New World Hacking group launched the recent #OpFlint activity on 16 and 17 January 2016 with DDoS attacks that shut down the Michigan.gov and cityofflint.com websites (see Figure 1). The operation has an official video on Youtube (hxxps://www.youtube.com/watch?v=zXQfsURnE0w) and on several Anonymous-affiliated websites.

[i] See the DeepSight Intelligence report *Profile: New World Hacking (NWH),* (SYMC – 300376), 9 June 2016. New World Hacking uses their own stressor service, BangStressor, to conduct DDoS attacks including an attack against the BBC in early 2016.

Figure 1. New World Hacking Twitter post publicizing the DDoS attacks against Michigan.gov and cityofflint.com

On 20 January 2016, the Anon Intel Group's website contained a link to a "doxing" for Michigan Gov. Snyder (https://ghostbin.com/paste/zn236, see Figure 2). The dox did not include social security numbers, but rather revealed his mailing address, social media accounts, and phone numbers, and information for his family relatives that is easily obtained through several Google searches.

Figure 2. Dox posted on Anon Intel Group website on 20 January 2016 5

Gents:

See attached Deepsight MATI report on OpFlint generated from our SOC in Washington DC…

On 21 January 2016, Hurley Medical Center in Flint, Michigan, confirmed it was the victim of a "cyber attack" but patient information was not compromised. According to a Twitter post by Anon Intel Group on 22 January 2016, Anonymous denies responsibility for the attack against the hospital (see Figure 3).

Figure 3. Twitter post discussions denying Anonymous activity against a hospital in Flint Michigan

OUTLOOK

As of 22 January 2016, recent #OpFlint activity has involved posting news clips on social media accounts, such as Twitter and Facebook. The group has not mentioned further DDoS attacks, although DeepSight Intelligence expects some sites to be targeted on the first weekend of the relaunch (i.e., between 22 January and 24 January 2016). Although #OpFlint relaunched on 16 January 2016, DeepSight Intelligence expects the activity to quickly diminish if it does not gain greater media recognition—Anonymous is motivated by publicity. There are no indications the operation is well organized and the Youtube video announcing the operation only mentions targeting the Governor of Michigan and the city of Flint; there are no details on how the operation will be conducted. Although #OpFlint will not shut down the state or city's infrastructure, access to government and city websites might occasionally be disrupted.

Subject: Expenses To-date

Chris –

Attached are the expenses to-date that we provided to the SEOC Financial Chief. Next will need to work on employee names and overtime accrued in response to the water emergency.

Jeanette

It is my understanding that MSP has decided against putting individual access cards in each pool vehicle. I do not know what the new solution is.

Elaine – Can you clarify? Thank you.

Yes, we are actively working on making sure access is all set for the move this weekend. For the pool cars, I believe we are going to issue cards to stay with each vehicle. Can you get me a list of vehicles?

I am actually a part of the SEOC group that is working on the Flint Water issue so I have been hearing it all week from my peers that I better have things ready to go. ☺

Good Morning,

Please see the logistics for this week's upcoming move. I just wanted to make sure we are set from your perspective. A few added notes, this division has pool cars and I believe for now they will park pool cars in the gated lot, do I need to provide a list for the potential drivers ?

Also the SEOC is activated for the Flint Water Crisis, this Center will be staffed beginning Friday AM, they will not be able to access from inside until Tuesday morning. I am directing them to enter from the Governor's door (exterior door) will this card reader be activated as I assume that only a limited number of staff have access.

Just trying to be proactive so if you need anything else from me or you think of anything else, please let me know.

Ryan,

Looks like all staff badges are programed for the gated parking.

Can you do this or do I need to reach out to someone else. I think they will start moving the cars on Friday.

Thanks

Subject: RE: Floor Drawings, Matrices and Logistics/SEOC Move

It's my understanding that F/Lt. Boucher would like to have parking access added to all MSP access levels. This will allow staff to utilize the MSP pool vehicles and also allow Capitol Security to monitor who is utilizing the gated parking lot.

Thanks,
Elaine

Subject: Access to SEOC and EMHSD

Hi Ryan,

As we discussed, Cindy Homant is going to need access to the new SEOC. She currently works in Special Operations and will be moving out here in April anyway, but in the meantime, she is assisting EMHSD in the SEOC for the Flint Water Crisis, but also assisting EMHSD with planning the Great Lakes Homeland Security Conference & Expo. So I guess she is going to need access to the EMHSD admin wing as well.

Thanks.

That makes sense.

The message I have been heard from folks here is that there are:

- 4 EPA teams: 1 strike team (dealing with rashes) and 3 sequential sampling teams
- 1 GCHD team: responding to residences with 150 ppb water sample results and providing public health info and commodities
- 1 DEQ team: as Mark described in the note below

Brent,

As discussed, we are setting up a second warehouse in Flint and are in need of some supplies to get things going. They plan on going operational on Monday so the sooner we can get these items, the better. Here's what we need:

- (25) Pallet Boxes – Grainger #38W864
- (50) 20" Clear Stretch Wrap – Grainger #15A886
- (10) Box Cutters – Any Kind

Please let me know if we can get these and their timeframe for delivery and/or local pickup.

Ryan,

The first quote is for your requirements in their entirety. We could deliver these quoted requirements by Tuesday with no expedited freight (It would be expensive to schedule a pick up on a weekend).

The second quote is inventory that can be picked up from our Madison Heights and Flint branches first thing Monday morning (Shrink wrap is purple). Unfortunately, the pallet boxes are only warehoused in Minooka, IL. Please advise what plan of action the State would like to take.

Thanks,
Brent

Doug/Greg

I will not be able to get this info anytime soon. I am working at the State Emergency Operations Center in response to the Flint Water Issue. I'll do my best to get to it next week but cannot promise anytime sooner.

Thank you,

Ryan McKee

Importance: High

Hello Ryan,

My name is Doug Wood and I am working on an important project with Greg Mears. Greg asked me to reach out to you for help with this project as it involves your area.
DTMB is working with Microsoft to true up our Office 365 licenses. In order to do that they have provided us with a spreadsheet of accounts that have discrepancies.
A discrepancy such as the account has not been logged into for a long period of time. I'll be sending you the list for your area. If there is any way possible for you to review these and get them back to me by Monday morning would be greatly appreciated.

I can be reached at

Subject: Parking Reminder

Ryan,

Can you please remind the Federal staff parking in the Flint State parking ramp is limited to the spaces marked "Flint Water"? If they cannot find a marked space, they are to continue to the roof to park there. Under no circumstances are they to take spaces below the roof that are not marked for our use. We have paying customers that are being displaced and are getting frustrated. I am also reminding the state partners the same thing.

Appreciate the cooperation.

Jason is all set. It wasn't a project iPad, but it wasn't enrolled either. We had to remove a manually added profile in order to get the display lock option he was looking for.

Let me know if you'd like any additional details or if you need anything else.

Thanks!

I contacted the DTMB help desk re my inability to access the VA Tech study web site. The problem is on our end. Trying to remotely remedy the situation did not work, so a ticket has been submitted and I was asked to also submit the attached form, which requires the signature of a deputy director or higher. Since Sue Moran is not in the office, I'll need this kicked up the chain as appropriate for a signature. Thanks

Subject: Proposed Press Conference on Flint Drinking Water

Per the ongoing issues in Flint concerning their drinking water, I would offer the following recommendations. Let's discuss.

Recommendation

Press Conference in Flint – Wednesday, Thursday or Friday.

Participants

Mayor of Flint
Dan Wyant – Michigan Department of Environmental Quality
Nick Lyon – Department of Community Health
Susan Hedman – Region 5 Administrator or EPA
Harvey Hollins – Governor's office
Local Public Health Department

Announcement

Federal – State – Local action plan to address Flint Drinking Water

1. Governor Snyder names Dr. Eden Wells (DHHS Chief Medical Executive) as Flint drinking water Public Health Advisor.

2. All Flint schools water will immediately be tested to ensure that drinking water is safe.

3. Advisories will be disseminated recommending citizens flush your cold water pipes, use only water from the cold water tap for drinking, cooking and especially for making baby formula.

4. Implementation of fully optimized corrosion controls in the Flint drinking water system.

5. Expanded water testing of at risk properties.

6. Offer water testing at no cost to Flint residents to assure water is safe.

7. Convene a safe drinking water " Technical Review Advisory" to ensure best technology, practices and science is being utilized, including EPA's expertise and assistance from their Office of Research and Development.

8. Offer bottled water and premixed formula if test results indicate high levels of lead.

Dan Wyant, Director
Department of Environmental Quality

>
> 1) I need an analysis of the Virginia Tech/Hurley data and

their conclusions. I would like to make a strong statement with a demonstration of proof that the lead blood levels seen are not out of the ordinary and are attributable to seasonal fluctuations. Geralyn is working on this for me but she needs someone in public health who can work directly with her on immediate concerns/questions. Sue – Please get her a name immediately.

2) I need an understanding of what WIC will pay for and when. We are hearing that the USDA is indicating that premade formula can be provided. Internal WIC staff don't seem to be saying the same things. And there may also be a supply issue. Elizabeth is following up for me on this.
3) Elizabeth will also follow up with Terry Beuer to see what FNS will pay for on the food assistance side, or if there are other programs that may cover water or premade formula.
4) I think we did a good job getting the local public health department involved and I ask that we work in concert with him. The recommendation is that they be included in the press event this week.

We need immediate action on these. I have a follow up phone call early this afternoon. I also ask that any requests coming from the team be treated with great urgency. The expectation is that we will get on top of this and provide leadership on the issue.

Subject: Proposed Press Conference on Flint Drinking Water

Per the ongoing issues in Flint concerning their drinking water, I would offer the following recommendations. Let's discuss.

Recommendation

Press Conference in Flint – Wednesday, Thursday or Friday.

Participants

Mayor of Flint
Dan Wyant – Michigan Department of Environmental Quality
Nick Lyon – Department of Community Health
Susan Hedman – Region 5 Administrator or EPA
Harvey Hollins – Governor's office
Local Public Health Department

Announcement

Federal – State – Local action plan to address Flint Drinking Water

1. Governor Snyder names Dr. Eden Wells (DHHS Chief Medical Executive) as Flint drinking water Public Health Advisor.

2. All Flint schools water will immediately be tested to ensure that drinking water is safe.

3. Advisories will be disseminated recommending citizens flush your cold water pipes, use only water from the cold water tap for drinking, cooking and especially for making baby formula.

4. Implementation of fully optimized corrosion controls in the Flint drinking water system.

5. Expanded water testing of at risk properties.

6. Offer water testing at no cost to Flint residents to assure water is safe.

7. Convene a safe drinking water " Technical Review Advisory" to ensure best technology, practices and science is being utilized, including EPA's expertise and assistance from their Office of Research and Development.

8. Offer bottled water and premixed formula if test results indicate high levels of lead.

I contacted the DTMB help desk re my inability to access the VA Tech study web site. The problem is on our end. Trying to remotely remedy the situation did not work, so a ticket has been submitted and I was asked to also submit the attached form, which requires the signature of a deputy director or higher. Since Sue Moran is not in the office, I'll need this kicked up the chain as appropriate for a signature. Thanks

Sent: Thursday, January 14, 2016 5:28 PM
To: McPherson, Victoria (DTMB)
Subject: Volunteer Opportunity in Flint

The State Emergency Operations Center (SEOC) is coordinating a response to the ongoing health and safety issues in the city of Flint's drinking water. Teams from the Michigan State Police, Genesee County Sheriff's Department, Michigan Department of Health and Human Services, and volunteer organizations have been delivering bottled water, water filters, replacement cartridges and water testing kits at homes in the city of Flint since Tuesday.

To help with this critical work, the SEOC is looking for volunteers to expand this effort and continue this distribution during the upcoming holiday weekend. Teams are being assembled for shifts on Saturday, January 16; Sunday, January 17; and Monday, January 18, 2016. If you are interested in volunteering your time for this critical work, please complete the information in one of the attached surveys (depending on which day you are volunteering).

To volunteer on Saturday, January 16, https://www.surveymonkey.com/r/28NVJBL

To volunteer on Sunday, January 17, https://www.surveymonkey.com/r/26NMJKK

To volunteer on Monday, January 18, https://www.surveymonkey.com/r/26P7P5G

Volunteers will begin their assignment at the Local Emergency Operations Center located in the Genesee County Administration Building located at 1101 Beach St, Flint at 9 a.m. and end by 4 p.m. Parking is available at the corner of Beach Street and 8th Street. Lunch will be provided. This is strictly a volunteer effort, as all three days will be unpaid. Volunteers are responsible for their own transportation; mileage reimbursement for personal vehicles is not authorized. Volunteers should dress for working outdoors and wear foot attire appropriate for walking.

This opportunity is for state employees and their immediate family members 16 years of age or older only, others looking to assist should volunteer through the American Red Cross in Flint. The volunteer coordination center for the Red Cross is located at 1401 S. Grand Traverse, Flint, MI. They are open from 9 a.m. to 7 p.m.

For more information on the state's response efforts, visit www.michigan.gov/flintwater.

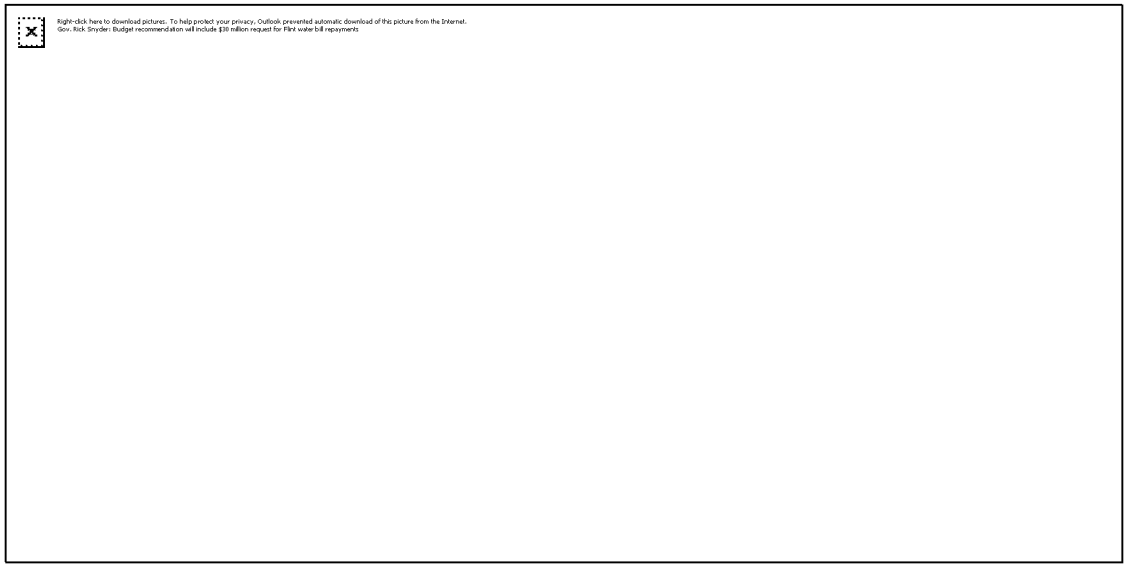
Subject: "Flint residents should not have to pay for water they cannot drink"

Budget recommendation will include $30 million request for Flint water bill repayments



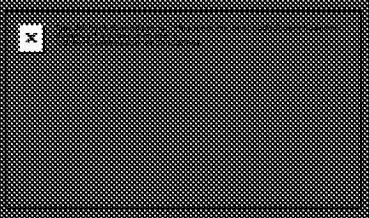
When Governor Rick Snyder presents his budget recommendation next Wednesday, Feb. 10, he will include a $30 million request for the residents of Flint to keep their water service on and eliminate the need to pay for water they cannot completely trust to drink.

Under the governor's ask, the funding would enable the city of Flint to apply credits for customers on future bills. Estimates show water is roughly 47 percent of billing and sewer costs are around 53 percent. The credit would be applied to consumption usage (roughly 65 percent) of a resident's water portion of the bill, such as for bathing, drinking, cooking,

and washing your hands. Residents still would be responsible for paying the sewer portion of their water bills.

Professor Marc Edwards of Virginia Tech said, "This essentially refunds all the money associated with consumption or consumer use. I think it's an amazing gesture of common sense and good will and it corrects an injustice. I don't think there's a precedent for this. I feel so encouraged by the direction this is going."

Click here to learn more about the budget request.



We spoke with Staff Sgt. Thomas Vega about the critical resources they're providing to Flint families every day. He also encouraged residents to pick up and return their water testing kits to Flint fire stations. Test results will be posted online at www.mi.gov/flintwater. **Click here to watch the video.**

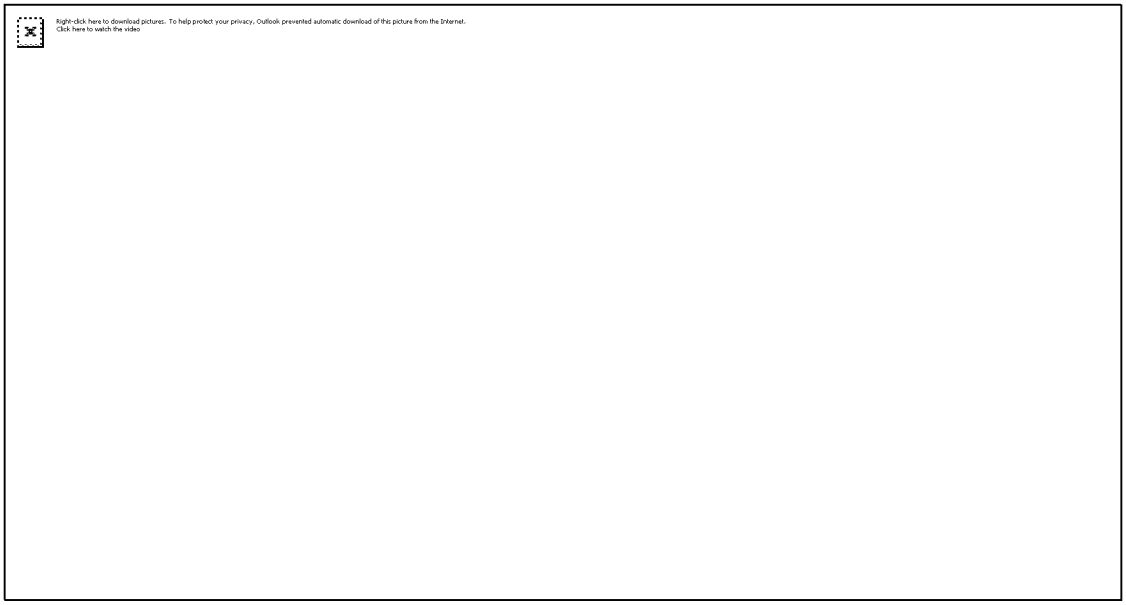
VIDEO: How volunteers are helping Flint



Volunteers at the Food Bank of Eastern Michigan are working hard to collect donations in order to help the families of Flint. Last Thursday, Governor Snyder visited with the many dedicated volunteers and helped sort cans of food.

Good nutrition is critically important for Flint's children. Foods that are high in calcium, vitamin C, and iron can help limit the effects of lead exposure. To donate or volunteer at the Food Bank of Eastern Michigan, visit www.fbem.org.

Click here to watch the video and learn more about how the Food Bank of Eastern Michigan is helping Flint's families.
